2022 consultation areas

Lac Ste. Anne Métis Community – November 1, 2022

Attention Project Proponents:

The consultation area which is used to direct consultation with the Lac Ste. Anne Métis Community will be implemented as of November 1, 2022 at 4:30 pm.

The Government of Alberta (GoA) has the right and responsibility to change the geographic area in which consultation with a particular credibly asserted Métis community is directed, as new information becomes available to the GoA regarding that Métis community's activities. The more the GoA's consultation area coincides with the geographic area in which Métis community members practice harvesting activities and traditional uses, the lower the risk of conflicts and the higher the probability of an effective consultation.

Where consultation on a project or initiative has commenced prior to the effective date, then that consultation should ordinarily be completed as previously intended. For project-specific issues arising from this transition, please discuss with GoA consultation staff.
