Designated industrial linear property operator's responsibility / purpose of the 2024 assessment year request for information

Under sections 292, 294, and 295(1) of the *Municipal Government Act* and parts 9-12 of The Lloydminster Charter, all designated industrial linear property operators in the Province of Alberta and the City of Lloydminster, Saskatchewan are required to provide a report relating to the designated industrial linear property when requested by the assessor.

The 2024 Assessment Year Request for Information (2024 AY RFI) Reference Guide provides the required steps for the operators of electric power systems (electric power generation) to prepare a fully compliant 2024 AY RFI Return.

The 2024 AY RFI and other material provide direction and explain the circumstances you will need to update/modify the enclosed pre-populated 2024 AY RFI Excel file (**Company Number_RFI_SELF_REPORTED_EPG_2024.xls**). The 2024 AY RFI also provides direction and explains the circumstances under which you are required to send copies of other documents as part of your 2024 AY RFI Return.

You must report all information and provide all documentation requested in the 2024 AY RFI by November 13, 2024 to accurately report the electric power systems designated industrial linear property (electric power generation) inventory you own as of October 31, 2024.

2024 AY request for information return declaration form

This form is to ensure your contact information is up to date and the 2024 AY RFI Return has been filled out in compliance with the 2024 AY RFI. This form must be completed, signed and included with the 2024 AY RFI Return by November 13, 2024.

Supplementary assessment for 2024 tax year

Please review the "Supplementary Assessment for Designated Industrial Linear Property" document in this 2024 AY RFI communication package.

Terminology

'Plain language' and industry-familiar terminologies have been used in the 2024 AY RFI whenever possible. The 2024 AY RFI is a legal document that deals with technically complex subjects. Review the following "Terms and Definitions" section for the meaning of key words used in the 2024 AY RFI. Also, review the Appendix for expanded reporting instructions for common inventory file elements and cross-references between industry-familiar terminologies used in the 2024 AY RFI.

Terms and definitions

In the 2024 Assessment Year Request for Information (2024 AY RFI) for operators of electric power systems (electric power generation):

- (a) **2024 AY RFI Return** means a complete inventory file (including copies of the documents to support the total project costs and the claimed excluded costs pursuant to the *Municipal Government Act*, CCRG and any supporting GIS files) submitted to the assessor in response to the 2024 AY RFI.
- (b) **AER** means Alberta Energy Regulator.
- (c) **Alberta** means the Province of Alberta and the City of Lloydminster, Saskatchewan.
- (d) **allocation area** means the administrative areas defined by the assessor to determine in which municipality the designated industrial linear property is located.
- (e) **assessment year** has the meaning given to it in the Regulation.
- (f) **assessor** has the meaning given to it in section 284(1)(d) of the *Municipal Government Act* or parts 9-12 of The Lloydminster Charter.
- (g) **ATS** means Alberta Township System legal land parcel (un-subdivided).
- (h) **AUC** means Alberta Utilities Commission.
- (i) **CCRG** refers to the 2005 Construction Cost Reporting Guide.
- (j) **designated industrial property** has the meaning given in s284(f.01) of the *Municipal Government Act* and parts 9-12 of The Lloydminster Charter.
- (k) **Geographic Information System (GIS)** means a map-based application such as MapInfo, ESRI or Intergraph and the application's associated spatial data (example: line work style, symbols and geometries).
- (l) **electric power systems** has the meaning given to it in section 284(1)(k)(i) of the *Municipal Government Act* and the Matters Relating to Assessment and Taxation Regulation, 2018 (AR 203/2017); or parts 9-12 of The Lloydminster Charter and Matters Relating to Assessment and Taxation 2018 (AR 203/2017).
- (m) **included cost (ic)** means the value of designated industrial linear property calculated in accordance with the CCRG, prior to adjustment by the cost factor, as defined in section 1.001 of the 2023 Alberta Linear Property Assessment Minister's Guidelines.
- (n) **inventory file** means the Microsoft Excel file prescribed and pre-populated by the assessor in the 2024 AY RFI or a GIS file containing the same information or a combination of the two.
- (o) **linear property** has the meaning given to it in section 284(1)(k) of the *Municipal Government Act* and the Matters Relating to Assessment and Taxation Regulation, 2018 (AR 203/2017); or parts 9-12 of The Lloydminster Charter and Matters Relating to Assessment and Taxation 2018 (AR 203/2017).
- (p) **operator** has the meaning given to it in section 284(1)(p) of the *Municipal Government Act* and the Matters Relating to Assessment and Taxation Regulation, 2018 (AR 203/2017); or parts 9-12 of The Lloydminster Charter and Matters Relating to Assessment and Taxation 2018 (AR 203/2017).
- (q) **project cost** means the cost of construction as described in section 1.000 of the CCRG.
- (r) **regulation** means the Matters Relating to Assessment and Taxation Regulation, 2018 (AR 203/2017) in the Province of Alberta and in the City of Lloydminster.
- (s) **request for information (RFI)** means the requested information referred to in section 295(1) of the *Municipal Government Act* or parts 9-12 of The Lloydminster Charter, and the information requested by the assessor pursuant to sections 294(1) and 295(1) of the *Municipal Government Act* or parts 9-12 of The Lloydminster Charter.
- (t) **supplementary assessment** as referenced in section 313 of the *Municipal Government Act*.

- (u) **year built** is the year in which the designated industrial linear property meets the conditions in section 291(2)(a) of the *Municipal Government Act* or parts 9-12 of The Lloydminster Charter.

General information

What information must you report in the inventory file?

You must report all the information requested in the 2024 AY RFI and provide supporting documents where requested. The 2024 AY RFI provides detailed instructions to assist you to prepare a fully compliant 2024 AY RFI Return.

If you own any electric power systems (electric power generation) designated industrial linear property in Alberta as of October 31, 2024, and have changed the inventory (decommissioned, new, purchased, sold, removed, replaced, and/or modified) which has been pre-populated on the 2024AY RFI Excel file, you must complete and submit an inventory file as your 2024 AY RFI Return.

To get you started, your current designated industrial linear property inventory has been pre-populated in your 2024 AY RFI Excel file with the best information known to the assessor. If the:

- pre-populated information is correct, and you have no changes, then submit the Excel file as your 2024 AY RFI Return to the Assessment Services Branch. For further instructions, please go to the section “Filing your 2024 AY RFI Return” in this document.
- pre-populated information is incorrect or otherwise deficient or inaccurate, you must update the pre-populated information with additions, deletions and changes as required, to reflect your inventory as of October 31, 2024. **This will assist the assessor in determining if the inventory is designated industrial linear property or not.**

All electric power generation designated industrial linear property is assessed based on the total project costs in accordance to the 2005 Construction Cost Reporting Guide and the 2023 Alberta Linear Property Assessment Minister’s Guidelines. The associated inventory must be reported with the total project costs reported for each year of construction. To assist the assessor in determining the designated industrial linear property assessment, the 2024 AY RFI Return must include copies of all documentation below, **but is not limited to:**

1. **Description of the scope and purpose of the project**, including sufficient explanation to support the cost reports and the resultant cost classifications. A detailed preliminary estimate would be of value.
2. **Summary Cost Report** which includes the operator’s summary of the project costs which can be classified by the assessor as:
 - a. Buildings, structures and land costs (these should also be reported to the mid-sized industrial unit at MA.asbcia.asmt@gov.ab.ca)
 - b. Machinery and equipment as defined in the Regulation (these should also be reported to the mid-sized industrial unit at MA.asbcia.asmt@gov.ab.ca)
 - c. Designated industrial linear property
 - d. Exempt property (as per the Municipal Government Act)
 - e. Costs to be excluded in accordance with the *Municipal Government Act* and CCRG, as claimed by the operator
3. **Detailed Cost Reports** which are, in essence, cost recording by detailed cost elements which support cost classifications and are reconciled to the Summary Cost Report.
4. **All related documents** to support claims of costs to be excluded in accordance with the *Municipal Government Act* and CCRG including and not limited to reports or ‘logs’ for scope changes, extra work orders, field construction orders and purchase contracts.
5. **Reconciliation** of the Summary Cost Report, the Detailed Cost Report, and the Cost Rendition.

All documentation provided **must** have sufficient explanation and support to reconcile the cost details provided. **It is the assessor that makes the final determination whether the costs will be included or excluded in the determination of the designated industrial linear property assessment.**

Other publications you may need

Copies of the Municipal Government Act, the Freedom of Information and Protection of Privacy Act, The Lloydminster Charter, and the 2005 Construction Cost Reporting Guide can be purchased from the Alberta King's Printer Bookstore. For more information, visit the King's Printer website at <https://www.alberta.ca/alberta-kings-printer.aspx>

What do you include with your 2024 AY RFI Return and what records do you keep?

As stated previously, copies of all documentation below that includes, but is not limited to:

1. **Description of the scope and purpose of the project** including sufficient explanation to support the cost reports and the resultant cost classifications. A detailed preliminary estimate would be of value.
2. **Summary cost report**, which includes the operator's summary of actual project costs which can be classified as:
 - a. Buildings, structures, and land costs (these should also be reported to local assessor)
 - b. Machinery and equipment as defined in the Regulation (these should also be reported to local assessor)
 - c. Designated industrial linear property
 - d. Exempt property (as per the *Municipal Government Act*)
 - e. Costs to be excluded in accordance with the Municipal Government Act and CCRG, as claimed by the operator
3. **Detailed cost reports** which are, in essence, cost recording by detailed cost elements which support cost classifications and are reconciled to the summary cost report.
4. **All related documents** to support claims of costs to be excluded in accordance with the *Municipal Government Act* and CCRG including and not limited to reports or 'logs' for scope changes, extra work orders, field construction orders and purchase contracts.
5. **Reconciliation** of the Summary Cost Report, the Detailed Cost Report, and the Cost Rendition.

The operator should retain all supporting documents until at least December 31, 2027, in case the assessor requests them for verification of the 2024 AY RFI Return.
6. **A commissioning certificate** confirming that the market participant has met its obligations and the AESO is satisfied that the facility will be reliably and safely integrated into the Alberta Interconnected electric system.

*ie: *Effective Date Month/Day/Year, the Market Participant, for the Facility under asset ID XXXX, is eligible for **commercial operation**.*

Filing your 2024 AY RFI Return

2024 AY RFI Returns may be e-mailed to ma.alpasmail@gov.ab.ca

2024 AY RFI Returns may be mailed, couriered or hand delivered to:

Provincial Assessor
Assessment Services Branch
Municipal Affairs
15th Floor, Commerce Place
10155 102 St NW
Edmonton AB T5J 4L4
Canada

All information reported to the assessor will be managed in accordance with the *Municipal Government Act* and the Freedom of Information and Protection of Privacy Act.

It is your statutory duty (per section 295 of the *Municipal Government Act* and section 241 of The Lloydminster Charter) to ensure that the 2024 AY RFI Return is complete and accurate as the information contained therein will be relied upon by the assessor for the 2025 tax year and where applicable, the 2024 tax year Supplementary Assessment.

**Submit your 2024 AY
RFI Return to the
Assessment Services
Branch no later than
November 13, 2024**

What happens to your 2024 AY RFI Return after the assessor receives it?

The assessor will review your submission and may ask for additional information to clarify or support your 2024 AY RFI Return. This information will be used to prepare your 2024 designated industrial linear property assessment for property taxation in 2025 and where applicable, the 2024 tax year Supplementary Assessment.

As previously mentioned, depending on the location of the property, a 2024 tax year Supplementary Assessment may be created. Please review the “Supplementary Assessment for Designated Industrial Linear Property” document included in this RFI communication package.

What are the consequences of not filing a 2024 AY RFI Return by November 13, 2024?

You will not be compliant with legislation if your 2024 AY RFI Return is not received by November 13, 2024.

If the operator does not provide the requested information the assessor must prepare the assessment as well as, any Supplementary Assessment, using any other source of information that the provincial assessor considers relevant, as at October 31 of the year prior to the year in which the tax is imposed under Part 10 in respect of the designated industrial linear property, section 292(2.1) (b) of the *Municipal Government Act*;

or

In accordance with parts 9-12 of The Lloydminster Charter, if the company does not provide the requested information, the assessor must prepare the assessment using whatever information is available about the designated industrial linear property.

The assessor must prepare the 2024 tax year Supplementary Assessment where applicable. Please see the “Supplementary Assessment for Designated Industrial Linear Property” document included in this RFI communication package.

The operator may lose the right to appeal to the Land and Property Rights Tribunal in accordance with section 295(4) of the *Municipal Government Act* or parts 9-12 of The Lloydminster Charter.

The assessor may apply to the court to obtain the required information under section 296(1) of the *Municipal Government Act* or parts 9-12 of The Lloydminster Charter.

Getting started

Please open your 2024 AY RFI Excel file which has been pre-populated with the best information known to the assessor. The 2024 AY RFI PDF document provides the detailed instructions on how to report your inventory **in the Province of Alberta and the City of Lloydminster, Saskatchewan** as of October 31, 2024.

If you have any questions or require assistance with your 2024 AY RFI, please contact one of the following:

- a) Liza Victoor
Liza.Victoor@gov.ab.ca
780-427-3969
- b) Kristin Coutts
Kristin.Coutts@gov.ab.ca
780-939-1495
- c) Mayling Mah
Mayling.Mah@gov.ab.ca
825-468-4131

Government of Alberta telephone numbers can be reached toll free from anywhere in Alberta by first calling 310-0000.

E-mail general inquiries to ma.alpasmail@gov.ab.ca

Instructions for reporting operator details on sheet 1 (Oper)

Sheet 1 (Oper) captures information about the operator of an electric power systems (electric power generation) and the Canada Post mailing address for the assessment notice.

Sheet 1 (Oper) has been pre-populated with the best information known to the assessor. All operators of electric power systems (electric power generation) as of October 31, 2024, must update the information that appears in Sheet 1 (Oper) of the enclosed inventory file using the instructions in Table 1.

Table 1 – Operator identification

Row	Label	Reporting Instructions
Note: The information in rows 1 and 2 are for the assessor’s use only and do not need to be reviewed or updated by the operator.		
Operator (row 3)		
3	AsseName	Enter the full legal name of the operator (individual or corporation). If the operator is a corporation, enter the name as recorded on the incorporation documents.
Person accountable for the 2024 AY RFI (rows 4 and 5)		
4	RfiActName	Enter the name of the individual in the operator’s organization who is accountable for the completeness and correctness of the information submitted to the assessor. This individual must be an officer or executive of the organization.
5	RfiActTitle	Enter the title of the accountable person.
Contact person for the 2024 AY RFI (rows 6 and 7)		
6	RfiContactName	Enter the full name of the individual who will act as the first point of contact if the assessor has questions about the 2024 AY RFI Return.
7	RfiContactTel	Enter the daytime business telephone number (including area code and country code, if applicable) for the contact person.
Assessment notice mailing address (rows 8 through 15). The address must be inside the operator’s organization and must follow Canada Post address standards per https://www.canadapost-postescanada.ca/cpc/en/support/articles/addressing-guidelines/overview.page		
8	Addr1	Enter the first line of the mailing address.
9	Addr2	Enter the second line of the mailing address.
10	Addr3	Enter the third line of the mailing address.
11	Addr4	Enter the fourth line of the mailing address.
12	Muni	Enter the Canada Post municipality.
13	PrSt	Enter the two-character Canada Post code for the province or state.
14	PcZip	Enter the postal code (6) or zip code (5 or 5+4 format).
15	Cntry	Enter the full name of the country. Enter USA for the United States of America.
16	RFI sent to (Primary email):	Current Primary email address.
17	RFI sent to (Secondary email):	Current Secondary email address.
18	Updated Primary email:	Enter updated Primary email address if any changes are needed.
19	Updated Secondary email:	Enter updated Secondary email address if changes are needed.

Instructions for reporting customer site facilities in Alberta on sheet 2 (ESF)

Sheet 2 (ESF) Equipment site facilities for electric power systems (electric power generation) are limited to power generating units. This sheet has been pre-populated with the best information known to the assessor. All operators of electric power systems (electric power generation) as of October 31, 2024, must update the information that appears in Sheet 2 (ESF) of the enclosed inventory file using the instructions in Table 2.

The 2024 AY RFI inventory file allows the operator to report up to four address schemes to describe the location of inventory; at least one must be reported.

Table 2 – Equipment sites in Alberta

Row	Label	Reporting Instructions
Note: The information in “column A” is for the assessor’s use only and does not need to be reviewed or updated by the operator.		
B	Trx	Enter A , C or D or leave blank. See Appendix for further instructions.
Location - Allocation Area (columns C through E) Codes from Table 4 starting on Page 11 of the 2024 Allocation Area Guide		
C	TaxJurID	Municipality code. Code from column 3 , Table 4
D	AsmntJurID	Assessment jurisdiction code. Code from column 4 , Table 4
E	AAName	Allocation area name. Code from column 1 , Table 4
Inventory Details (columns F through r)		
F	RecType	Enter GEN . See Appendix for further instructions.
G	GenID	Generating unit code. See Table 4 in Appendix section
H	AsselInventID	Enter the code used by the operator to uniquely identify the inventory (up to 150 characters).
I	AsselInventName	Enter the name or description (for example, type of inventory, function) used by the operator to uniquely identify the inventory (up to 150 characters).
J	UnitYear	Enter the year the generating unit was first constructed or capable of being used in Alberta.
K	CapMW	Enter the generating unit nameplate capacity in megawatts.
L	GenGWh	Enter the total generation capacity for the 12 months ending October 31, 2024, in gigawatt hour.
M	GenUtil	Enter the percent (%) of generation capacity in use for the 12 months ending October 31, 2024.
N	Grid	Enter Y if the generating unit was capable of supplying electricity to the public power grid on October 31, 2024, otherwise enter N.
O	Turbine	Enter one of the following codes: <ul style="list-style-type: none"> • STEAM or • GAS or • X for unknown or other types of turbines.
P	TurbMake	Enter the turbine make/model.
Q	TurbYear	Enter the year that the turbine was manufactured.
R	Fuel	Enter one of the following codes: <ul style="list-style-type: none"> • COAL or • NG for natural gas or • HYDRO or • WIND or SOLAR or BATTERY • BIOMASS or • X for unknown or other types of fuel.

Row	Label	Reporting Instructions
Project Costs and Excluded Costs (columns S through V) – Each year of construction must be reported as a separate record. The information in columns C through R and columns W through AH must be identical for each record. See Appendix for reporting instructions.		
S	CostYr	Construction cost year.
T	ProjCost	Total project cost for the construction cost year (CostYr) (round to the nearest dollar, no decimals, no commas, no dollar signs). Review the section “What information must you report in the inventory file?” for clarification.
U	TotalCcrgDed	Total excluded costs claimed per Municipal Government Act and CCRG (round to the nearest dollar, no decimals, no commas, no dollar signs). Enter 0 (zero) if not applicable. Review the section “What information must you report in the inventory file?” for clarification.
V	CostSrce	The Authorization for Expenditure (AFE), project, account or other corporate records that contain the project cost details. Review the section “What information must you report in the inventory file?” for clarification.
Location - Address (columns W through AH) – Enter the address that best describes the main entrance to the building, structure, or land where the inventory resides. Report all applicable address formats. The information in columns W through AH must be identical for all inventory that resides in the same building, structure, or land. See Appendix for reporting instructions.		
Alberta Township System (ATS) legal land parcel (columns W through AB)		
W	FrQS	Quarter section. Enter NE, NW, SE, SW or leave blank.
X	FrLSD	Legal subdivision. Enter 01 to 16 or leave blank.
Y	FrSec	Section. Enter 01 to 36 .
Z	FrTwp	Township. Enter 001 to 126 .
AA	FrRge	Range. Enter 01 to 30 .
AB	FrMer	Meridian. Enter 3 to 6 .
Subdivided parcel (columns AC through AE)		
AC	FrP	Plan.
AD	FrB	Block.
AE	FrL	Lot.
Municipal address (column AF)		
AF	FrMuniAddr	Municipal (or “street”) address.
Geographic coordinates (columns AG and AH)		
AG	FrNAD83Lat	NAD83 latitude. Enter 49.000000 to 60.000000 (approximate range).
AH	FrNAD83Long	NAD83 longitude. Enter -110.000000 to -120.000000 .

Appendix - common reporting instructions

Record transaction (Trx)

The 2024 AY RFI inventory file is pre-populated with the best information known to the assessor. You must change the information as necessary to accurately reflect the inventory that you own as of October 31, 2024. The Trx column allows you to flag the records you have changed. Enter:

- **A** for new records (these records did not exist on the pre-populated inventory file); or
- **C** for changed records (these records are on the pre-populated inventory file, but the content is now different); or
- **D** for records that are no longer applicable as of October 31, 2024 (these records are on the pre-populated inventory file, but should not be used for the 2024 assessment year); or
- Leave the column blank if the entire record is identical (no changes) to the pre-populated inventory file.

Record type (RecType)

Find the type of inventory units to be reported in column 1, Table 5. Determine the type of 2024 AY RFI record (column 2) to report, the number of records required (column 4) and the sheet to report it on (column 3).

Location – address

The 2024 AY RFI inventory file uses four address schemes to describe the location of inventory. Report all applicable (or available) addresses. At least one of the “location – address” schemes **must** be reported.

1. Alberta Township System legal land parcel (un-subdivided) – The default address scheme for rural Alberta, it has six components:
 - a. Quarter section (QS) – Enter **NE, NW, SE, SW** or leave blank. Blank is valid when the exact location in the section is unknown, or an LSD is specified instead.
 - b. Legal subdivision (LSD) – Enter **01** to **16** or leave blank. Blank is valid when the exact location in the section is unknown, or a QS is specified instead.
 - c. Section (S) – Enter **01** to **36**. This is a mandatory ATS address field. Include the leading zeroes (example: 06, not 6).
 - d. Township (T) – Enter **001** to **126**. This is a mandatory ATS address field. Include the leading zeroes (example: 002, not 2).
 - e. Range (R) – Enter **01** to **30**. This is a mandatory ATS address field. Include the leading zeroes (example: 01, not 1).
 - f. Meridian (M) – Enter **3** to **6** (4, 5 or 6 in Alberta, 3 in Lloydminster, Saskatchewan). This is a mandatory ATS address field.
2. Subdivided parcel – The default address scheme for urban Alberta, it has three components: plan, block and lot. Subdivided parcels always have a plan number, but the block or lot or both may be unassigned.
3. Municipal address – A secondary address scheme for larger urban centres and counties. Although a municipal address can be structured with three or more components, the 2024 AY RFI inventory file only needs the concatenated values in this column. Do not use Canada Post mailing addresses. Although they may share components and component values, they are not the same.
4. Geographic coordinates – The universal address scheme for all of Alberta, it has two components: latitude and longitude.
 - a. NAD83 latitude. Enter decimal degrees from **49.000000** to **60.000000** (approximate range). Report up to six decimal points.
 - b. NAD83 longitude. Enter decimal degrees from **-110.000000** to **-120.000000** (approximate range). Report up to six decimal points.

Project costs and excluded costs

Electric power generation continues to be assessed based on the total project costs. The associated inventory must be reported with the total project costs reported for each year of construction. There are four components to report:

1. Construction cost year (CostYr) – Enter the year in which the inventory associated with the 2024 AY RFI record was first constructed or capable of being used in Alberta. All construction cost years need to be reported as a separate 2024 AY RFI record.
2. Total project costs (ProjCost) – Enter the **total** project costs for the construction cost year for all inventory associated with the 2024 AY RFI record.
 - a. Total excluded project costs claimed (TotalCcrGded) – Enter the total amount of excluded project costs per the Municipal Government Act and CCRG. Enter zero (0) if the excluded costs are unknown or are not applicable.
3. Total project cost documents (CostSrce) – Enter the AFE, project, account or other corporate records that contain the project cost details. Please provide a copy of these documents to submit with your 2024 AY RFI Return.
4. Review “What do you include with your 2024 AY RFI Return?” to assist in compiling your 2024 AY RFI Return.
