

Completing the Certification Mentorship Application

Please note the following

- Please be as thorough as possible when completing your application form. This will ensure the best possible match with your mentor/mentee.
- You will have to save the form first and then fill out the application form.
- The application is set up for digital signatures so there shouldn't be any need to print and scan.
- The name that is put in the application automatically populates the same name on the last page, as the Mentee, in the Mentor-Mentee Agreement.
- When you click the email address, an email is automatically populated for the Mentorship email box. **However, please make sure you have attached the application to your email.**
- There are no costs or fees associated with this program.
