REVENUE REPORTING CONTACT

As part of the evaluation process for the FTTC Program, the program will substantiate the revenue or profit earned by an individual production in order to reflect the impact of film and television productions on the Alberta Economy. However, we understand that this revenue will be captured following Completion of Production (1-5 years) and potentially not directly by the applicant corporation.

Please provide a contact that program staff may reach out to discuss the reporting of revenue/profits with regard to the applicant production.
