Important Information

Suspension/Disqualification of Driving Privileges

Your privilege to operate a motor vehicle in the Province of Alberta has been immediately suspended/disqualified pursuant to Section 89(1) of the *Traffic Safety Act*. This action has been taken because a peace officer reasonably suspected that you have a medical or physical condition or you have consumed alcohol or otherwise introduced into your body any alcohol, drug or other related substance that may have affected your physical or mental ability to safely operate a motor vehicle.

A peace officer has required that you surrender your operator's licence. Refusal or failure to surrender your operator's licence does not prevent the suspension/disqualification from driving from taking effect.

Return of Operator's Licence after 24 Hour Suspension/Disqualification

The law enforcement agency responsible for the issuance of this 24 Hour operator's licence suspension/disqualification will hold your operator's licence (if surrendered) for 7 days. It is your responsibility to retrieve your operator's licence from the agency. Your licence will be destroyed after 7 days if you don't claim it. In this case you will need to purchase a duplicate operator's licence at an Alberta Registry Agent office.

Record of Suspension/Disqualification
