# Motor Vehicle Accident Claims Program (MVAC)

## Guide to Administrator's Forms

### About the Administrator's Forms

If you are injured in an accident caused by an uninsured or unknown driver and a judgment for personal injury cannot be paid by the uninsured party(ies), you can obtain payment through Motor Vehicle Accidents Claims (MVAC), upon completion of specific application forms.

These fillable and printable forms are available to the claimant, their lawyer or representative once it has been determined that MVAC will pay the judgment. Proper completion of the forms helps to speed processing of the payment.

Please carefully complete these forms in its entirety.

Note: Motor Vehicle Accident Claims cannot complete the forms on your behalf as MVAC is not the plaintiff's representative or agent. A lawyer is recommended to help you complete these forms.

General questions may be directed to [TBF.MVACJudgementForms@gov.ab.ca](mailto:TBF.MVACJudgementForms@gov.ab.ca)

### Completing the forms:

There are two types of claims where the Motor Vehicle Accident Claims Program may be involved in paying a judgment:

1. Where the at-fault party(ies) is known and named in the judgment as having to pay.
2. Where the at-fault party(ies) is unknown and cannot be found, so a judgment has been made against the Administrator of The Motor Vehicle Accident Claims Act.

Improperly completed forms will be returned and you will be required to resubmit them, which will delay payment.

### Documents required and instructions

For each type of form, the follow documents are required:

#### Statutory Declaration (Form VI)

- Complete all fields on the form. Put "NA" or "Nil" for any items that are not applicable.
- When completing Item 18 (application for payment) list the amounts as awarded in the judgment. If claiming costs subsequent to judgment (for example, the costs of a process server), receipts must be attached to support the amount claimed.
- Ensure the plaintiff has signed the declaration, and that it has been witnessed by and in the presence of a Commissioner for Oaths.

## Assignment of Judgment (Form VIII)

This form is only required if there is a known defendant(s) that is required to pay. If the judgment is against the Administrator, this form is not required. **NOTE: must not be signed and dated until the Judgment has been granted.**

- Complete all fields on the form.
- The amount assigned to the Administrator **cannot be more** than the amount awarded in the judgment. Only those amounts awarded in the judgment can be assigned. Do not include any extras that are not in the judgment itself (i.e. subsequent costs, forms completion fee).
- Ensure the plaintiff (**assignor**) and the witness have signed and dated the assignment, **after** the date the judgment was granted. (For those unfamiliar with signing formal documents, the witness is to be present while the plaintiff signs in order for the document to be valid.)
- Leave the space for the **assignee's** signature at the bottom of the form blank. The Administrator of Motor Vehicle Accident Program signs there. Do not allow a process server or anyone else to stamp or write in this block.
- Ensure that the Affidavit of Execution is completed on the back of the form. This section affirms that the witness saw the plaintiff sign the document. A Commissioner for Oaths must then commission the signature of the witness.
- Serve a **copy** of the assignment of judgment on the defendant(s) (see notes about service later in this document). Complete an Affidavit of Service and have it sworn before a Commissioner for Oaths giving details as to how service was conducted. Affidavit of Service may be filed on the court file to complete the record, but it is not invalid if not filed
- Provide a **signed** assignment of judgment to MVAC

## Certificate

This form is only required if the plaintiff retained a lawyer to conduct their action

- Ensure that the plaintiff and witness have executed the upper part of the form.
- Ensure that the lawyer and witness have executed the lower part of the form, and it is dated.
- Provide the **signed** certificate to MVAC.

**Note:** MVAC will not reimburse legal fees or other charges for re-submission of forms that were incorrectly completed.

## Serving the Assignment

Pursuant to section 5(4) of the MVACA, the Assignment of Judgment must be served on the judgment debtor, and the Administrator must be provided with proof of service of the Assignment. Generally, service should be effected in accordance with Part 11 of the Alberta Rules of Court, unless a court order is obtained to dispense with service of the assignment, in accordance with Rule 11.29.

Court Orders allowing substitutional service or validating service of the assignment will generally be accepted by the Administrator as proof of service, if granted post-judgment based on current affidavit evidence, and not based on outdated searches conducted at earlier stages in the litigation.
