

Fire Permit

Overview/Description

This course reviews the procedures used to prepare and issue a fire permit. Material covers how to complete an FP69 Fire Permit and/or FP69A Municipal Fire permit.

This course uses scenarios to determine whether burning may proceed and under what conditions the burn may take place.

Target Audience

Forestry Division employees responsible for issuing fire permits. Other government agencies may apply.

Prerequisites

There are no prerequisites.

Registration

Forestry Division employees can register following instructions on the [WF launch page](#).

Other government departments contact
