

# S134 Online Safety on the Fireline (CIFFC)

## Overview/Description

Wildland Fire - Safety on the Fireline aims to educate employees on how to avoid incidents on the fireline. This course is essential to anyone working on the fireline to ensure fireline personnel are aware of hazards and their associated risks. Safety is a major consideration in preventing wildland fire accidents.

## Target Audience

Anyone who will be working on the fireline.

## Prerequisites

- CIFFC Online Principles of Fire Behaviour
- CFFIC Online Understanding the Fire Weather Index (FWI) System.

## Registration

Forestry Division employees can register following instructions on the [WF launch page](#).
