How to Access the Alberta Geospatial Services Platform (AGSP) Portal

This document will guide you on the process of accessing the Alberta Geospatial Services Platform (AGSP) Portal and how to join application groups to open applications. For this documentation this includes the FireWeb External Application and the PHAP Application.

To access the Alberta Geospatial Services Platform you will require a MyAlberta Digital ID for Business account (recommended) or a personal MyAlberta Digital ID account (not available for clients outside of Alberta). Once either account is created and verified you will be able to access the AGSP Portal.

Accessing the AGSP Portal and Joining Application Groups

This step will create an Alberta Geospatial account that you will need to access the Application Groups. Accessing the portal and joining the individual groups needs to be done once for each Application Group that you require access to.

To activate your Alberta Geospatial account:

1. Go to the Alberta Geospatial Services Platform (AGSP) Portal
   a. Option 1: To join and access Applications click on the main portal link below and click on the “Sign In” button.
      https://geospatial.alberta.ca/portal/home/

   b. Option 2: If you know which Wildfire Application Group you want to join, click the appropriate link below.
      FireWeb External Application
      PHAP Application
2. **Click** the blue “Alberta Geospatial Services” button.

![Sign in to Portal with Alberta Geospatial Services](image1.png)

3. **Click** “MyAlberta Digital ID for Business” or “MyAlberta Digital ID” in the new screen.

![Secure Sign-in](image2.png)

4. **Enter** your “MyAlberta Digital ID for Business” or “MyAlberta Digital ID” User Name and Password, once signed in you will be redirected back to the Alberta Geospatial Portal.
5. **Click** on the “Groups” tab on the Alberta Geospatial Services Platform (AGSP) Portal. If you chose **Option 2**, in Step 1, to go directly to a specific group, skip to **Step 9**.

6. **Click** on “My Organization’s Groups” button.

![Search My Organization’s Groups button](image2.png)

7. **Type** the name of the Application Group that you wish to join using the Search function in the “Search My Organization’s Groups” box, ie. FireWeb External or PHAP.

![Search function in AGSP](image3.png)

8. **Click** on the Group that matches the search when it appears.

![Group search results](image4.png)
9. **Select** “Join This Group”, in the new page.

10. **Click** “Submit Request” in the pop-up to “Join a group”.

11. Once your request is approved you will receive a notification under the “Bell” icon in the top right next to your identification. After approval you will have access to the application. **Please Note!** There is no email notification, you will have to check back in the portal for the notification to appear under the “Bell” icon.

If you do not receive approval within one business day please contact the Geospatial Services Support Team through email at **SA_AGSP@gov.ab.ca**.
Signing in to the FireWeb External or PHAP Applications:

For FireWeb External click on this link: https://geospatial.alberta.ca/FireWeb_External
For PHAP click on this link: https://geospatial.alberta.ca/PHAP

1. A Terms of Use Page will display on your first visit, click the “check box” to agree to the terms of use, then click the “Continue” button. **Note:** You must first be approved access to the group.

   ![Terms Of Use](image1)

2. Click the blue “Alberta Geospatial Services” button.

   ![Enterprise login](image2)

3. Click “MyAlberta Digital ID for Business” or “MyAlberta Digital ID” in the new screen.

   ![Secure Sign-in](image3)

4. Enter your “MyAlberta Digital ID for Business” or “MyAlberta Digital ID” User Name and Password, once signed in you will be redirected back to the Application.

Classification: Public
