

Ambulance Collision Report Users' Manual

Completing an Ambulance Collision Report (HS0237) is mandatory for any collision involving the ambulance alone, or with another vehicle, person or object when that collision:

- a. results in injury or death to any person in the ambulance,**
- b. occurs while the ambulance's emergency warning lights or siren are activated, or**
- c. results in property damage greater than \$5,000.**

Ref: EHS Policy #2008-01, Rev 3; July 2, 2013

Instructions for Completion of Ambulance Collision Report

This is an interactive e-Form. Refer to the following when completing the Collision Report:

1. To open a form
 - Go to the EHS web site: <http://www.health.alberta.ca/services/EHS.html>
 - Click on "Operator Forms & Documents"
 - Scroll down to Forms and open the Ambulance Collision Report form.
 - Save a copy to your hard drive.
 - Name the copy with your Operator ID and the collision date (IE: 3249-2008-03-21).
2. Some fields ask for information to be entered; type the answers in the blanks.
3. Where "Choose" is shown in a field, click on the down arrow button at the right side of the field to activate a Drop Box. Pick the response that best applies.
4. Some fields have lists with check boxes.
 - On most lists, you may check all choices that apply. Click on the box(es) to enter a response. If you choose a box in error, click on it again to remove the response.
 - In Section 5, Ambulance Passenger Information, there is a "Reset" button in the left column. Use this button to correct entry errors.
5. Where multiple choices are given in a drop box field, you can choose only one.

6. Fields displayed in blue are formatted as “If/Then” and additional information box(es) will appear when certain responses are selected.

Some choices are multi-level and will trigger a second level of detail. The second level of detail is signified either with blue text or with an arrow ⇒:

Example 1 “Responding to a Call”

- Primary Level: If **“YES”** is chosen, then the following choices appear:
 - a. **“Emergency Response”**, or
 - b. “Non-emergency Response”
- Secondary Level: If **“Emergency Response”** is chosen, then the following choices appear:
 - a. “Operating with Warning Lights and Siren”, or
 - b. “Operating with Warning Lights only”

Example 2 “Collision Location”

- Primary Level: Drop box with 8 choices.
 - a. If **“Intersection⇒”** is chosen, then
- Secondary Level
 - a. the following box appears: **“Intersection Type”** and you can choose
 - a. Controlled
 - b. Uncontrolled

AMBULANCE COLLISION REPORT - DATA ELEMENTS

Incident Number	Optional - If you maintain records of collisions by creating an internal incident number, this space may be used. Up to 16 characters are available.
Operator ID	Enter the 4-digit ID code assigned by EHS
EHS Unit #	Enter the 4 or 5 digit unit number assigned to the ambulance by EHS.
Collision Date	When you enter this field, a button appears on the right side. Click on it to access a calendar. Select the date of the collision.
Collision Time	Enter the time in 24-hour format hh:mm
Report Type: <ul style="list-style-type: none"> • Fatality • Injury • Lights / siren activated • Property damage only 	Click on “Choose” to activate a Drop Box

--	--

Section 1 - Ambulance Vehicle Information

<p>Chassis make</p> <ul style="list-style-type: none"> • Chev/GMC • Dodge • Ford • Freightliner • Navistar/IHC • Other 	<p>Click on “Choose” to activate a Drop Box</p>
<p>4-wheel drive</p>	<p>Choose “Yes” or “No”</p>
<p>Model year (yyyy)</p>	<p>Enter the 4-digit model year of the chassis</p>
<p>Ambulance Conversion Date (mm/yy only)</p>	<p>Record the month and year of the conversion as stated on the Certificate of Compliance affixed by the ambulance conversion manufacturer</p>
<p>Conversion manufacturer</p> <ul style="list-style-type: none"> • Crestline Coach • Demers • McCoy Miller • Road Rescue • Wheeled Coach • Other 	<p>Click on “Choose” to activate a Drop Box.</p>
<p>Conversion Type</p> <ul style="list-style-type: none"> • Type I • Type II • Type III 	<p>Click on “Choose” to activate a Drop Box</p> <ul style="list-style-type: none"> - Modular built on truck cab/chassis - Raised-roof van conversion - Modular built on RV cutaway chassis
<p>Modular Body Built (yyyy)</p>	<p>Enter the year that the modular body was originally built</p>

Ambulance Vehicle Information, cont.

<p>Vehicle Safety Enhancements</p> <ul style="list-style-type: none"> • Squad Bench Safety Net • Rounded Corners/Extrusions • Padding in Head Strike Zones • 3 or 5 point harness, Airway seat • Body Harness & Lanyard • Protective Head Gear • Back-up Camera • Back-up Proximity Alert* • Operational Recorder/Black Box** 	<p>Check all that apply</p> <p>* Back-up Proximity Alert: Automated warning device that lets the driver know if the vehicle is getting too close to an object in its path when backing up</p> <p>** Operational Recorder: electronic monitor that records vehicle operation parameters</p>
---	--

<p>Ambulance Mechanical Defects</p> <ul style="list-style-type: none"> • No Defect • Brakes • Tires • Suspension/Wheels • Steering • Electrical Failure • Fuel System • Engine • Transmission • Lights • Unknown • Other 	<p>Check all that apply</p>

Section 2 - Response Information

<p>Responding to a Call Choose “Yes” or “No”</p>	<p>Multi-level choice If “Yes” is chosen, further fields will appear:</p> <ul style="list-style-type: none"> ▪ PMD Code ▪ Non-Emergency Response ▪ Emergency Response <ul style="list-style-type: none"> - If “Emergency Response” is chosen, a further field will appear. Select either: <ul style="list-style-type: none"> ○ “Warning Lights & Siren” or ○ “Warning Lights Only”
<p>Priority Medical Dispatch (PMD) Code</p>	<p>Record the PMD card number assigned to the call by Dispatch If PMD is not used, enter N/A</p>

Response Information, cont.

<p>Transporting Patient Choose “Yes” or “No”</p>	<p>Multi-level choice If “Yes” is chosen, further fields will appear:</p> <ul style="list-style-type: none"> ▪ PMD Code ▪ Non-Emergency Transport ▪ Emergency Transport <ul style="list-style-type: none"> - If “Emergency Transport” is chosen, a further field will appear. Select either: <ul style="list-style-type: none"> ○ “Warning Lights & Siren” or ○ “Warning Lights Only”

Location in ambulance, pre-collision.

Use the diagram to record the pre-collision location of each person in the ambulance. Enter the location codes on the chart.

- If Patient #2 was on the second main cot in a dual cot modular, enter #6.
- If Patient #2 was transported laying on the squad bench, enter #789
- If any attendant or passenger was standing in the patient compartment at the time of the collision, enter the correct number for the “zone” in which they were standing.
- If the ambulance was parked at a scene, or stopped enroute during transport, enter #11 for any crew member who was **out of the unit** when it was struck. Do not include patients who had not yet been loaded into the ambulance.

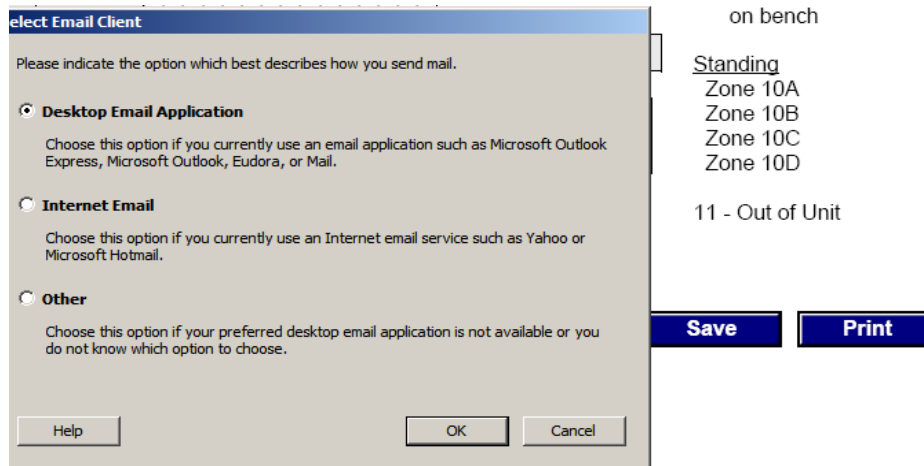

<u>Person</u>	<u>Location</u>

Prepare and send the Collision Report to EHS:

1.  Hit the “SAVE” button at the bottom of the form to save all the information you have entered.
2.  Hit the “SUBMIT” button at the bottom of the form to email the PDF to Emergency Health Services. Then follow these steps:

- Select the type of email system you are using from the pop-up box that appears.

- Click on “Send Data File” in the next pop-up box that appears.

- The email will be automatically prepared and formatted to be sent to EHS. Click on “Send”.

3.  Hit the “PRINT” button at the bottom of the form if you want to print a copy for your files.
