

INTERNATIONAL QUALIFICATIONS ASSESSMENT SERVICE (IQAS)

IQAS Assessment for Employment, Education, or Licensure

Country specific required academic documents

Contents

This is not an exhaustive list of countries. If your country of education is not on the list, please follow the IQAS general document requirements and submit: the awarded educational credential and transcript of record/mark sheet from the issuing authority.

It is an applicant's decision which credential they wish to submit for an IQAS assessment. In general, IQAS provides the following guidelines for selecting a credential depending on the type of assessment required:

- Basic Assessment – credential you require to be assessed
- Specialized Assessment – post-secondary credential and transcript with credits/hours
- Educational Assessment – secondary (high) school diploma or equivalent credential¹²³
 1. *equivalent credential refers to a credential that includes your secondary (high) school education. This could include credentials such as a technical/vocational diploma if your high school education was part of such a program.*
 2. *For the Philippines:*
*If your high school graduation was **prior to 2018**: post-secondary credential (incomplete/completed) or submit high school diploma if you do not have any post-secondary credential.*
*If your high school graduation was **in or after 2018**: high school diploma*
 3. *For British/Caribbean based education systems:*
General Certificate of Education (GCE) level credentials or equivalent (for example, O and A level)

Ensure that you upload all pages of the required documents in the IQAS application portal. Include translations for documents that are not in English. Note that country specific documents are examples of what to provide for your application. IQAS may request additional records/information after reviewing what is submitted.

Submitting documentation does not guarantee that an assessment can be issued. IQAS must review your application and documents before a decision is made based on our policies and guidelines. For awareness, IQAS does not assess professional/vocational training and designations or trades.

There are institutions that are not recognized/accepted by IQAS. While completing the application in the IQAS application portal, you may see a warning regarding institution's recognition or acceptance after selecting your institution from the lookup list. You are advised to carefully consider whether you wish to proceed with your application when a warning is displayed. IQAS application and courier fees are non-refundable.
