
LOAN PERIODS FOR RESOURCES AND SPECIALIZED EQUIPMENT

Alberta schools may borrow library resources and equipment from SSVI for use by students with visual impairments under one of three loan periods:

- The entire school year
- A 1-month loan period
- A 3-month loan period

The type of item that is loaned to schools determines the loan period.

1. Items loaned for the entire school year:
 - Equipment
 - Textbooks
2. Items subject to recall after a 1-month loan period:
 - Kits (except those that fall under point 3)
 - Literacy and Leisure reading (titles used for novel studies may fall into this category)
3. Items subject to recall after a 3-month loan period:
 - Light box materials
 - Braille literacy programs
 - Classroom calendar kit

Items that fall under points 2 and 3 may be kept by the school and returned at the end of the school year, unless a Recall Notice is initiated by SSVI. Recall Notices are initiated when students are placed on wait lists.
