

Airtanker Base Supervisor

Overview/Description

This course will provide the information necessary to enable candidates to safely and effectively manage an Airtanker Base operation.

Basic principles and concepts will be taught through a combination of classroom and practical training at an Airtanker Base.

Target Audience

Airtanker Base Supervisors and employees involved in Airtanker Base Management.

Prerequisites

- Candidates should possess clerical abilities.
- Candidates should be mechanically inclined.
- Experience as a loader with Alberta Wildfire is preferred.
- Candidates should have experience with Windows Operating System and with Microsoft Office Software.

Registration

Forestry Division employees can register through your local training contact.
