

National Air Attack Officer – Level 1

Overview/Description

Teaches the basic principles involved in the air attack program regarding airtanker operations. It provides personnel who have sufficient fire suppression experience with the background knowledge needed to develop into competent air attack officers with further experience and on-the-job training.

Target Audience

Uncertified air attack officers and trainees.

Prerequisites

- 5 years field fire suppression experience. Proven achievement in forest protection and fire suppression activities in a command position.

Registration

Forestry Division employees register through your local training contact.

Individuals outside of Forestry Division, please contact your local or Provincial training contact
