About the CPS High-Risk Offender Program

The Calgary Police Service [High-Risk Offender Program](#) (HROP) monitors offenders who have been released by the courts to the Calgary community and who have been determined to have a high-risk to reoffend in a violent or sexual manner. With our law enforcement partners, officers in HROP assess an offender's risk factors and use a number of tactics to ensure they are abiding by court-imposed conditions to manage their risk to the community. Court-imposed conditions can include the use of electronic monitoring, prohibitions on weapons, drugs and alcohol, mandated counselling and treatment, curfews and other relevant restrictions.
