

Efficient Grain Handling Program

This program is an energy efficiency program intended to assist producers with reducing the overall energy use on their operations.

The program funds grain handling equipment that shows a significant energy efficiency improvement over standard practice.

Eligible Applicants

- Individual or corporation registered in Alberta that is responsible for day-to-day management and input costs of a crop operation and produce at least \$25,000 worth of farm commodities annually.
 - Approved Indigenous applicants (First Nation, Métis Nation, Inuit).
- and**
- Has a current Environmental Farm Plan (EFP) certificate or letter or will receive one before the end of the project term. The name on the EFP does not need to match the name on the grant application, but must be for the same farm

Cost Share

Grants will be funded on a 50% cost-share basis.

Eligible expenses for approved projects will be funded to:

- minimum grant of **\$500**/applicant
- maximum grant of **\$100,000**/applicant

Note: the program is retroactive to April 1, 2023.

Funding List

- Funding list may change.
