

Wildfire Orientation

Overview/Description

The purpose of the online Wildfire Orientation course is to provide personnel with the essential general information to work safely and efficiently when assigned to a wildfire incident.

Target Audience

Any Government of Alberta employee or contract worker fulfilling a role on a wildfire incident.

Prerequisites

There are no prerequisites.

Registration

Forestry Division employees can register following instructions on the [WF launch page](#).

Non-Forestry Division employees contact htc.online@gov.ab.ca.

Contractors register with your local training contact.
