Notice of Non-Project Royalty (NPR) Royalty Adjustment Credits

As per the Non-Project Royalty (NPR) submission received on <date/time>, the following royalty adjustment credit(s) have resulted:

Production Month	Well Event Id	Credit Amount
-------------------------	----------------------	----------------------

The above adjustment(s) are identified on the Non-Project Royalty (NPR) Financial Transaction by Submission Report Request No: RXXXXXX.

The adjustment(s) are combined with the royalty adjustment charge(s) for the same production month, if applicable, and the net amount for each production month will appear on your Statement of Account.

This statement serves as notice under the Mines and Mineral Administration Regulation section 4. As per section 45(6) of the Oil Sands Royalty Regulation, 2009, the above royalty adjustment credit(s) will not accrue interest.

The royalty adjustment credit(s) may be applied against an amount required to be paid under the Regulation. Alternatively, if the royalty adjustment(s) and related interest result in an overall credit balance in the account, you may submit a formal written request to Alberta Energy to refund the balance. All written requests must be sent to the Oil Sands Report Mailbox at OSReport@gov.ab.ca. Please refer to Information Bulletin 2012-16 for further information on credit balances on your account.
