

# Transportation of Dangerous Goods (combined Air & Ground Course)

## Overview/Description

This online Transportation of Dangerous Good (TDG) training was specifically designed for forestry employees only. Training encompasses current legislation and combines Air and Ground components into one course delivery. The expiry dates for the training have not changed, TDG Air is still 2 years and TDG Ground is still 3 years. Using the program to recertify for TDG Air will also recertify you for TDG Ground.

## Target Audience

Forestry Division employees.

## Prerequisites

- N/A

## Registration

Forestry Division employees register through your local [TDG Administrator](#).
