

Licensed Family Day Home Agencies

July 2024

Overview

Family day home educators provide home-based child care and operate under licensed family day home agencies. These agencies are responsible for supporting and monitoring family day home educators and ensuring they meet the requirements under the [Family Day Home Standards](#) and *Early Learning and Child Care Act*.

Under the Act, family day home educators can provide care for up to 6 children, not including their own children. To learn more about the different types of child care in Alberta, visit alberta.ca/child-care.

To find an approved family day home provider, contact one of the agencies listed below by the following communities: [Calgary region](#), [Central region](#), [Edmonton region](#), [North central region](#), [Northeast region](#), [Northwest region](#) and [South region](#).
