

Screen-Based Production Grant (SPG) Program Qualified Production Facilities List

Tier One

A Tier One Qualified Production Facility or Studio is defined as a purpose built facility whose primary revenue is drawn from the rental of purpose built sound stage facilities or sets for screen-based production activities. **Two points** will be awarded if at least 10 shoot days take place at any of the qualified facilities.

Tier Two

A Tier Two Qualified Production Facility is defined as a retro-fit or altered space used by productions, but not purpose built for production and whose primary revenue source is drawn from activities other than those related to screen based production. **One point** will be awarded if at least 10 shoot days take place at any of the qualified Tier Two facilities.

Tier One Qualified Production Facilities (two points)	Tier Two Qualified Production Facilities (one point)
<ul style="list-style-type: none"> • Calgary Film Center • Film Alberta Studio • Pyramid Studio 	<ul style="list-style-type: none"> • Albertina Farms Town Set • Atlas Coal Mine • Bow River Ranch Town Set • CL Ranch Town Set • Dinosaur Valley Studio • Fort Edmonton Park • Heritage Park • JR Film Studio • John Scott Ranch Town Set • Mason Ranch Town Set • North of 60 Set Town Set • Wineglass Ranch Town Set

Should a production intend to use a facility that meets the definitions as provided above but is not listed in either of the above categories, they are encouraged to contact the AMF to obtain an advanced ruling on the eligibility of the intended facility to be included as either a Tier One or Tier Two facility for the purpose of the Screen Based Production Grant.

This list will be updated as required so please check back for any updates to the Qualified Production Facilities List.
