

Curriculum Working Group Members

Kindergarten-Grade 6

December 22, 2020

Overview

Curriculum working group members review draft curriculum through the lens of their discipline and subject knowledge, as well as their classroom perspective. Their targeted and specific feedback will help inform and refine the draft curriculum before it's released to the public and education partners.

The membership has been refined to focus on engaging with certificated teachers based on grade grouping and subject expertise. The curriculum working group is comprised of a representative sample of teachers from all types of school authorities, while reflecting the geographic and demographic diversity across Alberta. Some members have participated in previous curriculum working groups or a Teacher and Educator Focus Group.

NAME	SCHOOL AUTHORITY	SUBJECT	PREVIOUS MEMBER
