Overview

How to Prepare “Listing of SR&ED Projects Carried Out in Alberta” (Form AT4970)

Transitional Instructions for Taxation Years Straddling January 1, 2021

- Identifying Information
- Column 101: Project title
- Column 103: Project code
- Column 105: Portion of line 559 of federal T661 carried out in Alberta
- Column 107: Portion of line 559 of federal T661 not carried out in Alberta
- Column 109: Total salaries and wages paid in respect of SR&ED carried out in Alberta
- Column 111: Total prescribed proxy amount included in Alberta portion of line 559 of federal T661
- Column 113: Alberta proxy amount for each project
- Lines 135 to 161: Jurisdictions where federal qualified expenditures were incurred
- Line 170: Total of all jurisdictions

How to Prepare “Innovation Employment Grant – AT1 Schedule 29” (Form AT29)

Claimant Information
STEP 1: Preliminary Calculation of the IEG

Determining the eligible expenditures for IEG purposes

- Line 003: Federal amount of total qualified SR&ED expenses
- Line 005: Portion of line 559 of federal T661 carried out in Alberta
- Line 007: Federal prescribed proxy amount
- Line 009: Alberta proxy amount
- Line 011: IEG that reduced the federal expenditures in line 559 of federal T661
- Line 025: Alberta portion of any repayment of government assistance or a contract payment
- Line 031: Total Eligible Expenditures for Alberta purposes
- Line 040: Primary field of science or technology

Determining the maximum expenditure limit

- Line 100: Association with one or more corporations
- Line 102: Corporation is associated
- Line 104: Corporation is not associated
- Line 108: Maximum expenditure limit for the year

Calculating the IEG

- Line 110: IEG on lesser of eligible expenditures and maximum expenditure limit
- Line 112: IEG on amounts in excess of base amount

Calculating the Base Amount for Non-Associated Corporation

- Line 114: Eligible expenditures for the first preceding year
- Line 116: Eligible expenditures for the second preceding year
- Line 118: Base amount

Calculating the Base Amount for Associated Corporations

- Line 120: Aggregate eligible expenditures for the first preceding year
- Line 122: Aggregate eligible expenditures for the second preceding year
- Line 124: Base amount

Calculating the Grind for Taxable Capital Employed in Canada

- Line 126: Taxable capital
- Line 128: Calculation of the taxable capital grind

Calculating the Net IEG

- Line 130: IEG before recapture
- Line 132: Recapture
- Line 134: Net IEG
STEP 2: Final Calculation of the IEG

- Line 003: Federal amount of total qualified SR&ED expenses
- Line 005: Portion of line 559 of federal T661 carried out in Alberta
- Line 011: IEG that reduced the federal expenditures in line 559 of federal T661
- Line 031: Total Eligible Expenditures for Alberta purposes
- Line 134: Net IEG

Agreement Among Associated Corporations

- Identifying Information
  - Line 200: Alberta corporate account number of the associated corporation with the longest taxation year
- Line 202: Taxation year beginning
- Line 204: Taxation year ending
- Line 206: Number of days in the longest year
- Line 208: Maximum expenditure limit

Allocation of the Maximum Expenditure Limit

- Column 220: Federal business number
- Column 230: Alberta corporate account number
- Column 240: Allocated amount
- Column 250: Eligible expenditures for the first preceding year
- Column 260: Eligible expenditures for the second preceding year
- Line 270: Total allocated maximum expenditure limit
- Line 280: Aggregate total of eligible expenditures for the first preceding year
- Line 290: Aggregate total of eligible expenditures for the second preceding year

Name of Person or Firm Who Prepared this Form

Contact Information and Useful Links

Appendix of Examples

- Example 1
- Example 2
- Example 3
- Example 4
Overview

The Alberta Innovation Employment Grant (IEG) is a refundable tax credit that a qualified corporation may deduct from tax otherwise payable for a taxation year in accordance with Division 7 of Part 6 of the *Alberta Corporate Tax Act*. In general, the IEG is equal to 8 per cent of the lesser of the corporation’s eligible expenditures in respect of scientific research and experimental development (SR&ED) carried out in Alberta after December 31, 2020, and the corporation’s maximum expenditure limit for the year. The corporation will be eligible to claim an additional amount equal to 12 per cent of any such amount in excess of a base amount. A corporation’s base amount is determined by calculating the corporation’s average eligible expenditures for the two preceding taxation years.

For additional information on the IEG, refer to *Information Circular IEG-1, Alberta Innovation Employment Grant*.

How to Prepare Form AT4970

*Form AT4970* lists, on a project-by-project basis, the portion of federal qualified scientific research and experimental development (SR&ED) expenditures at the end of the taxation year (as entered on line 559 of federal Form T661) that were in respect of SR&ED carried out in Alberta by the corporation during the year. *Form AT4970* should be completed before *Form AT29* is completed.

Form AT4970 does not have to be filed, but must be provided to TRA upon request.

Transitional Instructions for Taxation Years Straddling January 1, 2021

The IEG is calculated based on a corporation’s eligible expenditures in respect of SR&ED carried out in Alberta after December 31, 2020. If the corporation’s taxation year-end straddles January 1, 2021, and the corporation had federal qualified SR&ED expenditures both before January 1, 2021 and after December 31, 2020, then the amounts for each IEG Project should be reported on two separate rows. The first row should report amounts after December 31, 2020, and the second row should report amounts before January 1, 2021.
The total of column 105 plus the total of column 107 should equal the total amount of federal qualified SR&ED expenditures reported on line 559 of federal Form T661 (before IEG) for the taxation year. Similarly, the amounts reported on lines 135 to 161 are the total federal qualified SR&ED expenditures reported on line 559 of federal Form T661 (before IEG), notwithstanding that some of the expenditures carried out in Alberta may not qualify for the IEG.

Refer to Example 4 for a demonstration of how amounts should be reported in these circumstances.

- Identifying information

Enter the name, corporate account number and the date the taxation year ends for the qualified corporation in respect of which Form AT29 is being filed.

- Column 101: Project title

For each SR&ED project carried out in Alberta during the qualified corporation’s taxation year, enter the project title. This title should be consistent with the project title entered on line 200 of federal Form T661.

- Column 103: Project code

For each SR&ED project carried out in Alberta during the qualified corporation’s taxation year, enter the project code. This code should be consistent with the field of science or technology code entered on line 206 of federal Form T661.

- Column 105: Portion of line 559 of federal T661 carried out in Alberta

For each SR&ED project carried out in Alberta during the qualified corporation’s taxation year, enter the portion of federal qualified SR&ED expenditures (before IEG) from line 559 of federal Form T661 that were in respect of SR&ED carried out in Alberta.

- Column 107: Portion of line 559 of federal T661 not carried out in Alberta

For each SR&ED project carried out in Alberta during the qualified corporation’s taxation year, enter the portion of federal qualified SR&ED expenditures (before IEG) from line 559 of the federal Form T661 that were in respect of SR&ED carried out in a jurisdiction other than Alberta, if any.
• **Column 109: Total salaries and wages paid in respect of SR&ED carried out in Alberta**

For each SR&ED project carried out in Alberta during the qualified corporation’s taxation year, enter the portion of the federal salary base from line 818 of federal Form T661 that was in respect of SR&ED carried out in Alberta. In general, this amount is the salaries and wages for employees directly engaged in SR&ED carried out in Alberta. The amount excludes bonuses, remuneration based on profits and taxable benefits.

• **Column 111: Total prescribed proxy amount included in Alberta portion of line 559 of federal T661**

For each SR&ED project carried out in Alberta during the qualified corporation’s taxation year, enter the portion of the federal prescribed proxy included in line 559 of federal Form T661 that is in respect of SR&ED carried out in Alberta. Leave this column blank if the corporation did not use the prescribed proxy method for federal tax purposes.

• **Column 113: Alberta proxy amount for each project**

For each SR&ED project carried out in Alberta during the qualified corporation’s taxation year, enter the project’s Alberta proxy amount. An Alberta proxy amount must be claimed if the corporation used the prescribed proxy method for federal tax purposes. The Alberta proxy calculation has the same limits as the federal prescribed proxy calculation, and is calculated by multiplying the amount in the respective line of column 109 by 55 per cent.

• **TOTAL**

Calculate and enter the totals of all entries in each of columns 105, 107, 109, 111 and 113 of Form AT4970. The sum of the totals entered for columns 105 and 107 on Form AT4970 should equal the amount entered on line 559 of federal Form T661 before deducting the IEG as provincial government assistance on federal line 513.

• **Lines 135 to 161: Jurisdictions where federal qualified expenditures were incurred**

Enter the total federal qualified SR&ED expenditures entered on line 559 of federal Form T661 in respect of each jurisdiction. Provincial government assistance deducted on line 513 of federal Form T661 should be allocated to the respective provincial line. For example, the amount reported on line 135 is the portion of line 559 of federal Form T661 carried out in Alberta net of the IEG deducted on federal line 513.

• **Line 170: Total of all jurisdictions**

Enter the total sum of the amounts entered on lines 135 to 161 of Form AT4970. The amount entered on line 170 should equal the amount entered on line 559 of federal Form T661 (after deducting provincial government assistance on federal line 513).
How to Prepare Form AT29

The calculation of the IEG is a two-step process:

- In Step 1, calculate the IEG based on the federal expenditures before deducting the IEG as provincial government assistance on federal Form T661. Once the IEG has been calculated, enter the amount of the IEG on line 513 of federal Form T661 and recalculate the respective federal amounts.

- In Step 2, ensure the recalculated federal amounts are entered on federal Form T661 and, to prevent a circular calculation, add back on Form AT29 the IEG that was calculated in Step 1.

Claimant Information

Enter the corporation’s legal name, Alberta corporate account number and the date the corporation’s taxation year ends in the spaces provided.

STEP 1: Preliminary Calculation of the IEG

Determining the eligible expenditures for IEG purposes

Line 003: Federal amount of total qualified SR&ED expenses

Leave this line blank until Step 2.

Line 005: Portion of line 559 of federal T661 carried out in Alberta

Enter the portion of line 559 of federal Form T661 that is in respect of SR&ED that was carried out in Alberta. This amount should equal the sum of amounts entered in column 105 of Form AT4970 that are in respect of SR&ED carried out in Alberta after December 31, 2020. In order to be considered “carried out in Alberta”, the SR&ED must have actually been executed or performed in Alberta.

Line 007: Federal prescribed proxy amount

Enter the amount of the federal prescribed proxy, if any, included in the portion of line 559 of federal Form T661 that was in respect of SR&ED carried out in Alberta. This amount should equal the total entered for column 111 of Form AT4970. Leave this line blank if the corporation did not use the prescribed proxy method for federal purposes.
Line 009: Alberta proxy amount

Enter the Alberta proxy amount. This amount should equal the total entered for column 113 of Form AT4970. There will be an Alberta proxy amount if there was a prescribed proxy amount included in the federal qualified SR&ED expenditures. In general, the Alberta proxy amount is 55 per cent of the salaries and wages used in the calculation of the prescribed proxy amount included in the federal expenditures of the corporation for the taxation year that were paid in respect of SR&ED carried out in Alberta.

Line 011: IEG that reduced the federal expenditures in line 559 of federal T661

Leave this line blank until Step 2.

Line 025: Alberta portion of any repayment of government assistance or a contract payment

Enter the Alberta portion of any repayment of government assistance (other than an IEG) or a contract payment made in the taxation year that relates to amounts included in line 005 of Form AT29 made in the taxation year or any preceding taxation year. This is the portion of line 560 of federal Form T661 that relates to Alberta other than an IEG.

Line 031: Total Eligible Expenditures for Alberta purposes

Calculate the corporation’s eligible expenditures for the purposes of claiming the IEG. This amount is the sum of line 005 minus line 007, plus line 009, plus line 011 (which is zero under Step 1), plus line 025. Enter this amount on line 031.

Line 040: Primary field of science or technology

Enter the corporation’s primary field of science or technology. This field should be consistent with the field of science or technology code entered on line 206 of federal Form T661.

Determining the maximum expenditure limit

Line 100: Association with one or more corporations

The corporation is required to share the maximum expenditure limit with one or more associated corporations that also claim the IEG in taxation years within the same calendar year. If the corporation is associated with one or more other corporations for IEG purposes, page 3 of Form AT29 should be completed before proceeding further. For information on completing page 3, refer to the Agreement Among Associated Corporations section.

Back to Index
If the corporation is associated with one or more other corporations for IEG purposes, check ‘YES’ on line 100 and proceed to line 102. If the corporation is not associated with one or more corporations for IEG purposes, check ‘NO’ on line 100 and proceed to line 104.

**Line 102: Corporation is associated**

If the corporation is associated with one or more other corporations for IEG purposes, enter the amount of the maximum expenditure limit allocated to the corporation, as entered on the respective line in column 240 on page 3.

If the corporation is not associated with one or more corporations for IEG purposes, leave this line blank.

**Line 104: Corporation is not associated**

If the corporation is not associated with one or more other corporations for IEG purposes, calculate the corporation’s maximum expenditure limit for the year by multiplying $4,000,000 by the ratio of the number of days in the taxation year to 365 (or 366 if the taxation year includes February 29). The maximum days in the year (after December 31, 2020) should be 365 (or 366, if the taxation year includes February 29.)

If the corporation is associated with one or more other corporations for IEG purposes, leave this line blank.

**Line 108: Maximum expenditure limit for the year**

Enter the amount from either line 102 or line 104, as applicable.

### Calculating the IEG

**Line 110: IEG on lesser of eligible expenditures and maximum expenditure limit**

Calculate the corporation’s IEG using the lesser of line 031 and line 108 (from page 1 of Form AT29), then multiply the amount by 8 per cent. Enter this amount on line 110.

**Line 112: IEG on amounts in excess of base amount**

Calculate the corporation’s additional IEG by subtracting the corporation’s base amount entered on either line 118 or 124, as appropriate (refer to lines 114 to 124, below), from the lesser of line 031 and line 108 (from page 2 of Form AT29), then multiply the resulting amount, if any, by 12 per cent. Enter this amount on line 112. If the amount is negative, enter zero on line 112.
Calculating the Base Amount for Non-Associated Corporation

The base amount for a taxation year of a qualified corporation that is not associated with any other corporation (non-associated corporation) in that particular taxation year is the amount that is the average of the eligible expenditures of the non-associated corporation for the two taxation years immediately preceding that particular taxation year.

**Line 114: Eligible expenditures for the first preceding year**

Enter the amount of the non-associated corporation’s eligible expenditures for the first preceding taxation year. If the corporation did not have any eligible expenditures in the first preceding taxation year, enter zero on line 114.

**Line 116: Eligible expenditures for the second preceding year**

Enter the amount of the non-associated corporation’s eligible expenditures for the second preceding taxation year. If the corporation did not have any eligible expenditures in the second preceding taxation year, enter zero on line 116.

**Line 118: Base amount**

Calculate the average of line 114 and line 116. If the non-associated corporation did not have any eligible expenditures in the preceding two years, the base amount is zero. If the corporation had eligible expenditures in only one of the two preceding taxation years, including a corporation that only had one preceding taxation year, the sum of the eligible expenditures is still divided by two for the purpose of calculating the base amount.

Calculating the Base Amount for Associated Corporations

The base amount for a taxation year of a qualified corporation that is associated with one or more other corporations in that particular taxation year is the amount that is the average of

- the total of all amounts, each of which is the eligible expenditures of the qualified corporation for its, or of one of the other corporations for its, last taxation year that ended in the last calendar year that ended before the end of that particular taxation year, and

- the total of all amounts, each of which is the eligible expenditures of the qualified corporation for its, or of one of the other corporations for its, taxation year immediately preceding the taxation year described in the preceding bullet point.
Line 120: Aggregate eligible expenditures for the first preceding year

Enter the aggregate amount of eligible expenditures of all associated corporations for the first preceding taxation year from line 280 on page 3 of Form AT29.

Line 122: Aggregate eligible expenditures for the second preceding year

Enter the aggregate amount of eligible expenditures of all associated corporations for the second preceding taxation year from line 290 on page 3 of Form AT29.

Line 124: Base amount

Calculate the average of lines 120 and 122. If there were no eligible expenditures in the preceding two years, the base amount is zero. If there were eligible expenditures in only one of the two preceding taxation years, the sum of the aggregate eligible expenditures is still divided by two for the purpose of calculating the base amount.

Calculating the Grind for Taxable Capital

Line 126: Taxable capital

Enter the corporation’s amount of taxable capital, if any, on line 126.

If the corporation is associated with one or more corporations, the taxable capital is the total of all amounts, each of which is the taxable capital employed in Canada, as entered on line 690 of federal Form T2 SCH 33, “Taxable Capital Employed in Canada – Large Corporations”, of the corporation for its, or of one of the other corporations for its, last taxation year that ended in the last calendar year that ended before the end of the taxation year in which the corporation was associated with one or more corporations.

If the corporation is not associated with one or more corporations, the taxable capital is the amount of its taxable capital employed in Canada, as entered on line 690 of federal Form T2 SCH 33 of the corporation for its immediately preceding taxation year, if any.

Line 128: Calculation of the taxable capital grind

If the amount of taxable capital entered on line 126 is greater than $10 million, calculate the taxable capital grind to the corporation’s IEG by deducting from $40 million any taxable capital from line 126 in excess of $10 million, and dividing the resulting amount, if any, by $40 million. Enter the amount on line 128. If taxable capital is less than or equal to $10 million, enter 1 on line 128.
Calculating the Net IEG

**Line 130: IEG before recapture**

Calculate the IEG before recapture. This amount is the sum of line 110 and line 112, multiplied by line 128. Enter this amount on line 130.

The IEG is considered to be provincial government assistance. The amount entered on line 130 should be included in the amount entered on line 513 of federal Form T661.

**Line 132: Recapture**

Enter the amount of recapture in respect of property that is sold or converted to commercial use during the taxation year. For additional information on how to calculate recapture, including examples, refer to Information Circular IEG-1, *Alberta Innovation Employment Grant*.

Recapture is considered to be a ‘repayment of assistance’ and should be included in the amount entered on line 560 of federal Form T661.

**Line 134: Net IEG**

Leave this line blank until Step 2.

---

**STEP 2: Final Calculation of the IEG**

Before beginning Step 2, ensure that the amount calculated at line 130 of Form AT29 has been included in the amount entered on line 513 of federal Form T661 as ‘provincial government assistance.’

Also ensure that the amount calculated at line 132 of Form AT29, if any, has been included in the amount entered on line 560 of federal Form T661 as ‘repayments of assistance and contract payments made in the year.’ This amount affects the total qualified SR&ED expenditures for federal investment tax credit purposes.

This section refers only to the amounts on Form AT29 that change in Step 2.

**Line 003: Federal amount of total qualified SR&ED expenses**

Enter the amount of federal qualified SR&ED expenditures shown on line 559 of federal Form T661 after the amount of IEG entered on line 130 of Form AT29 from Step 1 has been included in the amount entered on line 513 of federal Form T661.
Line 005: Portion of line 559 of federal T661 carried out in Alberta

Recalculate the portion of line 559 of federal Form T661 that is in respect of SR&ED that was carried out in Alberta. The recalculated amount is the amount entered on line 005 from Step 1 minus the amount of IEG entered on line 130 from Step 1 (the amount entered on line 130 should agree to the amount included as provincial government assistance on line 513 of federal Form T661). Enter this difference on line 005.

Line 011: IEG that reduced the federal expenditures in line 559 of federal T661

Enter the amount of IEG entered on line 130 from Step 1.

Line 031: Total Eligible Expenditures for Alberta purposes

Recalculate the corporation’s eligible expenditures for the purposes of claiming the IEG. This amount is the sum of line 005 minus line 007, plus line 009, plus line 011 (which is no longer zero as it was under Step 1), plus line 025. Enter this amount on line 031.

Line 134: Net IEG

Calculate the net IEG. This amount is the difference of line 130 minus line 132. Enter this amount on line 134 of Form AT29, as well as on line 129 of the Alberta Corporate Income Tax Return – AT1 (AT1 return).

If the amount entered on line 134 is positive, it will reduce the corporation’s Alberta Tax Payable for the year, or it may be applied against any other amount owing to the Government of Alberta before the remaining balance, if any, is refunded to the corporation. If the amount entered on line 134 is negative, it will increase the corporation’s Alberta Tax Payable for the year.

Agreement Among Associated Corporations

A qualified corporation is required to share the maximum expenditure limit with one or more associated corporations that claim an IEG in taxation years within the same calendar year. If the corporation checked ‘YES’ at line 100 on page 2 of Form AT29, then the Agreement Among Associated Corporations on page 3 of Form AT29 must be completed. One copy of the agreement must be filed by each corporation of the associated group with its AT1 return for the taxation year. A new agreement must be filed for each taxation year. Use additional pages if the spaces provided on page 3 of Form AT29 are insufficient.

If the corporation is not associated with one or more other corporations for IEG purposes, the first two sections on page 3 of Form AT29 should be left blank.
Identifying Information

Enter the corporate account number and date the taxation year ends for the qualified corporation identified at the top of page 1 of Form AT29 in the spaces provided.

Allocation of the Maximum Expenditure Limit

Line 200: Alberta corporate account number of associated corporation with longest taxation year

Enter the corporate account number of the associated corporation with the longest taxation year.

Line 202: Taxation year beginning

Enter the date the taxation year begins for the associated corporation with the longest taxation year.

Line 204: Taxation year ending

Enter the date the taxation year ends for the associated corporation with the longest taxation year.

Line 206: Number of days in the longest year

Enter the number of days in the taxation year of the associated corporation with the longest taxation year. The maximum number of days is 365 (or 366 if the associated corporation’s taxation year includes February 29).

Line 208: Maximum expenditure limit

Calculate the maximum expenditure limit to be allocated among the corporations associated for the purposes of the IEG by multiplying $4,000,000 by the ratio of the number of days in the longest taxation year (entered on line 206) to 365 (or 366 if the taxation year includes February 29).

Allocation of the Maximum Expenditure Limit

Column 220: Federal business number

For each corporation associated for the purposes of the IEG, enter the federal business number of the corporation.
Column 230: Alberta corporate account number

For each corporation associated for the purposes of the IEG, enter the corporate account number of the corporation.

Column 240: Allocated amount

For each corporation associated for the purposes of the IEG, enter the amount of maximum expenditure limit that is allocated to each of the corporations. Enter on line 102 the amount allocated to the corporation in respect of which Form AT29 is being filed.

Column 250: Eligible expenditures for the first preceding year

For each corporation associated for the purposes of the IEG, enter the eligible expenditures, if any, from its first preceding taxation year.

Column 260: Eligible expenditures for the second preceding year

For each corporation associated for the purposes of the IEG, enter the eligible expenditures, if any, from its second preceding taxation year.

Line 270: Total allocated maximum expenditure limit

Calculate the total allocated maximum expenditure as the sum of all entries in column 240. The total allocated maximum expenditure limit calculated on line 270 cannot exceed the maximum expenditure limit entered on line 208.

Line 280: Aggregate total of eligible expenditures for the first preceding year

Calculate the total of eligible expenditures from the first preceding taxation year of all entries in column 250.

Line 290: Aggregate total of eligible expenditures for the second preceding year

Calculate the total eligible expenditures from the second preceding taxation year of all entries in column 260.

Name of Person or Firm Who Prepared Form AT29

Enter the name, title, firm name (if applicable), and telephone number of the person or firm who prepared Form AT29, and the date it was prepared, in the spaces provided.

Appendix of Examples

Example 1

This example shows the two-step calculation of the IEG in a taxation year in which a qualified corporation was not associated with any other corporations, had eligible expenditures in only one of the preceding two taxation years, and whose taxable capital employed in Canada for the immediately preceding taxation year was less than $10 million.

The assumptions made in Example 1 include:

- The corporation’s taxation year begins January 1, 2022 and ends December 31, 2022.
- The corporation is a Canadian-controlled private corporation (CCPC) not associated with any other corporations for the purposes of the IEG.
- The corporation had federal qualified SR&ED expenditures of $1,000,000 during the taxation year ended December 31, 2022, as reported on line 559 of federal Form T661 for that year before deducting the IEG as provincial government assistance on federal line 513. Of this amount, $400,000 was eligible expenditures in respect of SR&ED carried out in Alberta, and the balance of $600,000 was incurred in Ontario.
- The corporation had eligible expenditures of $300,000 in respect of SR&ED carried out in Alberta during the first preceding taxation year ended December 31, 2021.
- The corporation did not have any eligible expenditures in respect of SR&ED carried out in Alberta during the second preceding taxation year ended December 31, 2020.
- The corporation paid total salaries and wages of $100,000 in respect of SR&ED carried out in Alberta during the taxation year ended December 31, 2022.
- The corporation used the prescribed proxy method for federal tax purposes.
- The corporation had taxable capital employed in Canada of $5,000,000 for the taxation year ended December 31, 2021, as reported on line 690 of federal Form T2 SCH 33 for that year.

See next four pages for sample forms.
# Listing of Innovation Employment Grant Projects Claimed in Alberta

**Name:** ABC Research Inc.  
**Corporate Account Number:** 1, 2, 3, 4, 5, 6, 7, 8, 9, 0  
**Taxation Year Ending:** 2022-12-31

This form is to be filed with the Alberta Innovation Employment Grant Schedule 29. Report all monetary values in dollars, DO NOT include cents.

For each Alberta SR & ED project, provide the following information.

<table>
<thead>
<tr>
<th>101 Project title (use same information as line 200 from part 2 of federal T661)</th>
<th>103 Project code (line 206 of federal T661)</th>

ALBERTA INNOVATION EMPLOYMENT GRANT
AT1 SCHEDULE 29
The Alberta Corporate Tax Act

Name: ABC Research Inc.

For Department Use 001

CAN: 1 2 3 4 5 6 7 8 9 0 Taxation Year Ending: 2 0 2 2 1 2 3 1

For use by a corporation for a taxation year in which the corporation is claiming the Innovation Employment Grant (IEG). Schedule 29 must be received by Alberta Treasury Board and Finance, Tax and Revenue Administration within 15 months after the day on or before which the corporation is required to file its AT1 for the year. For additional information on completing Schedule 29, see the Guide to Claiming the Innovation Employment Grant (the Guide).

Report all monetary values in dollars; DO NOT include cents.

AT1 Schedule 29
Page 1 of 3

Note 1: Federal amount reported on line 559 of federal Form T661 in Step 2 is the amount from Step 1 (1,000,000) less the amount of the IEG (62,000) entered as provincial government assistance on line 513 of federal Form T661.

Note 2: Portion of line 559 of federal Form T661 in Step 2 is the amount from Step 1 (400,000) less the amount of the IEG (62,000) entered as provincial government assistance on line 513 of federal Form T661.
# Maximum Expenditure Limit

Is the corporation associated with one or more corporations for IEG purposes?  
If "Yes", complete page 3.  
If the corporation is associated (line 100 = Yes), enter the allocated amount from applicable line 240 on page 3  
If the corporation is not associated (line 100 = No), calculate the following and enter the amount on line 104  
\[ \text{4,000,000} \times \frac{\text{days in tax year}}{365} \]  
Maximum expenditure limit for the year (line 102 or line 104 as applicable)  
* After December 31, 2020 to a maximum of 365, or 366 if the taxation year includes February 29  
** 366 days if the taxation year includes February 29

*If the corporation is associated with one or more corporations in the taxation year, the Base Amount is the amount that is the average of (1) the total of all amounts, each of which is the eligible expenditures of the corporation for its, or of one of the other corporations for its, last taxation year that ended in the last calendar year that ended before the end of the taxation year in which the corporation was associated with one or more corporations, and (2) the total of all amounts, each of which is the eligible expenditures of the corporation for its, or of one of the other corporations for its, taxation year immediately preceding the tax year described in (1).  
If the corporation is NOT associated with one or more corporations in the taxation year, the Base Amount is the amount that is the average of the eligible expenditures of the corporation for the two immediately preceding taxation years.

For the purposes of determining the Base Amount for a taxation year, eligible expenditures for a preceding year are calculated in the same way as line 031 of page 1.

### Taxable Capital\(^*\)

\[ (\text{40,000,000} - (\text{line 126} - \text{10,000,000})) \times \text{line 128} \]

AT29 (May-21) Form authorized and prescribed by the President of Treasury Board and Minister of Finance

AT1 Schedule 29 Page 3 of 3
Example 2

This example expands the fact situation in Example 1 in order to demonstrate the two-step calculation of the IEG in a taxation year in which a qualified corporation was not associated with any other corporations, but had eligible expenditures in both of the preceding two taxation years, and whose taxable capital employed in Canada for the immediately preceding taxation year was greater than $10 million.

The assumptions made in Example 2 include:

- The corporation’s taxation year begins January 1, 2022 and ends December 31, 2022.
- The corporation is a Canadian-controlled private corporation not associated with any other corporations for the purposes of the IEG.
- The corporation had federal qualified SR&ED expenditures of $1,000,000 during the taxation year ended December 31, 2022, as reported on line 559 of federal Form T661 for that year before deducting the IEG as provincial government assistances on federal line 513. Of this amount, $400,000 was eligible expenditures in respect of SR&ED carried out in Alberta, and the balance of $600,000 was incurred in Ontario.
- The corporation had eligible expenditures of $300,000 in respect of SR&ED carried out in Alberta during the first preceding taxation year ended December 31, 2021.
- The corporation had eligible expenditures of $200,000 in respect of SR&ED carried out in Alberta during the second preceding taxation year ended December 31, 2020.
- The corporation paid total salaries and wages of $100,000 in respect of SR&ED carried out in Alberta during the taxation year ended December 31, 2022.
- The corporation used the prescribed proxy method for federal tax purposes.
- The corporation had taxable capital employed in Canada of $12,000,000 for the taxation year ended December 31, 2021, as reported on line 690 of federal Form T2 SCH 33 for that year.

## Alberta Innovation Employment Grant Calculation

<table>
<thead>
<tr>
<th>Classification: Public</th>
</tr>
</thead>
</table>

| Calculate: (Lesser of line 031 and line 108) X 8% | 110 | 32,000 | |
| Calculate: ((Lesser of line 031 and line 108) - Base Amount*) X 12% | 112 | 18,000 | Note 3 |

### Non-associated - Base Amount

| Eligible expenditures for the first preceding year | 114 | 300,000 | |
| Eligible expenditures for the second preceding year | 116 | 200,000 | |
| Base amount: average of line 114 + line 116 | 118 | 250,000 | Note 4 |

### Associated - Base Amount

| Aggregate eligible expenditures of all associated corporation(s) for the first preceding year (from line 280 of page 3 of Schedule 29) | 120 |     | |
| Aggregate eligible expenditures of all associated corporation(s) for the second preceding year (from line 290 of page 3 of Schedule 29) | 122 |     | |
| Base amount: average of line 120 + line 122 | 124 |     | |

*If the corporation is associated with one or more corporations in the taxation year, the Base Amount is the amount that is the average of (1) the total of all amounts, each of which is the eligible expenditures of the corporation for its, or of one of the other corporations for its, last taxation year that ended in the last calendar year that ended before the end of the taxation year in which the corporation was associated with one or more corporations, and (2) the total of all amounts, each of which is the eligible expenditures of the corporation for its, or of one of the other corporations for its, taxation year immediately preceding the taxation year described in (1).

If the corporation is NOT associated with one or more corporations in the taxation year, the Base Amount is the amount that is the average of the eligible expenditures of the corporation for the two immediately preceding taxation years.

For the purposes of determining the Base Amount for a taxation year, eligible expenditures for a preceding year are calculated in the same way as line 031 of page 1.

### Taxable Capital**

| (($40,000,000 - (line 126 - $10,000,000))) X $40,000,000/10,000,000 | 126 | 12,000,000 | Note 5 |
| (line 126 - $10,000,000) X $40,000,000/10,000,000 | 128 | 0.95 | |

** If the corporation is associated with one or more corporations in the taxation year, the Taxable Capital is the total of all amounts, each of which is the taxable capital employed in Canada, as reported on line 690 of federal Form T2 SCH 33 of the corporation for its, or of one of the other corporations for its, last taxation year that ended in the last calendar year that ended before the end of the taxation year in which the corporation was associated with one or more corporations.

If the corporation is NOT associated with one or more corporations in the taxation year, the Taxable Capital is the amount of its taxable capital employed in Canada, as reported on line 690 of federal Form T2 SCH 33 of the corporation for its immediately preceding taxation year.

*** If Taxable Capital is less than or equal to $10,000,000, enter 1 on line 128

### IEG (line 110 + line 112) x line 128

| IEG (line 110 + line 112) x line 128 | 130 | 47,500 | Note 6 |
| If the corporation has received an IEG in respect of property that is sold or converted to commercial use during the taxation year, enter the amount of recapture | 132 |     | |
| NET IEG (line 130 - line 132) | 134 | 47,500 | |

Enter amount from line 134 on AT1 page 2, line 129

---

Note 3: Lesser of line 031 and line 108 (400,000), less line 116 (350,000), multiplied by 12 per cent.
Note 4: Average of eligible expenditures in 2020 and 2021: (200,000 + 300,000) / 2
Note 5: ((40,000,000 - (12,000,000 + 10,000,000)) / 40,000,000
Note 6: Line 110 plus line 112, multiplied by 0.95 from line 128

---

Classification: Public
ALBERTA INNOVATION EMPLOYMENT GRANT AGREEMENT AMONG ASSOCIATED CORPORATIONS

A qualified corporation is required to share the maximum expenditure limit with one or more associated corporations that claim an IEG in taxation years within the same calendar year. One copy of this completed agreement is to be filed by each corporation of the group with its AT1 for the taxation year. A new agreement must be filed in respect of each taxation year. AT29 (May-21) Form authorized and prescribed by the President of Treasury Board and Minister of Finance
AT1 Schedule 29
Page 3 of 3
Example 3

This example further expands the fact situations in Examples 1 and 2 in order to demonstrate the two-step calculation of the IEG in a taxation year in which a qualified corporation was associated with another corporation, had eligible expenditures in both of the preceding two taxation years, and whose taxable capital employed in Canada for the immediately preceding taxation year was greater than $10 million.

The assumptions made in Example 3 include:

Qualified Corporation

- The corporation’s taxation year begins January 1, 2022 and ends December 31, 2022.
- The corporation is a Canadian-controlled private corporation that is associated with another corporation for the purposes of the IEG.
- The corporation had federal qualified SR&ED expenditures of $1,000,000 during the taxation year ended December 31, 2022, as reported on line 559 of federal Form T661 for that year before deducting the IEG as provincial government assistance on federal line 513. Of this amount, $400,000 was eligible expenditures in respect of SR&ED carried out in Alberta, and the balance of $600,000 was incurred in Ontario.
- The corporation had eligible expenditures of $300,000 in respect of SR&ED carried out in Alberta during the first preceding taxation year ended December 31, 2021.
- The corporation had eligible expenditures of $200,000 in respect of SR&ED carried out in Alberta during the second preceding taxation year ended December 31, 2020.
- The corporation paid total salaries and wages of $100,000 in respect of SR&ED carried out in Alberta during the taxation year ended December 31, 2022.
- The corporation used the prescribed proxy method for federal tax purposes.
- The corporation had taxable capital employed in Canada of $12,000,000 for the taxation year ended December 31, 2021, as reported on line 690 of federal Form T2 SCH 33 for that year.

Associated Corporation

- The associated corporation’s taxation year begins July 1, 2021 and ends June 30, 2022.
- The associated corporation had eligible expenditures of $400,000 in respect of SR&ED carried out in Alberta during the taxation year ended June 30, 2022.
- The associated corporation had eligible expenditures of $150,000 in respect of SR&ED carried out in Alberta during the first preceding taxation year ended June 30, 2021.
- The associated corporation had eligible expenditures of $100,000 in respect of SR&ED carried out in Alberta during the second preceding taxation year ended June 30, 2020.
- The associated corporation had taxable capital employed in Canada of $13,000,000 for the taxation year ended June 30, 2021, as reported on line 690 of federal Form T2 SCH 33 for that year.

3. Medical and health sciences  
4. Agricultural sciences

**AT29 Jan-21**  
Form authorized and prescribed by the President of Treasury Board and Minister of Finance

**AT1 Schedule 29**  
Page 1 of 3

**Note 1:** Federal amount reported on line 559 of federal Form T661 in Step 2 is the amount from Step 1 (1,000,000) less the amount of the IEG (21,875) entered as provincial government assistance on line 513 of federal Form T661.

**Note 2:** Portion of line 559 of federal Form T661 in Step 2 is the amount from Step 1 (400,000) less the amount of the IEG (21,875) entered as provincial government assistance on line 513 of federal Form T661.
### Maximum Expenditure Limit

Is the corporation associated with one or more corporations for IEG purposes?  
*Yes* | *No* | *100* | *X* | *104*
---|---|---|---|---
If "Yes", complete page 3.  
If the corporation is associated (line 100 = Yes), enter the allocated amount from applicable line 240 on page 3  
*102* | *3,000,000*
If the corporation is not associated (line 100 = No), calculate the following and enter the amount on line 104  
*104* | *$4,000,000*  
$4,000,000 X days in tax year  
**365** | *108* | *3,000,000*
Maximum expenditure limit for the year (line 102 or line 104 as applicable)  
*108* | *3,000,000*
*After December 31, 2020 to a maximum of 365, or 366 if the taxation year includes February 29*  
**366 days if the taxation year includes February 29**

### Alberta Innovation Employment Grant Calculation

Calculate: (Lesser of line 031 and line 108) X 8%  
*110* | *32,000*
Calculate: ((Lesser of line 031 and line 108) - Base Amount*) X 12%  
*112* | *3,000*  
Note 3

#### Non-associated - Base Amount

- Eligible expenditures for the first preceding year  
*114*
- Eligible expenditures for the second preceding year  
*116*
- Base amount: average of line 114 + line 116  
*118*

#### Associated - Base Amount

- Aggregate eligible expenditures of all associated corporation(s) for the first preceding year (from line 290 of page 3 of Schedule 29)  
*120* | *450,000*
- Aggregate eligible expenditures of all associated corporation(s) for the second preceding year (from line 290 of page 3 of Schedule 29)  
*122* | *300,000*
- Base amount: average of line 120 + line 122  
*124* | *375,000*  
Note 4

*If the corporation is associated with one or more corporations in the taxation year, the Base Amount is the amount that is the average of (1) the total of all amounts, each of which is the eligible expenditures of the corporation for its, or, of one of the other corporations for its, last taxation year that ended in the last calendar year that ended before the end of the taxation year in which the corporation was associated with one or more corporations, and (2) the total of all amounts, each of which is the eligible expenditures of the corporation for its, or, of one of the other corporations for its, taxation year immediately preceding the taxation year described in (1).  
If the corporation is NOT associated with one or more corporations in the taxation year, the Base Amount is the amount that is the average of the eligible expenditures of the corporation for the two immediately preceding taxation years.  
For the purpose of determining the Base Amount for a taxation year, eligible expenditures for a preceding year are calculated in the same way as line 031 of page 1.*

#### Taxable Capital**

Note 7: Line 110 plus line 112, multiplied by 0.625 from line 128.
# ALBERTA INNOVATION EMPLOYMENT GRANT AGREEMENT AMONG ASSOCIATED CORPORATIONS

| CAN: 1 2 3 4 5 6 7 8 9 0 | Taxation Year Ending: 20221 2 3 1 |

A qualified corporation is required to share the maximum expenditure limit with one or more associated corporations that claim an IEG in taxation years within the same calendar year. One copy of this completed agreement is to be filed by each corporation of the group with its AT1 for the taxation year. A new agreement must be filed in respect of each taxation year. Use additional pages if space is insufficient.

The Alberta Corporate Account Number of the associated corporation with the longest taxation year:

(Enter the 9 or 10 digit account number) 200 2 3 4 5 6 7 8 9 1 0

Taxation Year Beginning: 202 2 0 2 1 0 7 0 1  
Taxation Year Ending: 204 2 0 2 2 0 6 3 0  
Number of days in the longest year: 206 365 (max. 365 days **)

$4,000,000  \times (\frac{365}{365}) = 4,000,000

Maximum Expenditure Limit

** 366 days if the longest taxation year includes February 29

Total Taxable Capital from all associated corporation(s) for the first preceding year 300 25,000,000

## Name of person or firm who prepared this form

Name (please print): Sally Smith  
Title: Senior Accountant  
Firm Name, if applicable (please print): Smith and Associates  
Telephone Number: 403-123-4567  
Date: December 31, 2023
Example 4

This example demonstrates the two-step calculation of the IEG in a taxation year that straddles the IEG’s coming into force date of January 1, 2021. For the purposes of this example, the qualified corporation was not associated with any other corporations, had eligible expenditures in both of the preceding two taxation years, and had taxable capital employed in Canada for the immediately preceding taxation year less than $10 million.

The assumptions made in Example 4 include:

- The corporation’s taxation year begins July 1, 2020 and ends June 30, 2021.
- The corporation is a Canadian-controlled private corporation not associated with any other corporations for the purposes of the IEG.
- The corporation had federal qualified SR&ED expenditures of $900,000 during the taxation year ended June 30, 2021, as reported on line 559 of federal Form T661 for that year before deducting the IEG as provincial government assistance on federal line 513. Of this amount:
  - $600,000 was incurred after December 31, 2020 and $300,000 was incurred before January 1, 2021.
  - $250,000 was in respect of SR&ED carried out in Alberta after December 31, 2020 and $150,000 was in respect of SR&ED carried out in Alberta before January 1, 2021.
  - $350,000 was incurred in British Columbia after December 31, 2020 and $150,000 was incurred in British Columbia before January 1, 2021.
- The corporation had eligible expenditures of $200,000 in respect of SR&ED carried out in Alberta during the first preceding taxation year ended June 30, 2020.
- The corporation had eligible expenditures of $100,000 in respect of SR&ED carried out in Alberta during the second preceding taxation year ended June 30, 2019.
- The corporation paid total salaries and wages of $100,000 in respect of SR&ED carried out in Alberta during the taxation year ended June 30, 2021. Of this amount, $50,000 was in respect of SR&ED carried out in Alberta after December 30, 2020.
- The corporation used the prescribed proxy method for federal tax purposes.
- The corporation had taxable capital employed in Canada of $8,000,000 for the taxation year ended June 30, 2020, as reported on line 690 of federal Form T2 SCH 33 for that year.

### Taxable Capital

\[
\text{Taxable Capital} = \left(\frac{40,000,000 - (\text{line 126} - (10,000,000))}{40,000,000}\right)
\]

** If the corporation is associated with one or more corporations in the taxation year, the Taxable Capital is the total of all amounts, each of which is the taxable capital employed in Canada, as reported on line 690 of federal Form T2 SCH 33 of the corporation for its, or of one of the other corporations for its, last taxation year that ended in the last calendar year that ended before the end of the taxation year in which the corporation was associated with one or more corporations.

** If the corporation is NOT associated with one or more corporations in the taxation year, the Taxable Capital is the total of its taxable capital employed in Canada, as reported on line 690 of federal Form T2 SCH 33 of the corporation for its immediately preceding taxation year.

** If the corporation is not taxable, the Taxable Capital is less than or equal to $10,000,000, enter 1 or line 128.

Enter amount from line 134 on AT1 page 2, line 128.
ALBERTA INNOVATION EMPLOYMENT GRANT AGREEMENT AMONG ASSOCIATED CORPORATIONS

CAN: ____________________________ Taxation Year Ending: _____________

A qualified corporation is required to share the maximum expenditure limit with one or more associated corporations that claim an IEG in taxation years within the same calendar year. One copy of this completed agreement is to be filed by each corporation of the group with its AT1 for the taxation year. A new agreement must be filed in respect of each taxation year. Use additional pages if space is insufficient.

The Alberta Corporate Account Number of the associated corporation with the longest taxation year:
(Enter the 9 or 10 digit account number) ____________

Taxation Year Beginning: * 202 YYYY MM DD
Taxation Year Ending: * 204 YYYY MM DD
Number of days in the longest year: * 206 (max. 365 days **)

$4,000,000 \times \left(\frac{1}{365}\right) = 208 \text{ Maximum Expenditure Limit}

** 366 days if the longest taxation year includes February 29

### Allocation of the Maximum Expenditure Limit
