

PREPARING AND FILING THE ALBERTA CORPORATE INCOME TAX RETURN - AT1 AND SCHEDULES FOR 2001 AND SUBSEQUENT TAXATION YEARS

- For taxation years ending after 2000 and before 2008, corporations can file their returns using either the Alberta RSI or the prescribed form AT1 and all applicable schedules.
- For taxation years ending after 2007, corporations can file their returns using one of the following options: AT1 net file return (if the corporation is eligible); or Alberta RSI; or prescribed form AT1 and all applicable schedules.
- For all taxation years ending after 2000, there is no need for the corporation to submit copies of the federal T2 return, the corporation's financial statements or GIF1 with the AT1 return.

REQUIREMENT TO FILE THE AT1 RETURN:

Generally, a corporation must file an Alberta Corporate Income Tax Return if it has a "permanent establishment" in Alberta at any time during that taxation year with the following exceptions:

1. the corporation was a registered charity throughout the taxation year;
2. the corporation had no tax payable for the taxation year as specified under section 35 of the *Alberta Corporate Tax Act*;
3. the corporation meets all of the exemption criteria listed below in the taxation year.

EXEMPTION CRITERIA:

Yes	No	
		1. It is a Canadian-controlled private corporation throughout the taxation year;
		2. It has permanent establishments only in Alberta throughout the taxation year;
		3. It has filed a federal T2 return with the Canada Revenue Agency (CRA) and is reporting no taxable income before applying losses carried back from a subsequent year and before deducting any amount relating to the exercise of an option in a subsequent year;
		4. Its discretionary tax account balances (e.g., undepreciated capital cost, reserves, losses) throughout the year were the same for Alberta purposes as they were for federal purposes. (That is, the corporation has historically reported the same taxable incomes or losses for Alberta purposes as it reported for federal purposes);
		5. Its gross revenue for the year does not exceed \$500,000;
		6. It is not claiming a refund of tax instalments;
		7. It is not claiming the Alberta Scientific Research and Experimental Development (SR & ED) Tax Credit nor is it reporting a recapture of SR & ED;
		8. It is not claiming the Alberta Qualifying Environmental Trust (QET) Tax Credit;
		9. It is not claiming the Alberta Investor Tax Credit (AITC) or the Capital Investment Tax Credit (CITC) or the Interactive Digital Media Tax Credit (IDMTC);
		10. It is not claiming the Alberta Innovation Employment Grant (IEG).

If ALL answers to the above statements are "Yes", then the corporation is exempt from filing the Alberta return for the specified taxation year end. Ensure that the identification section below has been completed and **retain this form on your file** for future reference. **Do not mail** this form to TRA. You are not required to send any notification to our office. When you file your federal T2 with the CRA, TRA will receive sufficient information to determine whether the corporation is exempt from filing. If a corporation which originally determined that it was exempt from filing later determines that it was not exempt from filing the Alberta return, it must file the AT1 return within 90 days from the later of the date it determined that it was not exempt and the required filing date.

Corporation Name: _____

Alberta Corporate Account Number
Enter your 9 or 10 digit account number

Taxation Year Ending: _____

If ANY answer to the above statements is "No", then the corporation is not exempt from filing and must file the Alberta return with TRA within 6 months of the corporation's taxation year end.

If the corporation is not exempt from filing and its gross revenue exceeds \$1 million, the corporation must file the Alberta return electronically using net file unless it is an insurance corporation, a non-resident corporation, or reports in functional currency.
