Designated industrial linear property operator's responsibility / purpose of the 2024 assessment year request for information

Under sections 292, 294, and 295(1) of the *Municipal Government Act* and parts 9-12 of The Lloydminster Charter, all designated industrial linear property operators in the Province of Alberta and the City of Lloydminster, Saskatchewan are required to provide a report relating to the designated industrial linear property when requested by the assessor.

The 2024 Assessment Year Request for Information (2024 AY RFI) Reference Guide provides the required steps for the operators of railway property to prepare a fully compliant 2024 AY RFI Return.

The 2024 AY RFI and other material provide direction and explain the circumstances you will need to update/modify the enclosed pre-populated 2024 AY RFI Excel file (**Company Number_RFI_SELF_REPORTED_RL_2024.xls**). The 2024 AY RFI also provides direction and explains the circumstances under which you are required to send copies of other documents as part of your 2024 AY RFI Return.

You must report all information and provide all documentation requested in the 2024 AY RFI by November 13, 2024 to accurately report the railway inventory, you own as of October 31, 2024.

2024 AY request for information return declaration form

This form is to ensure your contact information is up to date and the 2024 AY RFI Return has been filled out in compliance with the 2024 AY RFI. This form must be completed, signed and included with the 2024 AY RFI Return by November 13, 2024.

Supplementary assessment for 2024 tax year

Please review the "Supplementary Assessment for Designated Industrial Linear Property" document in this 2024 AY RFI communication package.

Terminology

'Plain language' and industry-familiar terminologies have been used in the 2024 AY RFI whenever possible. The 2024 AY RFI is a legal document that deals with technically complex subjects. Review the following "Terms and Definitions" section for the meaning of key words used in the 2024 AY RFI. Also, review the Appendix for expanded reporting instructions for common inventory file elements and cross-references between industry-familiar terminologies used in the 2024 AY RFI.

- (o) **Supplementary Assessments** as referenced in section 313 of the *Municipal Government Act*.

General information

What information must you report in the inventory file?

You must report all the information requested in the 2024 AY RFI and provide supporting documents where requested. The 2024 AY RFI provides detailed instructions to assist you to prepare a fully compliant 2024 AY RFI Return.

If you own any railway property in Alberta as of October 31, 2024, and have changed the inventory (class, traffic, abandoned, quantity of inventory new, purchased, sold, decommissioned, removed) which has been pre-populated on the 2024AY RFI Excel file, you must complete and submit an inventory file as your 2024 AY RFI Return.

To get you started, your current designated industrial linear property inventory has been pre-populated in your 2024 AY RFI Excel file with the best information known to the assessor. If the:

- pre-populated information is correct, and you have no changes, then submit the Excel file as your 2024 AY RFI Return to the Assessment Services Branch. For further instructions, please go to the section “Filing your 2024 AY RFI Return” in this document.
- pre-populated information is incorrect or otherwise deficient or inaccurate, you must update the pre-populated information with additions, deletions and changes as required, to reflect your inventory as of October 31, 2024. **This will assist the assessor in determining if the inventory is designated industrial linear property or not.**

Publications that may assist you are:

- a. Municipal Government Act,
- b. Freedom of Information and Protection of Privacy Act,
- c. Matters Relating to Assessment and Taxation Regulations
- d. Matters Relating to Assessment Complaints Regulation.

All may be purchased from the Alberta King's Printer Bookstore. Other regulations are also available on the same site. For more information, visit the King's Printer website at <https://www.alberta.ca/alberta-kings-printer.aspx>.

What do you include with your 2024 AY RFI Return and what records do you keep?

Unless specifically requested in the 2024 AY RFI, documentation to support reported inventory details (including locations and, when applicable, total project costs) does not have to be filed with the 2024 AY RFI Return. The operator should retain all supporting documents until at least December 31, 2027, in case the assessor requests them for verification of the 2024 AY RFI Return.

Filing your 2024 AY RFI Return

2024 AY RFI Returns may be e-mailed to ma.alpasmail@gov.ab.ca

2024 AY RFI Returns may be mailed, couriered or hand delivered to:

Provincial Assessor
Assessment Services Branch
Municipal Affairs

Edmonton AB T5J 4L4
Canada

All information reported to the assessor will be managed in accordance with the *Municipal Government Act* and the Freedom of Information and Protection of Privacy Act.

It is your statutory duty (per section 295 of the *Municipal Government Act* and parts 9-12 of The Lloydminster Charter) to ensure that the

**Submit your 2024 AY
RFI Return to the
Assessment
Services Branch no
later than November
13, 2024**

2024 AY RFI Return is complete and accurate as the information contained therein will be relied upon by the assessor for the 2025 tax year and where applicable, the 2024 tax year Supplementary Assessment.

What happens to your 2024 AY RFI Return after the assessor receives it?

The assessor will review your submission and may ask for additional information to clarify or support your 2024 AY RFI Return. This information will be used to prepare your 2024 designated industrial linear property assessment for property taxation in 2025 and where applicable, the 2024 tax year Supplementary Assessment.

As previously mentioned, depending on the location of the property, a 2024 tax year Supplementary Assessment may be created. Please review the “Supplementary Assessment for Designated Industrial Linear Property” document included in this RFI communication package.

What are the consequences of not filing a 2024 AY RFI Return by November 13, 2024?

You will not be compliant with legislation if your 2024 AY RFI Return is not received by November 13, 2024.

If the operator does not provide the requested information the assessor must prepare the assessment as well as, any Supplementary Assessment, using any other source of information that the provincial assessor considers relevant, as at October 31 of the year prior to the year in which the tax is imposed under Part 10 in respect of the designated industrial linear property, section 292(2.1) (b) of the Municipal Government Act and parts 9-12 of The Lloydminster Charter.

The assessor must prepare the 2024 tax year Supplementary Assessment where applicable. Please see the “Supplementary Assessment for Designated Industrial Linear Property” document included in this RFI communication package.

The operator may lose the right to appeal to the Municipal Government Board in accordance with section 295(4) of the *Municipal Government Act* and parts 9-12 of The Lloydminster Charter.

The assessor may apply to the court to obtain the required information under section 296(1) of the *Municipal Government Act* and parts 9-12 of The Lloydminster Charter.

Instructions for reporting railway property Alberta on sheet 2 (TFAC)

Sheet 2 (TFAC) Railway inventory identification, Class, Traffic, length, and location information is required to complete the 2024 AY RFI report for Railway Property.

This location information can also be reported on a supporting GIS file. The supporting GIS file must be a geographic or projected MapInfo or ESRI (shape) file. Complete metadata (datum, projection, false easting, false northing, and scale reduction factor) must be provided. **Report only the geographic locations of the railway property in a GIS file.**

- If you are choosing to report railway property location on a supporting GIS file, complete Sheet 2 (TFAC) of your 2024 AY RFI inventory file (Col F through K) per the instructions below, but leave the Location - Allocation Area columns (C through E) and Location – Address columns (L through AI) blank; and
- The supporting GIS file must have an AsselInventID for each GIS record.

Note: The 2024 AY RFI inventory file (including the supporting GIS file) allows the operator to report up to four address schemes to describe the location of inventory; at least one **must** be reported.

Appendix - common reporting instructions

Record transaction (Trx)

The 2024 AY RFI inventory file is pre-populated with the best information known to the assessor. You must change the information as necessary to accurately reflect the inventory that you own as of October 31, 2024. The Trx column allows you to flag the records you have changed. Enter:

- **A** for new records (these records did not exist on the pre-populated inventory file); or
- **C** for changed records (these records are on the pre-populated inventory file, but the content is now different); or
- **D** for records that are no longer applicable as of October 31, 2024 (these records are on the pre-populated inventory file, but should not be used for the 2023 assessment year); or
- Leave the column blank if the entire record is identical (no changes) to the pre-populated inventory file.

Record type (RecType)

Find the type of inventory units to be reported in column 1, Table 5. Determine the type of 2024 AY RFI record (column 2) to report, the number of records required (column 4) and the sheet to report it on (column 3).

Location – address

The 2024 AY RFI inventory file uses four address schemes to describe the location of inventory. Report all applicable (or available) addresses. At least one of the “location – address” schemes **must** be reported.

1. Alberta Township System legal land parcel (un-subdivided) – The default address scheme for rural Alberta, it has six components:
 - a. Quarter section (QS) – Enter **NE, NW, SE, SW** or leave blank. Blank is valid when the exact location in the section is unknown, or an LSD is specified instead.
 - b. Legal subdivision (LSD) – Enter **01 to 16** or leave blank. Blank is valid when the exact location in the section is unknown, or a QS is specified instead.
 - c. Section (S) – Enter **01 to 36**. This is a mandatory ATS address field. Include the leading zeroes (example: 06, not 6).
 - d. Township (T) – Enter **001 to 126**. This is a mandatory ATS address field. Include the leading zeroes (example: 002, not 2).
 - e. Range (R) – Enter **01 to 30**. This is a mandatory ATS address field. Include the leading zeroes (example: 01, not 1).
 - f. Meridian (M) – Enter **3 to 6** (4, 5 or 6 in Alberta, 3 in Lloydminster, Saskatchewan). This is a mandatory ATS address field.
2. Subdivided parcel – The default address scheme for urban Alberta, it has three components: plan, block, and lot. Subdivided parcels always have a plan number, but the block or lot or both may be unassigned.
3. Municipal address – A secondary address scheme for larger urban centres and counties. Although a municipal address can be structured with three or more components, the 2024 AY RFI inventory file only needs the concatenated values in this column. Do not use Canada Post mailing addresses. Although they may share components and component values, they are not the same.
4. Geographic coordinates – The universal address scheme for all of Alberta, it has two components: latitude and longitude.
 - a. NAD83 latitude. Enter decimal degrees from **49.000000 to 60.000000** (approximate range). Report up to six decimal points.
 - b. NAD83 longitude. Enter decimal degrees from **-110.000000 to -120.000000** (approximate range). Report up to six decimal points.
