Grade 9 English Language Arts Provincial Achievement Test

General description

The Grade 9 English Language Arts Provincial Achievement Test consists of two parts—Part A: Writing and Part B: Reading (each worth 50% of the test total).

Part A: Writing

Part A: Writing consists of two writing assignments—one narrative or essay and one functional—developed to be completed in two hours; however, students may have up to four hours to complete the test should they need it. For the first 10 minutes, students may discuss both assignments with classmates, in groups of two to four, or may think alone about the writing prompts. The prompts are provided to stimulate and direct students' writing. Students will engage in this discussion without teacher participation. During this discussion time, students may record their ideas on the Planning pages provided in the test booklet. The allotted test time, which includes the 10 minutes of discussion time, provides students with time for planning and drafting both the narrative or essay and functional writing assignments.

Those students for whom a dictionary or a thesaurus is a familiar reference tool are encouraged, but not required, to use a dictionary or a thesaurus during the editing phase of their writing. However, excessive use of a dictionary or a thesaurus throughout the test may interfere with a student's ability to complete the writing.

Students may use print versions of commercially published dictionaries and thesauri, including bilingual dictionaries, when completing Part A: Writing only.

Students may do their writing using a computer. For information about using word-processing technology to complete the written component of the provincial achievement test, see the General Information Bulletin.

Part B: Reading

Part B: Reading (multiple choice) is developed to be completed in 75 minutes; however, students have up to 150 minutes to complete the test should they need it. The test consists of 55 multiple-choice questions based on 10 reading selections from fiction, nonfiction, drama, poetry, and cartoons. Part B: Reading has two booklets—a Readings Booklet containing reading passages and a Questions Booklet containing corresponding questions. Students record their answers to all multiple-choice questions on a tear-out, machine-scorable answer sheet.

Students may not use a dictionary, a thesaurus, or other reference materials when completing Part B: Reading.

If a word that warrants definition is used on the test, it will be defined on the page in the Readings Booklet on which it appears.
Grade 9 English Language Arts provincial assessment standards

The following statements describe what is expected of Grade 9 students at the acceptable standard and the standard of excellence, based on outcomes in the English Language Arts K–9 Program of Studies. These statements represent examples of the standards against which student achievement is measured. It is important to remember that one test cannot measure all of the outcomes in the program of studies.

Part A: Writing

Assignment I of Part A: Writing requires students to write a narrative or an essay in response to the topic identified in the assignment. Additional prompt materials are provided that students may refer to if they wish. The ability of students to present and develop ideas coherently and clearly is being tested. Assignment I includes a page labelled Planning as well as lined pages for student writing.

NEW Assignment II of Part A: Writing requires students to write a business email to a specific audience and to fulfill a specified purpose within a given context. As in the Narrative / Essay Writing assignment, the student’s ability to adjust content, order, tone, and diction to the situation is being tested. Assignment II includes a page labelled Planning as well as lined pages for student writing.

For both assignments of Part A: Writing, students are asked to produce only one copy of their work and make revisions and corrections directly on this copy. Students benefit most from spending their time composing and revising their work rather than from perfecting a “good copy.”

Important reminders

Students whose writing is unclearly related to the topic or prompts for Assignment I: Narrative / Essay Writing will be scored accordingly under Content. The bullet regarding “exploration of the topic” in the Content scoring category should be applied in accordance with the context established in each student’s writing. If the marker can discern no evidence of an attempt to address the task presented in the assignment, a score of Insufficient will be awarded.

Students whose writing is unrelated to the task presented in Assignment II: Functional Writing will be awarded a score of Insufficient.
Written-response achievement descriptors

The descriptors for levels of student achievement in the scoring guides are evaluative words rather than numbers. To continue to maximize fairness for all students, and to maintain consistency across grade levels, the achievement descriptors in the Grade 9 English Language Arts scoring guides are identified by specific words that describe student achievement in each scoring category. The achievement descriptors correspond to the values of the numbers that are used to calculate student marks. The scoring criteria statements, which are used to assess student work, inform markers of the quality of student work in each scoring category at each achievement level.

Because students’ responses to the Narrative / Essay Writing Assignment vary widely—from philosophical discussions to personal narratives to creative approaches—assessment of the Narrative / Essay Writing Assignment on the provincial achievement test will be in the context of Louise Rosenblatt’s suggestion that “the evaluation of the answers would be in terms of the amount of evidence that the youngster has actually read something and thought about it, not a question of whether, necessarily, he has thought about it the way an adult would, or given an adult’s ‘correct’ answer.”

Consider also Grant P. Wiggins’ suggestion to assess students’ writing “with the tact of Socrates: tact to respect the student’s ideas enough to enter them fully—even more fully than the thinker sometimes—and thus the tact to accept apt but unanticipatable or unique responses.”

Classroom teachers are encouraged to discuss and use the scoring criteria, including the achievement-level descriptors, with their students during the year. When student writing is marked centrally, these achievement-level descriptors are used.

School and school authority reports will be produced using both the achievement-level descriptors and numeric values. Individual Student Profiles (ISPs) will report numeric values and achievement of standards.

The achievement-level descriptors and their numeric equivalents are:

- Excellent = 5/5
- Proficient = 4/5
- Satisfactory = 3/5
- Limited = 2/5
- Poor = 1/5
Test blueprint for Part A: Writing

The blueprint for Part A: Writing identifies the scoring/reporting categories by which student writing is assessed and by which summary data are reported to schools and school authorities; it also provides a description of the writing assignments and the achievement standards.

Local marking

Classroom teachers are encouraged to assess students’ writing, using the scoring guides contained in this bulletin, before returning the tests to Alberta Education. All papers are scored centrally in Edmonton in July.

Locally awarded scores submitted to Alberta Education will be used as the first reading of a student’s response. Local markers are to use the “For Teacher Use Only” section on the back of each Part A: Writing test booklet to record their scores by filling in the appropriate circles. The “School Code” and “ACCOMMODATIONS USED” sections should also be completed (see accommodations in the General Information Bulletin for more information). If a teacher wants to know how his or her locally awarded scores compare with the scores that the tests received when scored centrally, then he or she must create a three-digit identification number and enter it in the section labelled “ID No.” on the back of each student booklet. It is important that no two teachers from the same school create and use the same identification number.

To facilitate fair and valid assessment of all students during both local and central marking, teachers must not mark or write in student booklets. Teacher-created scoring sheets, which may be used during local marking, are not to be included in student test booklets.

To assess locally those students with special test-writing needs, specifically a scribed response (test accommodation 5) or a taped response (test accommodation 10), teachers are to refrain from scoring Conventions for Assignment I: Narrative / Essay Writing and Content Management for Assignment II: Functional Writing.

Teachers have approximately one to two weeks to return the Part A: Writing tests to Alberta Education. The papers will then be scored centrally by Alberta Education as the second reading. Both sets of scores contribute to the student’s final mark. In the event of a discrepancy between the two sets of scores, papers will receive a third reading, and all three sets of scores will determine the final scores that the paper is awarded. In this way, valid and reliable individual and group results can be reported.

Papers that are not assessed locally by teachers will be scored centrally only once. At least once a day, all central markers mark a copy of the same paper for inter-rater reliability.

After central marking has been completed and school reports have been sent to the schools, teachers who submitted their scores with an identification number will receive a confidential report on their marking. This report is called the Local Marker Report and includes the locally awarded scores, the centrally awarded scores, third-read scores if applicable, and the final scores assigned.

To support local marking, Alberta Education provides, along with the test materials, samples of student writing that exemplify the scoring criteria and levels of student achievement. These exemplars are not to be shared with students and must be returned to Alberta Education with the tests. Throughout the school year, teachers may use the Examples of the Standards for Students’ Writing documents that are posted on the Alberta Education website.

A total score for a student’s writing may be calculated using the procedure shown on the next page.
Calculating local marks

To determine a student's mark, convert the word descriptors to the following numeric values:

Excellent = 5
Proficient = 4
Satisfactory = 3
Limited = 2
Poor = 1

Narrative / Essay Writing Assignment

1. Assign a score of 1 to 5 for each of Content, Organization, Sentence Structure, Vocabulary, and Conventions.
2. Multiply the scores for Content and Organization by 2, as these categories are worth twice as much as the other categories.

Maximum score possible for Narrative/Essay Writing = 35

Functional Writing Assignment

1. Assign a score of 1 to 5 for each of Content and Content Management.
2. Multiply these scores by 2.

Maximum score possible for Functional Writing = 20

Total Part A: Writing score

Add the Narrative/Essay Writing Assignment and Functional Writing Assignment scores.

The mark for Part A: Writing is worth 50% of the total mark for the Grade 9 English Language Arts Provincial Achievement Test.

Teachers may make a photocopy of a student’s writing from the May administration of the Part A: Writing test for inclusion in a portfolio of the student’s work for the year. Copies can also be made for parents who request them.
Information for teachers participating in central marking

Superintendents will be contacted in the spring for their nomination of markers. The teachers selected will reflect proportional representation from the various regions of Alberta.

To qualify for nomination by a superintendant, a prospective marker must satisfy the following conditions:

- have a valid permanent Alberta Professional Teaching Certificate
- have taught Grade 9 English Language Arts within the past three years
- be currently employed by a school authority or private school
- be available on all scheduled days

Markers will be contacted in May, and the list of markers will be finalized no later than the middle of June. Group leaders will meet the day before the marking session for training.

Each year, many more teachers are nominated to mark than are needed. There must be a balance of first-time and experienced markers as well as regional representation by zone, school authority, and school. Unfortunately, not everyone whose name is submitted is selected.

Because the time allotted for marking is limited, markers are required to mark on Saturday and Sunday. The marking floor is open from 8:15 a.m. to 4:30 p.m., and markers are expected to be available to mark during those hours.

Scoring categories for Functional Writing Assignment

Content
When marking Content appropriate for the Grade 9 Functional Writing Assignment, the marker should consider the extent to which

- ideas and development of the topic are effective
- the purpose of the assignment is fulfilled with complete and relevant information
- an appropriate tone is used, and awareness of audience is evident

Cross-reference to Outcomes in the Program of Studies for Grade 9 English Language Arts: 2.1, 2.2, 2.4, 3.1, 3.2, 3.3, 4.1, 4.3

Excellent E
- The ideas are perceptive, and development of the topic is clear and effective.
- Pertinent information is presented, and this information is enhanced by precise details that effectively fulfill the purpose of the assignment.
- An appropriate tone is skillfully maintained.

Proficient Pf
- The ideas are thoughtful, and development of the topic is generally effective.
- Significant information is presented, and this information is substantiated by specific details that fulfill the purpose of the assignment.
- An appropriate tone is clearly maintained.

Satisfactory S
- The ideas are appropriate, and development of the topic is adequate.
- Relevant information is presented, and this information is supported by enough detail to fulfill the purpose of the assignment.
- An appropriate tone is generally maintained.

Limited L
- The ideas are superficial, flawed, and/or merely a repetition of the situation presented, and development of the topic is inadequate.
- Information presented is imprecise, undiscerning, and/or simply a restatement of the prompt provided. Supporting details are insignificant and/or lacking. The purpose of the assignment is only partially fulfilled.
- Some awareness of an appropriate tone is evident but may be inconsistently maintained.

Poor P
- The ideas are overgeneralized, misconstrued, and/or essentially a verbatim reiteration of the situation presented, and development of the topic is ineffective.
- Information is irrelevant, missing, and/or essentially copied from the prompt provided. Supporting details are obscure and/or absent. The purpose of the assignment is not fulfilled.
- Little awareness of an appropriate tone is evident.

Insufficient INS
- The marker can discern no evidence of an attempt to address the task presented in the assignment, or the student has written so little that it is not possible to assess Content.

Note: Content and Content Management are equally weighted.

Student work must address the task presented in the assignment. Responses that are completely unrelated to the context established in the assignment will be deemed insufficient in Content.
Content Management

When marking Content Management appropriate for the Grade 9 Functional Writing Assignment, the marker should consider the extent to which

- words and expressions are used accurately and effectively
- sentence structure, usage, and mechanics (spelling, punctuation, etc.) are controlled

Proportion of error to length and complexity of response must be considered.

Preventing Students for the Grade 9 English Language Arts Provincial Achievement Test

Suggestions for preparing students

The best way to prepare students for writing the provincial achievement test is to teach the Grade 9 English Language Arts Program of Studies well and to ensure that students know what is expected. Many of the skills and attitudes that support testing writing are, in fact, effective skills and strategies for approaching all kinds of learning tasks.

Teachers are encouraged to familiarize their students with the format of both Part A: Writing and Part B: Reading by working through questions from previously released provincial achievement tests.

All Part B: Reading Readings and Questions test booklets are secured and must be returned to Alberta Education.

All unused or extra Grade 9 English Language Arts Part A: Writing test booklets are released following the May administration of the test and may be kept at the school.

Released items from previously secured Grade 9 English Language Arts Part B: Reading tests are available on the Alberta Education website.

Special-format practice tests

To provide students an opportunity to practise provincial achievement test-style questions and content in Braille, audio, large print, or coloured print versions, Alberta Education produces special-format practice tests for all subjects that have a provincial achievement test. Alberta schools with registered Alberta K–12 students may place orders for these tests. Braille versions are available in English and, by request, in French. All tests are provided free of charge, but limits may be placed on order volumes to ensure access for all students.

For the greatest benefit, special-format practice tests should be written under conditions similar to those of the corresponding provincial achievement test. The same rules regarding the use of resources and devices should be followed.

Braille versions must be returned to Alberta Education after use.

For more information or to place an order, contact Laura LaFramboise Distribution Coordinator, Examination Administration 780-641-9116 or Laura.LaFramboise@gov.ab.ca.

Teachers should also familiarize students with the scoring guides in this bulletin. With instruction, students may be able to use these guides effectively when evaluating their own writing or that of peers.

Examples of the Standards for Students' Writing documents for Grade 9 English Language Arts are available on the Alberta Education website. These samples are intended to be used to enhance the quality of students' writing and to assist teachers in assessing student writing relative to the standards embedded in the scoring criteria in the scoring guides.

Teachers are also encouraged to share the following information with their students to help them prepare for the Grade 9 English Language Arts Provincial Achievement Test.
Suggestions for answering questions

**Part A: Writing**

- **Read the assignments carefully.** Think about what you are being asked to do; plan your writing so that it is focused, unified, and coherent; and proofread your writing.
- **Read all the instructions carefully and do what the assignments ask you to do.** The time you spend reading and thinking about the assignments is time well spent. Many students find that highlighting or underlining key words helps them to focus their thinking.
- **Plan your writing using the pages provided.** You should choose a planning strategy that helps you to focus your ideas.
- **Use your reference materials.** You are allowed to use print versions of commercially published dictionaries and thesauri, including bilingual dictionaries, when writing **Part A only.** Use a dictionary to look up the meanings of words that you want to use but are not completely sure about, and to ensure that you spell words correctly. Use a thesaurus if you need to find a more precise word for the context you are developing, but be careful not to overuse either a dictionary or a thesaurus.
- **Keep in mind the characteristics of effective writing.**
  - Awareness of audience (appropriateness of tone and use of correct language)
  - Completeness of information (enough detail to fulfill purpose)
  - Relevance of information (all details pertain to the purpose)
  - Clarity of information (all details are specific and easily understood by the reader)
- **Proofread your work and correct errors directly on your first draft.** You should double-space your writing in order to allow you to make corrections more easily.
Part B: Reading

- You may not use a dictionary, a thesaurus, or other reference materials when writing Part B.
- Read each selection and think about each question.
- Read the material using the strategies that work best for you.
  You should either:
  - read the selection and think carefully about it before you try any of the multiple-choice questions associated with the reading selection
  OR
  - read the questions first and then read the selection, keeping in mind the questions you will need to answer.

Each set of multiple-choice questions is designed to take you through the reading selection in a certain way. The questions are ordered according to the location of the answers in the passage. For example, the answer to the first question will likely appear near the beginning of the passage, and so on. Questions related to the reading selection as a whole will appear at the end of the set of questions.

- Feel free to write or highlight in either of the test booklets. Identifying key words of the questions or sections of the reading selections in this way may help you to determine an answer.
- Consider all forms of information provided. Information will be presented not only in words but also in visual forms such as cartoons, pictures, or charts.
- Take the time to re-read the lines that are referred to in a question. Many questions contain quotations from the selection with line references indicated. It is always worthwhile to re-read the lines that are referenced and to consider the meaning of these lines in both their immediate context in the selection and in the context of the selection as a whole.
- When answering “best answer” questions, be sure to carefully read all four alternatives (A, B, C, and D) before choosing the answer that you think is best. These questions will always include a bolded qualifier such as best, most strongly, most directly, or most clearly in their stems. More than one of the alternatives (A, B, C, and/or D) may be, to some degree, correct, but one of the alternatives will be “best” in that it takes more of the information into account or can be supported most strongly with reference to the information.
- Work from partial knowledge when it is appropriate to do so. Read all the choices and see which one best fits the answer. If a correct or best answer does not become obvious fairly quickly, you may want to eliminate the answers that seem least appropriate and then use your judgment to select an answer from those that remain.
- Check to make sure that you have answered every multiple-choice question.
Opportunities to Participate in Test-development Activities

Field testing

All provincial achievement test questions are field tested before use. By “testing” the test questions, students who write field tests have an opportunity for a practice run at answering questions that could be used on future provincial achievement tests. As well, the teachers have an opportunity to comment on the appropriateness and quality of the test questions.

Through the online field test request system, teachers can create and modify field-test requests and check the status of these requests. Information regarding the field-test process and the request system is available at Provincial Achievement Tests.

Once the completed requests are received by Provincial Assessment, classes will be selected to ensure that a representative and sufficiently large sample of students from across the province take part in the field test. Every effort will be made to place field tests as requested; however, because field tests are administered to a prescribed number of students, it may not be possible to fill all requests.

Working groups

Teacher involvement in the development of provincial achievement tests is important because it helps to ensure the validity and appropriateness of the assessments.

Teacher working groups are used throughout the test-development process to create raw forms of test questions and to review and revise draft forms of provincial achievement tests. These working groups usually meet for one or two days, two or three times per year. Occasionally, these meetings are held on weekends.

To be eligible to serve on a test-development working group, a teacher must currently be teaching the course in question or must have taught the course within the past three years.

Teachers participating in working groups are selected from the working-group nominees approved by superintendents of school jurisdictions. The call for nominations usually occurs in September. However, we will accept further nominations throughout the year. In some subjects, more teachers may be nominated for working groups than are needed. When teachers are selected, there must be a balance of first-time and experienced working-group members and regional representation by zone, school authority, and school. Unfortunately, not everyone whose name is submitted will be selected.

Examples of descriptions used in audio versions of the Grade 9 English Language Arts Provincial Achievement Test

The purpose of this appendix is to provide school staff with examples of the descriptions of diagrams, illustrations, and other visuals used in provincial achievement test audio versions, which are available to students as an accommodation. These examples are neither exhaustive nor prescriptive. Test content is shown in black text and descriptions in blue text.

For students who are enrolled with a school, and who typically use audio for their coursework, no application is required to receive this accommodation when writing provincial achievement tests. Such students may have visual impairments, physical disabilities, or learning disabilities. The audio version is used by students in conjunction with a print, digital, or Braille version of the test.

Part A: Writing

For text instructions for the Narrative / Essay Writing Assignment, all text printed on the page is read aloud and any font details, such as bold print or italics, are identified. Visual prompting texts are described in terms of composition and visual details. All instructions are read in their entirety. For the Functional Writing Assignment, the instructions, situation, and assignment are read in their entirety.

Part B: Reading

Each reading selection and its creator is identified and read in its entirety. Footnotes and line notes, if applicable, are identified at the beginning of each reading selection and repeated at their labelled placement within the reading selection. Reading selections are read without excessive emphasis or dramatization. Each set of questions accompanying a reading selection is read after the reading selection is read in its entirety. When specified lines within the reading selection are referenced within a given question, these lines are repeated prior to reading the question.

Special-format practice tests are available from Alberta Education for those students who wish to familiarize themselves with standard audio versions of Alberta Education tests.
Example of Scripting Notes for Part A: Writing Narrative/Essay Writing Assignment

The following assignment is a reproduction of how the actual pages from a provincial achievement test were read. The blue text is read, in addition to the black text on the page, as supplemental information for students.

The assignment, contained in a text box, reads:

Write a narrative or an essay about how the advice or suggestions of others can influence young people. You may wish to write about yourself or other people, real or fictional. You may set your writing in the past, present, or future.

Below the assignment is a section titled “Ideas” that contains 5 statements and 5 graphics.

Ideas

The following material may give you ideas for your writing. You do not have to refer directly to any of it. Consider your own experiences gained through reading, listening, viewing, discussing, thinking, or imagining.

The first statement reads:

You can succeed if you work hard and are determined.

The first graphic is of a page from a newspaper. At the top of the page, the heading reads “Today’s Advice Column.” Beneath the heading is a picture of a woman’s face. Directly below this picture are three lines of text that read, “Nellie Knowall answers your letters . . .”

The second graphic shows three young people facing and talking to each other. Above these three individuals is a sign that reads, “Peer Support Group Meeting.”

The second statement reads:

You must think for yourself. Do not follow the crowd.

The third statement reads:

Consider the consequences of your actions.
The third graphic shows a person seated comfortably in front of a television. On the screen, the words “NEW” and “BUY NOW!” appear in large letters.

The fourth graphic shows an elderly person and two young people seated at a table. They are engaged in a conversation.

The fifth statement reads:

Don’t put off until tomorrow what you can do today.

The fifth graphic presents two people who are standing facing one another. The person on the left is wearing a whistle around his neck and is pointing to aspects of a diagram that is on a sheet of paper he is holding in front of him. The young person on the right, who is wearing a T-shirt, shorts, and running shoes, is looking at the diagram.

When writing, be sure to

- consider your audience
- focus on your purpose and point of view
- organize your thoughts appropriately in sentences and paragraphs
- use vocabulary that is interesting and effective
- edit your work directly on your writing
- budget your time

Selection VI. Listen to the reading of the following editorial from a magazine and answer questions 30 to 34 from your Questions Booklet.

There are 4 footnotes for this selection as follows: Footnote 1 – that same ATP luncheon—Alberta Theatre Projects’ Bob Edwards luncheon in Calgary, Footnote 2 – systemic barriers—obstacles that are part of the structure of a particular system, Footnote 3 – acuity—keen insight, Footnote 4 – ilk—type or kind.

This editorial was published in the June 2005 issue of AlbertaViews magazine.

A TRIBUTE TO LOIS HOLE

“Sometimes I wish we lived in a less hectic world, where everyone could find time to enjoy a simple breakfast. I hate to see people going hungry. It hurts, especially when there’s no need for it. We are rich enough to feed everyone, and yet, somehow, we’re not quite smart enough or fair enough to do it.”
5 —Lois Hole, 1933–2005

Last fall, attendees of Alberta Theatre Projects’ Bob Edwards Luncheon in Calgary were treated to a delightful and rousing speech by Lieutenant Governor Lois Hole. Alberta’s “Queen of Hugs” reminded her audience of the importance of the arts in our lives and the need for arts education in our schools. “Well educated citizens, who must have a solid grounding in the liberal arts, are the foundation of any nation’s prosperity and cultural worth,” she said. “The arts enrich us all; they are not a frill, they are an absolute necessity.”

The staff of AlbertaViews exchanged happy looks. Hole had, as she so often did, displayed the rich, progressive spirit we hope to capture in this magazine.

Four months later, Lois Hole died at age 71 after a long battle with cancer. When putting together this issue, which looks at women, and particularly women in politics, we were reminded of her grace, strength and commitment. We were reminded of her capacity to stand up and say her piece, regardless of whether she had been asked, and to do so with such tact, clarity and good humour as to elevate discussions where others may have caused offence.

Shortly after her appointment by Prime Minister Jean Chrétien in 1999, Hole declared: “I want to give support and legitimacy to the groups that need it most, to the people who often go unheard in our culture… While the position of lieutenant governor is not a platform for activism, neither is it one without substance. My
primary goal is to encourage people to carefully consider our more vital issues of social justice, in the hopes that positive change may result.”

A tireless advocate for public education, public health care and the arts, Hole often pushed the boundaries of her traditionally ceremonial role. At that same ATP luncheon\(^1\) where she so eloquently spoke of arts education, Hole joked that Premier Klein’s absence was his way of avoiding the displeasure of sitting through her criticisms. And when a new women’s hospital in Edmonton was named after her just weeks before her death, Hole took the opportunity to speak out in favour of public health care. Never silenced by the limitations of her position, Hole always spoke from the heart.

“I have faith in a better future,” she once said, “because I have faith that most human beings want to do the right thing. If we can put aside differences of ideology, if we can learn to love one another, then one day we will enjoy a world where no one need live in fear, where no one need go hungry, where everyone can enjoy a good education, the fellowship of friendly neighbours, and the security of a world at peace with itself at long last.”

A portion of this issue of *AlbertaViews* focuses on the systemic barriers\(^2\) women face in politics. But we just couldn’t focus on women in politics without pausing to remember Lois Hole. Her compassion, acuity\(^3\) and strength made us so proud. In a province where women make up half the population but account for only 16 per cent of MLAs, one could argue that we might benefit from having more women in our legislature. Having more people of Lois Hole’s ilk\(^4\) in our government would do this province a world of good.

VI. Listen to the reading of the editorial “A Tribute to Lois Hole” from Alberta Views magazine on pages 10 and 11 of your Readings Booklet and answer questions 30 to 34.

Question 30 refers to lines 1 to 4, which read, “Sometimes I wish ... to do it.”

**Question 30.** The opening quotation in lines 1 to 4 focuses on Lois Hole’s belief that

A. social inequality is unjustified in a wealthy nation

B. economic instability is unavoidable in society today

C. the number of people who are unable to provide for their families is increasing

D. there are insufficient resources available for the needs of the growing population

Question 31 refers to lines 17 to 20, which read, “We were reminded ... have caused offence.”

**Question 31.** The details in lines 17 to 20 most clearly suggest that Lois Hole was able to

A. give her opinion without causing resentment

B. deliver speeches without criticizing others

C. offer solutions and resolve problems

D. explore issues and accept input

Question 32 refers to lines 27 to 28, which read, “A tireless advocate ... traditionally ceremonial role.”

**Question 32.** The idea contained in lines 27 to 28 is most strongly reinforced by the quotation
