

Scaling

Overview/Description

The online Scaling course is a prerequisite for Scaling 105.

The course covers:

- Alberta's Scaling Program
- Timber Dispositions and Crown Charges
- Basic log measurements
- Approved Scaling methods
- Check Scale Program
- Mass Scaling

Classroom refresher course and field exam must also be completed for scaling permit renewal.

Target Audience

Forestry Division employees.

Prerequisites

There are no prerequisites.

Registration

Forestry Division employees can register following instructions on the [WF launch page](#).
