

Director of Surveys Compiled Plan Standards Factsheet

On August 1, 2019 standards for the preparation of compiled survey plans for partial reclamation and partial assignment of public lands dispositions will come into effect .

Why this change is occurring

This new plan type will expedite plans for applications for amendments to dispositions for partial assignments, partial amendments due to reclamation, and amendments to associated dispositions due to reclamation.

About compiled plans

A compiled plan is a survey plan that is able to compile survey information from existing plans of public record and reference existing monuments to amend the boundaries of existing dispositions without the need for additional fieldwork to retrace the boundaries or physically monument new corners.

Submitting compiled plans

For the period of one year from August 1, 2019 to July 31, 2020, please submit all compiled plans to the Director of Surveys office for review prior to submission to Alberta Environment and Parks (AEP) or the Alberta Energy Regulator (AER). Please submit your compiled plans to the Director of Surveys office at:

- AEP.DirectorOfSurveys@gov.ab.ca

By submitting your compiled plans to the Director of Surveys office this will allow us the opportunity to review, provide comments, and improve the standards.

Where to find the Compiled Plan Standards

The Compiled Plan Standards may be found on the Alberta government Open Publications Portal at:

- Director of Surveys compiled plan standards
