Continuous Intake

High school credit upgrading courses are offered on a full- or part-time basis to prepare students for college, university or the world of work. Students will receive credit for the courses on their Alberta High School Transcripts which will count towards their Alberta High School Diploma. The majority of students attend to fulfill requirements or take prerequisites for admittance to post-secondary institutions. A proportion of students are co-registered in post-secondary institutions while attending this program.

Classroom or self-directed study is available. Adult students who are 20 years old and older may be eligible for financial assistance to attend school part-time. Provincial Diploma Exam preparation classes are offered twice a year. Course planning is offered at no cost. Tutoring and other out-of-classroom support is also available.

Information on course offerings, fees and registration deadlines are available on the website, in the High School Credit course guides on newsstands or by phoning the office.

This is a University/College entrance preparation program (UCEP) for students of Aboriginal ancestry. Housed within the Iniskim Centre, the Aboriginal Education Program (AEP) supports students as they transition from non-credit to credit courses. Currently, three levels of study are offered that are designed for students who require advanced upgrading with a concentration in English and math. In addition, the core courses are supplemented with credit-level arts and science courses, as well as University preparation and Native culture courses. The inclusion of Aboriginal cultural content and
Some learners may qualify for funding.

Support services are integral to the AEP. All levels are supported by tutorial services, academic and personal advising, social events and visits from community members.

Admission Criteria:
- Aboriginal ancestry
- Be 18 years of age or have a high school diploma
- Attend an information session
- Write placement tests in English and math. Students assessed at a minimum Grade 10 math and Grade 11 level of English will be accepted.

Enrolment in the program is limited, and final admission is based on the above criteria, as well as available seats.

Select academic upgrading courses are offered at the 10-12 level in the following subjects: Math, English, Biology, Chemistry, Physics, Science and Social Studies. These courses can be used for admission purposes to MRU and other Alberta colleges and universities; however, they are not eligible for Alberta Ministry of Education graduation, credit or transcript purposes. If a student wishes to challenge the Alberta Ministry of Education Diploma examinations to receive credit toward an Alberta High School Diploma, they should contact Information Services, Alberta Education Toll-free at 310-000 + 780-427-5732 or www.education.gov.ab.ca/

Academic Upgrading courses may be taken alone or in conjunction with university level courses depending on how the student is admitted to MRU. If students are planning to continue their studies at a post-secondary level but require additional high school courses, wish to improve their grades, or have been out of school for a substantial period of time, academic upgrading may be the route for them.

Students must meet MRU’s English Language Proficiency Requirement to be eligible for admission. Check the website for course offerings, fees and deadlines.

This program is open to anyone experiencing homelessness or barriers to employment, are motivated to find sustainable employment, and are willing to work with an Employment Coach. Potential clients may also have a referral from their current case worker, if applicable.

The program is Client-driven and helps find competitive entry-level employment in Calgary and area. The focus is on long-term sustainable work in areas that Clients specify, and the program can provide either intensive or non-intensive follow-along support for up to one year.

Each potential Client must complete an application and undergo an intake process. Once accepted, the Client is paired with an Employment Coach who performs a thorough assessment to determine their needs, relevant skills, and experience. From there, Clients then can set their own pace for the job search, as well as determine with their Coach if relevant trainings opportunities are needed. There are possibilities for financial assistance based on a scholarship application. In addition, there are opportunities for Clients to access Employer Contacts from the program.

Once the Client secures a job, the coach is available for follow-along support and to be a liaison for the employer and employee. After three months of sustainable employment, the Client will graduate. Volunteers are also available to help with resumes, cover letters, interview preparations, and basic life skills that are connected to employment.

Services Provided:
• Job coaching/support
• Job search assistance
• Interview skills training
• Job skills training assistance
• Life skills training
• Clothing for interview
• Resume writing support
• Soft skills training
• Scholarship Opportunities

Courses offered daytime, evening and online.

SAIT offers high school equivalent upgrading courses in English, mathematics and the sciences at the prep and grade 10-12 levels. Students can complete courses as full- or part-time learners for admission into SAIT programs as well as to satisfy the admission purposes of other Alberta post-secondary institutions.

Upgrading courses provide students with a flexible approach for their transition into post-secondary studies. Student Liaisons will help students develop an upgrading program plan that works with their schedule and helps them reach their post-secondary program admission goals.

Upgrading assists students to become accustomed to the SAIT environment and culture and develop successful strategies for learning. All students have access to the services of the Lamb Learner Success Centre, which includes resources such as tutoring support, academic coaching, testing services and student success seminars.

Some learners may qualify for funding.

SAIT offers a full-time, 12-month upgrading program that supports the transition of Indigenous learners into SAIT or other post-secondary schools. The program begins at the Grade 9 level and ends with completion of Grade 11 and 12 courses in English, Mathematics and Science. Tuition for this program is fully covered by the provincial government.

A key part of this program is the inclusion of an Indigenous Student Advisor and cultural activities to support learners’ personal, social and academic success during their studies. Students will also engage in an applied project with an Indigenous community.

Learners must be 18+, unemployed or working less than 20 hours per week, and be able to commit to 20 hours of class time per week to be eligible for admission and funding for this program. Support will be provided to help candidates apply to this program. Successful applicants will also receive support in applying for funding.

Lack of social capital is one of the greatest barriers that newcomers face on the path to employment and integration. The majority of immigrants and refugees lack the community ties and professional contacts that will help them gain the Canadian work experience, cross-cultural understanding and communication skills which would allow them to access the local labour market.

The Networking for Success Program assists 3 distinct client groups: newcomer professionals, newcomer youth and newcomer entrepreneurs. The unique design of the program provides newcomers with the opportunity to build social capital through networking opportunities. These opportunities prepare newcomers for employment and business ownership in Canada, and assist them in building vital connections with employers, mentors and business owners representing a diverse range of local industries.

Specific objectives are to:
- Assist highly-skilled immigrants with building a professional network
- Assist immigrant and refugee youth with connecting to the community through networking
- Connect immigrant entrepreneurs to the Calgary business community and provide them with vital business information
- Provide all clients with coaching services, including: communication skills, workplace knowledge, self-promotion and marketing skills to ensure a successful transition into a Canadian work environment
- Provide employers with an opportunity to meet skilled immigrants
- Provide local business with access to a diverse workforce

Are you between 15 and 30 years of age? Are you looking for a job? The Empowering Youth through Employment (EYE) Program offers minimum wage benefit support for 24 weeks, while you learn skills that will make you stand out to potential employers.

There are three parts of the EYE Program:

Group-based employability skills training will teach you how to find and keep a job. You will also have the opportunity to meet different employers, who will provide presentations related to employment, hiring, and workplace culture. Class is 30 hours per week for 12 weeks.

Gain Canadian work experience through job placement at a local non-profit organization, private business or school. You will work part-time (30 hours per week) for 12 weeks. Career counselling offers resources to help you with your finances, education, and employment.

Are you a new immigrant or refugee? Do you have experience or interest in gardening/agriculture? Join our new FARM program! We offer this program FREE of charge to new immigrants and refugees. Only 13 seats are available.

The FARM program has two parts:

- 8 weeks of in-class training, where you will learn skills to help you find a job in the agricultural industry. The FARM program offers English language training and practical hands-on lessons related to the industry, such as equipment handling, health and safety procedures, and production processes. You will also have the opportunity to go on field trips and listen to guest speakers.

- A paid practicum at one of our host companies, where you will gain work experience and make connections with employers. The practicum will be about 45 hours over 2-3 weeks. You must complete the in-class training to be eligible for the practicum.

The Mustard Seed Employment Program provides support to those currently experiencing poverty, homelessness, and/or any barriers to employment. It is a client-driven program that helps the client find competitive employment in Calgary and area. Our goal is to help client’s find and maintain sustainable employment. The employment program consists of three streams, depending on the client’s needs/barriers.

- Stream 1 – Seed Academy ‘kick starts’ your job search. It is a group leaning, one-week program held from 9am – 1pm where attendants learn about job preparation, resume writing, online job searching, and interview preparation.
• Stream 2 – Employment Coaching provides ongoing one-on-one support. A coach helps with job preparation, searching, and follow up, budget creation and individualized action plans for up to one year.
• Stream 3 – Fast Track provides targeted and quick employment assistance. It is designed for clients who are a step away from securing employment by providing them with the necessary work clothing, safety tickets, resume creation or other relevant employment assistance.

Volunteers are also available to help with resumes, cover letters, interview preparations, and basic life skills that are connected to employment in our Employment Centre located downtown.

If interested in any of our programs, please come to our weekly Information Session – every Thursday at 1:00pm.

The service is responsible for monitoring progress, confirming the successful completion of programs and the transition of individuals to work, or to further learning opportunities that demonstrate substantial progress toward the completion of their career plans.

Case management includes:
• Reviewing how well Clients needs are being met by the training institution
• Reviewing Client commencement, attendance and progress towards completion of programs and career plans
• Facilitating the resolution of issues, and making adjustments as required
• Referrals to other community services or resources to address barrier to training and employment
• Follow-up to confirm completion of Client action plan and transition to work or further study, and
• Appropriate file closure

**Exposure Course Cheque Processing**
Provides job-ready individuals access to funding for Exposure Courses in job specific certifications required to obtain employment in a specific field. HS staff complete individual assessments and a referral form is provided to present to the assigned staff. Staff generate a cheque in the name of the Exposure Course training provider to give to the individual.

Exposure courses are open to all Albertans who must:
• Be job ready except for certain job specific credentials
• Require certification in specific mandatory job skills
• There must be a strong likelihood of employment within one month.

Transitions to Communities is a 7 week vocational training program for individuals who either self-identify or live with a mental health issue, for veterans of the Canadian Armed Forces, former RCMP, and First Responders who are not EI eligible. This program provides mental health knowledge, self-awareness, coping strategies, employment and skills development and enhancement. The program has been developed by Mood Disorders Society of Canada (MDSC), in collaboration with Veterans Affairs Canada (VAC) and Employment and Social Development Canada (ESDC). Transitions to Communities aims to provide the direct supports needed to address the participants emotional and physical challenges, with a focus on employability skills, mental well-being and peer support. Participants will develop specific skills and abilities to help them find and keep employment as well as live satisfying, hopeful and meaningful lives.
This 12 week program is a Job Placement Service that assists unemployed Albertans residing in Calgary to enter/re-enter the workforce as quickly as possible. The service will help clients develop the job search skills needed for effective labour market transitions. The continuous intake model ensures just-in-time service and individualized coaching and support as the Client progresses through active service towards employment.

Services support Clients through group-based workshops, individualized coaching and on-going support to increase job search, acquisition and retention skills to enter the workforce as quickly as possible. Computer work stations, printers, scanners, fax machines and Wi-Fi access are provided to participants. Further, we will offer Employer Spotlights, Client Spotlights, and Employer Roundtables.

Clients are given an individualized schedule of agreed-upon services, which will include one on one appointments, workshops, and referrals to employers and other community-based services as outlined in their service plan.

Basic eligibility requirements are:

- unemployed or marginally employed
- an Alberta resident
- legally entitled to work and train in Canada
- have a stable personal situation
- adequate childcare
- a desire to find employment as soon possible
- a realistic job goal; and sufficient language skills to work in desired employment position

We serve all Albertans in helping them understand their employment-related rights. We work with clients to help them access employment-related rights, benefits and entitlements under federal and provincial legislation. Some areas with assist with include:

- filing complaints under the Alberta Employment Standards Code
- filing Human Rights complaints with the Alberta Human Rights Commision
- Helping clients access Employment Insurance, and help filing appeals
- Workers’ Compensation Board claims, complaints, appeals
- Assist clients in filing applications for Canada Pension Plan – Disability benefits, and short and long term disability plans

Staff also assist by attending hearings or panels with Clients and by advocating on their behalf with various government institutions and employers. Workshops are offered to community organizations and groups on various employment rights and benefits at no cost to participants through our public legal education program. Note that job search assistance or résumé preparation services are not provided.

Ph: 403-536-8814  
Email: b.mino@centrefornewcomers.ca

This training is conducted year round. This is a 6-session per intake skills training run either on week days or weekends. The topics are designed to increase the participants’ communication and problem-solving skills, in the process, accords them the opportunity to meet new friends and break social isolation. The training follows the problem-solving model that states learners’ progress through seven steps:

- recognizing a problem situation;
- defining the problem;
- generating possible solutions;
- predicting results;
- choosing an appropriate solution they can take responsibility for;
- implementing the solution; and
- evaluating the results for future consideration.

Emotional Wellness and Employment Readiness
This program provides employment readiness to women who have barriers around employment stability. Women learn skills that support them in personal stability and workplace relationships. This program is an Indigenous program that utilizes culture and spirituality as a foundation. The program utilizes interactive and experiential methods to engage learners, as well as art, photography and writing as primary sources for expressing self. Women prepare an employment plan that supports their next steps towards employment, education or training.

Indigenous Cultural Resources

Indigenous Cultural Programming and Supports
Women have access to cultural programming that includes language, cultural teachings and activities, access to ceremony, Elders and Knowledge Keepers. Intergenerational trauma affects many Indigenous women who have not had the opportunity to participate actively within their culture. By having access to culture, ceremony and teachings provides women with the ability to regain identity and personal stability. EFry provides a variety of entry points within the culture both institutionally and in the community to women and marginalized populations on their pathway to healing.

Cost: All programs are no cost to participants.

This program includes four program models including Literacy and Parenting Skills (LAPS). FESA collaborates with over 35 community partners to reduce costs and locate sessions at no cost to participants at sites such as family resource centers, women’s shelters, immigrant-serving organizations and Aboriginal agencies. Programs build on existing strengths, are culturally sensitive and cross-cultural.

Specialties include programs and training and build learning in Essential Skills, literacy and parenting, the effects of domestic violence on learning, and workplace topics. Adapted curricula, programs and training of special interest to Aboriginal people and New Canadians are also offered.

Developed in Calgary, this innovative family literacy program is designed for use with low-literate learners who face multiple barriers, such as poverty, isolation and lack of education. It uses low-level literacy materials which incorporate and adapt parenting topics to strengthen the literacy of the parents and to provide them with strategies to model good literacy practices with their children.

| Active Care, sees clients embarking on the first steps of their recovery journey in our 12 week Addiction Recovery Program. Highly structured classes and routines are implemented and regular, compulsory, one on one counselling sessions occur twice per week during the first four weeks of residency in the program. This elevated structure prepares clients for the subsequent recovery phases and instils healthy routines and accountability. While in Phase One clients are required to attend:  
- Five outside 12 Step meetings (AA/CA/NA)  
- Weekly Alumni speaker meetings  
- Monthly graduation meeting  
- Monthly Al-Anon meeting  
- Daily morning meditation  
- Daily house meeting |

<td>Transitional Care sees clients who have successfully graduated from the 12 week program, choose to continue on to supported transitional housing. Transferred from the main facility, clients remain housed on our main campus in one of two transitional housing units. This supported transition phase will last as long as is needed and productive for the client, on a case by case basis. During this time clients are back in the work force, attending weekly individual counselling sessions and are engaging regularly with a home group, speaker meetings and Alumni meetings.</td>

Each program works step-by-step, helping women to help themselves and support their families.

Family Resource Centres
(FRCs) Six part-time Family Resource Centres (FRCs) are located in subsidized housing
complexes where women gain access to resources in their local community by providing:
• education and training in a wide variety of life and family skills, such as parenting,
literacy, ESL and basic computer skills. Helping women to build these skills is a key
step in moving toward self-sufficiency.
• referrals to WINS “Free Goods Referral Program” as well as other community
agencies and resources.

Free Goods Referral Women coming out of crisis situations and women in transition gain access to basic
needs items such as clothing, household goods and furniture. They are referred to this
service through over 60 community agencies. After consultation, Clients are provided
with a voucher that entitles them to purchase these goods from any one of the four WINS
Thrift Stores.

Mon-Thu
8:00 am – 2:00 pm

Transition to Academic English (TAE) is the first of three courses which introduces learners to the academic expectations at Canadian post-secondary institutions. Learning tasks teach competencies required for success in college preparatory classrooms.

In Academic English 1 (AE1) Language skills are developed while exploring relevant issues, themes and projects. Learning tasks teach competencies required for success in college classrooms and the workplace. Examples include computer skills, reading and paraphrasing authentic text, note-taking, essay writing and giving presentations. Applicants must achieve acceptable scores on the admission test, have a high school education and Canadian Language Benchmarks of 6,7,7,7 or higher.

Academic English 2 (AE2) focuses on developing skills needed for success in college academic programs. These skills are refined while exploring a series of thought-provoking themes and completing in-depth reports, research projects and presentations. Applicants must achieve acceptable scores on the admission test, have a high school education and Canadian Language Benchmarks of 7,8,8,8 or higher.

This program provides a quality instructional program to reinforce literacy-level learning amongst CIES clients through a one-on-one tutorial context. Taught by qualified volunteer instructors, students are entered into the Reading Room to receive additional guidance with their reading and comprehension skills because of a limited functional level of literacy for a variety of reasons such as having had little education or interrupted education in their countries of origin, possess a learning disability, or have experienced trauma affecting their ability to learn. Some of these learners possess severe limitations in their educational and reading-related skills and are distributed through LINC classes from Literacy levels 1 to 4. Over 150 adult language learners registered for Language Instruction for Newcomers to Canada (LINC) classes at the Calgary Immigrant Educational Society (CIES) require literacy level support – they are primarily refugees and other newly arrived immigrants. They and similarly-profiled clients from other service providers who do not offer one-on-one tutoring constitute the primary target audience for this proposed program. This program is meant for students who are currently attending LINC classes.

Accent Reduction for Workplace (ARW) Program
Contact: Anna Jankowska
Ph: 403-283-1111
Email: school@equilibrium.ab.ca
Intake: Monthly

This program is designated for professionals seeking work in Canada for whom English is a second language. It is recommended for students with a minimum of CLB level 7 in all categories, as well as a post-secondary education in their country of origin. The program is geared towards workplace specific vocabulary and allows students to work on the target pronunciation. Students are expected to greatly reduce the foreign accent from their spoken English that otherwise makes it very difficult for them to find employment in Canada.

The goal is to help students communicate effectively, verbally, in English in common everyday situations as well as improve their knowledge of workplace specific vocabulary for their chosen field of employment. Students are taught how to use different language tools to effectively pronounce any new words. The program equips students with knowledge on how to continue accent reduction by self-study after completion of the course.

This program provides students with personal attention that addresses the uniqueness of every student’s accent. It is also addresses every student’s unique accent by in-depth diagnostic testing that is conducted by a teacher. This allows us to get straight to the accent difficulty specific to each and every student enrolled in the program.

Basic Literacy for ESL Clients
Contact: Anna Jankowska
Ph: 403-283-1111
Email: school@equilibrium.ab.ca
Intake: Monthly

This program is designed for individuals that are seeking work in Canada for whom English is a second language and who are lacking basic literacy skills. It is recommended for students with pre CLB levels or/and CLB 1 to 2 in all categories and is designed to address all four aspects of the English language. It also targets students with a significant discrepancy between listening and speaking benchmarks (2 and above) and reading and writing (Pre-Benchmark).

Listening and Speaking includes developing:
• listening comprehension to demonstrate comprehension of specific information in simple directions and instructions; demonstrate understanding of clear, simple English regarding familiar topics in simplified, interactive situations
• fluency in speaking to allow students to participate in simple activities regarding familiar topics and be able to use simple conversational expressions and non-verbal cues in simple conversations
• accuracy in speaking by using correct grammatical structures appropriate for the level as well as the use a few pronunciation and intonation patterns to communicate accurately

Reading:
• Teaching for meaning by exposing students to different types of texts
• Teaching comprehension strategies to understand simple text
• Developing vocabulary by teaching simple patterns of word structure to determine meaning of unfamiliar words as well as how to use resources to build vocabulary
• Developing research skills to locate key information in simple texts and find, record, and organize key information

Writing:
• Teaching proper formation of the letters and numbers in Roman Alphabet
• Teaching writing:
  • For different purposes
  • How to organize ideas
  • Developing Accuracy
  • How to use the writing process

Assessment (CLBA)
This assessment is offered for applicants applying for study in a SAIT program. It is a proficiency-based assessment that measures performance in listening/speaking, reading and writing. Applicants receive a score profile documenting their performance on the CLBA. A minimum of six months is required between CLBA assessments.

English Language Foundations Program (ELF)
- If students plan to take a SAIT certificate, diploma or applied degree program, this program will prepare them for a successful transition.
- It is a five-level (10 courses), credit-based academic English preparation program.
- It is a fast-track program with each level being eight weeks in length.
- It is a competency-based program where students are required to demonstrate their skills in order to advance.
- Completion of level 5 satisfies SAIT’s proficiency requirement where students can go directly into a career program at SAIT.
- It uses the CLBA/CLBPT to determine the level of entry into the program. A CLBA/PT score of six months or less is acceptable (teacher assessed scores are not accepted).
- The level for listening/speaking and reading/writing may be different. One level of difference is allowed between skill areas.
- Each level includes a SPCH (listening/speaking) and a COMM (reading/writing course). Skills are incorporated to prepare intermediate level students to participate in mainstream work and study environments.
- It welcomes both immigrant and international students.
- Alberta Works funding available. Contact funding office for information at 403-284-7054. Funding is available through the Foundational Learning Program by Alberta Works. Contact funding office at 403-284-7054 or funding@sait.ca

This program is for Internationally Educated Professionals who are looking to start their careers in Calgary. It is a full-time program that provides learners with job search skills and the business and intercultural communication skills they will need to be successful in a Canadian work environment. The program is comprised of 8 weeks of full time blended (face-to-face and on-line) training and 8 weeks of unpaid work placement to gain Canadian experience.

Program content areas include:
- Bridging into the Canadian Workplace: labour market research skills, goal setting, career coaching
- Job Search Tools: targeted competitive resumes, cover letters and interview skills, personal branding, and business cards
- Social Media: Leveraging LinkedIn to your benefit, awareness of appropriate use of social media
- Workplace Essential Skills; Assessing and elevating skill levels
- Business communication skills: Intercultural Communicative competencies, networking, delivering presentations, writing professionally.
- Work Experience Placement: To gain practical experience relevant to the participant’s education, skills and career development needs. Work experience placements in Calgary companies are outside the control of the college, and the decision to host a student is made by the host company. Therefore, a work placement cannot be guaranteed by the program.
CRTP works with professionals from many occupations including; Engineers, IT Professionals, Accountants, Office Administrators, Technicians, Human Resource Officers, Drafters and many others.

Note: doctors, nurses, pharmacists, teachers, dentists, and lawyers have specific colleges or certification boards therefore, CRTP is unable to provide a work experience placement for those occupations. Professionals in these occupations will be referred to Directions for Immigrants.

The program follows the college trimester schedule. There are 2 courses for learners to complete in this program and they must be completed in the same trimester. In the first 8 weeks, classes run Monday to Friday from 8:30 am-2:00 pm. The 8 week work experience placement follows the host company schedule, but generally runs Monday to Friday 8:00 am-4:00 pm.

Learners are able to attend all networking and information events sponsored by the School of Global Access at Bow Valley College, participate in the BVC/CRIEC mentorship program and join the active CRTP Alumni Group.

Eligible Clients must have a minimum CLB of 6 or higher in all strands, be a permanent resident/Canadian citizen, have completed post-secondary in their country of origin, and know which occupational field they wish to pursue. This program is considered an exit program, so learners must be motivated to enter the workforce at the completion of the training. Applications for each intake are accepted 4 months before the intake start date.

Additional programs have been built to facilitate the ongoing learning and career success for the participants:

**Mentorship for Immigrant Professionals:** Funded by Citizenship and Immigration Canada (CIC), this program connects learners/Clients with working professionals in a mentoring partnership. Contact Jolene Martinez at jmartinez@bowvalleycollege.ca or 403-410-3211.
Some learners may qualify for funding.

Internationally-trained pharmacists are assisted to acquire a license to practice pharmacy in Alberta. Students are provided with an enhanced learning opportunity, integrating four distinct curriculum areas throughout the duration of study. Upon successful completion of examinations requisite for licensure, graduates are fully prepared to launch active, successful and rewarding careers within the Alberta pharmacy workforce.

Eligibility: Any internationally-trained Pharmacist who has the following credentials is eligible to apply:

- Permanent resident (landed immigrant status)
- Pharmacy degree from a university recognized by the Pharmacy Examining Board of Canada (PEBC)
- Successfully completed the PEBC Evaluating Examination
- An Alberta College of Pharmacists approved language proficiency test
- Intern registration with the Alberta College of Pharmacists

The program runs for 41 weeks. Students participate in seminars, workshops and clinical role play scenarios that develop and hone their professional knowledge and patient counselling skills. In addition, students gain valuable work place experience while engaged in approximately 500 hours of the Alberta College of Pharmacists’ structured practical training.

Curriculum modules are competency based, aligning with the competencies for Pharmacists at entry to practice by the National Association of Pharmacy Regulatory Authorities (NAPRA) and the Association of Faculties of Pharmacy Canada (AFPC). Successful students are prepared to challenge the Pharmacy Examining Board of Canada’s Qualification Examination Part II (OSCE).

Cost: $14,100.

Email: bcnnursing@mtroyal.ca
This full-time program is designed for nurses who are educated and registered in
foreign countries. It introduces Internationally Educated Nurses (IEN) to nursing
practice in Canada and combines professional communication skills for nurses,
professional terminology, clinical judgment skills and an understanding of human
responses in health and illness. It helps IEN identify differences between their
previous nursing experience and Canadian practices, and then offers a "bridge" course of studies that will help them gain the knowledge and skills expected of
graduate nurses in Canada. Courses are based on national entry competencies
which are defined by the Canadian Registered Nurse Examination. They are also
based on standards and competencies set by the College and Association of
Registered Nurses of Alberta.
This program is for professionally and instructionally skilled newcomers, who can contribute to the development of the Canadian workforce by sharing their skills and knowledge in the post-secondary education system. It is designed to help highly skilled newcomers with backgrounds in post-secondary instruction to enhance their language skills in order to communicate effectively within the Canadian post-secondary system, and to gain the confidence necessary for presentation of self and technical concepts in front of a diverse group of learners. The program concentrates on professional language, cultural fit, practicum placement, workplace readiness training and coaching, labor-market analyses, and employment.

Entrance Requirements

- Instructionally experienced, professionally skilled immigrants with a minimum Masters level graduates
- Demonstrate a CLB Level 7 in all skills
- A willingness, desire and capacity to pursue an instructional career
- Appropriate credentials/experience in the professional or technical field in which they will be teaching

The program is designed to provide supportive framework for foreign nationals in possession of work permits and post graduate open work permits and their dependents. The objective of the program is to foster self-reliance and adaptability while they live, study and work in Alberta, whether it is temporarily, or as they work towards becoming permanent residents. The program will work collaboratively with government agencies, employers, educational institutions, communities and other relevant stakeholders to establish best practices and strategies to create working environment that are culturally competent in order to facilitate the integration of the workers into their job and the society as a whole. By understanding the barriers foreign nationals face, CCIS will serve as a bridge in creating solutions that will benefit the employment partnership and create a long-term workforce strategy.

The Threat Pattern Recognition (TPR) Use of Force examines the patterns associated with an assault or a lethal assault and engineers a tactical solution based on science and motor performance. The TPR system embraces the realities of time, and engineers solutions that change tactical timelines. This system is an outcome of Pressure Point Control Tactics’ (PPCT’s), tactical, legal, and medical research, as well as PPCT’s Survival Reactions Time Research.

Upon successful completion of an authorized TPR/Use of Force course an individual will be eligible to write the mandatory exam. Columbia College will issue a certificate of completion upon passing the written exam with 80% or better and passing the pass-fail practical exam, after which an individual may add baton and use of force training to his/her license.

The Certificate is valid for 3 years.

The CNIB Career Support Program aims to change the employment landscape so that our society sees that those who are blind or partially sighted, while differently abled, are just as able to perform successfully in the world of work as their sighted peers.

The Career Support Program has identified 4 key areas as priorities. These are:

- **Skills Training:** To provide an assessment of skills and determine a path to educational/employment priorities for individual clients with vision loss so that they have the tools to successfully build their own path to employment opportunities.
- **Internship/Returnship Placements:** CNIB will reach out to employers to develop opportunities for people with sight loss to have paid, valued and relevant internship placements.
- **Employer Outreach/Education/Advocacy:** CNIB will reach out to employers, business groups and the general public to bust myths, change misconceptions and demonstrate how easily people with sight loss can be accommodated at work.
- **Employment Retention Assistance:** CNIB will offer employment retention assistance for employees and employers with sight loss to ensure that if any challenges arise, they can be addressed in a timely fashion to ensure that a positive, productive work relationship is maintained.

Intake takes place continually throughout the year. This program provides career support and employment services to clients who are blind or partially sighted in Alberta.

Services are offered to adults with developmental disabilities by assisting them in preparing for and securing employment through an exploration of their capabilities, education, interests, personality traits and strengths. On-the-job consultation and support are provided. Support is offered to those preparing for competitive work and career, assisting them to find volunteer or further education opportunities that will build skills.

When an individual is referred to PES through Persons With Disabilities (PDD) and begins support they will move through four phases: Discovery, Job Search, Job Support and Follow-up Support. Each participant works individually with an employment facilitator throughout the four phases.

**Employment Goals:**  
- Real, meaningful employment  
- That the person feels empowered in the position and can strive towards independence (which varies for each person)  
- Competitive wages  
- Each person feels that their role in the job as well as in society is valued

**Discovery (Career Exploration)**  
This phase involves looking at each individual’s specific skills and areas of interest which is then matched up with occupations that are suited to the individual’s personal characteristics.
Job Search
This phase puts together the information taken from Discovery and involves: resume building, interview preparation, setting up information interviews, formal interviews, job customization and negotiations for job placement with employers.

Job Support
Once a position has been negotiated, this phase provides continued support.

Follow-up Support
Length and intensity of support varies for each person depending on his or her level of independence at the job.

The Reading Foundation
This clinic provides intensive one-to-one remedial services for all ages (including adults and children) in basic reading/spelling, comprehension, written language and math. Students are first assessed for their needs, and an individual, very specialized program is then developed to improve their areas of weakness. Ideally, students attend each day for four hours, five days a week, for the number of weeks they require but may also attend on a part-time basis. The program provides a firm foundation for subsequent academic upgrading, both in terms of increased skills and improved confidence and self-esteem. It is designed, in particular, for students, including adults, with learning disabilities. This is a private clinic with fees for all services.

Provides financing and mentoring to young entrepreneurs, aged 18-39 years, who would like to start their own business or are in their first year of business. Up to $15,000 unsecured financing is provided based on character, not collateral, with flexible, low interest repayment rates amortized over five years. Loans are provided to young entrepreneurs who may not qualify for funding from conventional lending institutions.

Entrepreneurs are matched with an experienced mentor who works with them an average of four hours per week for two years. Mentors are hand-matched based on entrepreneur’s needs.

To help young entrepreneurs succeed, the program partnered with the Business Development Bank of Canada (BDC) to provide young entrepreneurs an exclusive offer. When they receive financing from Futurpreneur Canada, BDC can provide them with up to twice the initial amount for added financial support; that is, up to an additional $30,000 to get their business off the ground, for a possible total of $45,000 start-up financing. BDC does have specific qualifications for their matching program, which can be found at the website.

Eligibility:
• 18-39 years old
• Have a viable business plan
• Business is new or under a year old
• Business will be a fulltime career
• Eligible to work in Canada
• Agree to work with a mentor for two years

Daytimes for 26 weeks.

This 26-week daytime program is designed to assist people in creating a business plan, starting and operating their own small business. Classes are two evenings per week for 12 weeks. Upon completion of the business plan, each participant may qualify for a $10,000 business microloan. There is no cost for this program.

Participants learn everything required to start and operate a small business. Topics include business mission and vision, financial forecasting, industry research, marketing strategies, implementation and operations. Participants will write a business plan.

Business Operations Participants learn from subject matter experts how to plan for and conduct the day-to-day operational tasks involved in operating a business. Topics include bookkeeping/taxes, human resources, insurance, legal, licensing issues and social media.

Participants must be unemployed, Canadian citizens or permanent residents. Participants may be supported by an active EI Claim or Learner Income Support for all or part of the program, depending on household circumstances. This program is suitable for those that intend to start a business that will be their primary source of income.

Organizations who are looking to improve productivity, employee performance, retention, safety and Return on Investment (ROI) are helped through tailored essential skills training interventions. Workplace Essential Skills (WES) are the foundation skills that workers need to be able to learn new skills and adapt to an ever-changing workplace environment, especially with the rapid pace of new advancements in technology. Thorough WES needs assessments are conducted to recommend solutions suited for organizations in terms of time, cost, company culture and employee demographic. Using WES as the foundation, AWES interventions extend to needs assessments and training in plain language, intercultural awareness, English as a Second Language (ESL) and project management.

Paid full time employment is provided for at-risk youth who are 16, 17, or 18 years of age. They will learn new skills that can be applied to the workforce. Youth are empowered to be successful in their future by gaining necessary “living” and employability skills in order to succeed in life. The youth have the opportunity to work towards completing their high school education and have access to employment beyond Alberta Job Corps.

Highlights include:
- budgeting workshops
- career and education planning
- cooking course credits
- job placement
- job search and resume assistance
- job shadowing
- “living skills” workshops
- trades related training
- training in WHIMIS, TDG, First Aid/CPR, Forklift certification
- work experience credits towards high school
- “Y” program

Program duration is typically 2-3 months; however it is determined on an individual basis. Youth must be out of the traditional school system for four weeks or longer. Youth who are currently attending school on a part-time or online basis will also be considered for this program. Youth will earn work experience credits toward their high school diploma if they are registered with a recognized school. In addition, the youth will also have exposure to multiple occupations as well as the trades. Interested youth may be assisted in preparing for, and challenging, the Alberta Apprenticeship trades exam.

This Alberta Education initiative allows high school students interested in any of the trades who enjoy hands-on work, and with a “lifelong learner” personality, to begin their apprenticeship training in any of over 49 apprentice-able trades while still in high school.  
The program works with school RAP coordinators to match suitable student apprentices to available internships, making the link between student and
employer. RAP students earn a fair wage, high school credit and hours toward their chosen apprenticeship.

A 21 week program for unemployed youth ages 15-30 to help youth overcome barriers to employment and develop a broad range of skills and knowledge in order to participate in the current and future labour market.  

This program offers 9 weeks of classroom exploration of personal development skills to gain knowledge and focus on who they are and where they would like to focus their careers. The program facilitates learning employability skills and building on personal development knowledge. These skills are taught through a variety of modules, presentations, hands on work, team building exercises, and much more. With the new knowledge, the program then focuses on career awareness which includes exploration and planning.  

After the 9 weeks of in class exploration, the participants transition into a paid work placement for an additional 12 weeks with the focus on full time, sustainable employment.
