

Auditor

APS Minimum Recruitment Standards

Opted Out and Excluded

Effective Date:

June, 2002

Stream Definition:

Professional audit work applying accepted audit theories and principles, when conducting financial and/or management audits internal to the ministry or government. Auditor positions are engaged in independent review of activities within the organization that may include compliance audits or operational "value for money" audits, where complete objectivity is essential. Work at the senior levels involves planning audits, selecting audit procedures, recommending or selecting team members, providing instruction on methods, and selecting and establishing operating performance standards, and preparing reports on the findings.
