Compensation

36(1) In this section, “operator” means any person who, at the time of non-payment under a surface lease, right of entry order or compensation order, became liable to pay the money in question because that person

- (a) was an approval or registration holder who carried on an activity on or in respect of specified land pursuant to an approval or registration,
- (b) carried on an activity on or in respect of specified land other than pursuant to an approval or registration,
- (c) was the holder of a licence, approval or permit issued by the Alberta Energy Regulator for purposes related to the carrying on of an activity on or in respect of specified land,
- (d) was a working interest participant in a well or other energy development on, in or under specified land, or
- (e) was the holder of a surface lease or right of entry order for purposes related to the carrying on of an activity on or in respect of specified land,

and includes a successor, assignee, executor, administrator, receiver, receiver-manager or trustee of a person referred to in clause (a), (b), (c), (d) or (e) who was so liable and any person acting as principal or agent of any person referred to in or after clauses (a) to (e).

[...]

(4) On receiving the evidence, if the Board considers that it satisfactorily proves the non-payment, the Board shall send a written notice to the operator demanding full payment.

(5) If the notice under subsection (4) is not complied with, the Board may, by written order served on the operator,

- (a) suspend the operator's right to enter the site affected by the compensation order or lease, and
- (b) after giving the operator written notice of its intention to do so, terminate all the operator's rights under the right of entry order or lease relating to the site that is subject to the claim under this section,

without affecting any of the operator's obligations in regard to the site, including those under this section, or any other person's rights as against the operator, and on the basis that the lease or compensation order remains in place for purposes of shutting-in, suspension, abandonment and reclamation of the site.

[...]

(9) Where the Minister pays money under subsection (6) or (7),

- (a) the amount paid and any expenses incurred, whether by the Crown or by a private agency, in collecting or attempting to collect the money owing, constitute a debt owing by the operator to the Crown, and
- (b) a written certificate issued by or on behalf of the Minister certifying the payment of the amounts referred to in clause (a), including expenses, may be entered as a judgment of the Court of Queen's Bench for those amounts and enforced according to the ordinary procedure for enforcement of a judgment of that Court.
