

# Implemented revision notices 2025 consultation areas

---

## Alexander First Nation – April 17, 2025

Attention Project Proponents:

An update to the consultation area which is used to direct consultation with the Alexander First Nation will be implemented as of April 17, 2025.

The Government of Alberta (GoA) has the right and responsibility to change the geographic area in which consultation with a particular First Nation is directed, as new information becomes available to the GoA regarding that First Nation's activities. The more the GoA's consultation area coincides with the geographic area in which First Nations members practice Treaty rights and traditional uses, the lower the risk of conflicts and the higher the probability of an effective consultation.

Where consultation on a project or initiative has commenced prior to the effective date, then that consultation should ordinarily be completed as previously intended. For project-specific issues arising from this transition, please discuss with GoA consultation staff.
