

Incident Command System I-200

Overview/Description

Basic Incident Command System, I-200 defines the unique qualities of ICS as an event or incident management system. The course units and lessons provide introduction to leadership and management, delegation of authority and management by objectives, functional areas and positions, briefings, organizational flexibility, and transfer of command.

Target Audience

I-200 provides training for personnel who are likely to assume a supervisory position within the ICS. This course is also a prerequisite for people who wish to take the Incident Command System I-300.

Prerequisites

- Online Introduction to ICS I-100

Registration

Forestry Division employees register through your local training contact.
