

ARLO - Purchasing Survey Plans

August 2026 Release - Reference Guide

This **Reference Guide** provides an overview of new and enhanced features introduced in the **Alberta Registry for Land Online (ARLO)** August 2026 release.

This guide is designed to support ARLO users to navigate new or updated ARLO capabilities. It is equipped with easy-to-follow instructions and helpful visual aids.

Searching and Purchasing Survey Plans Overview

This Reference Guide outlines how to search and purchase survey plans utilizing the **search and parcel map** function.

The guide is split up into the following sections:

1. Searching for Survey Plans using the Search Function and the ARLO Parcel Map
2. Purchasing Survey Plans via Credit Card and Charge Account

Table of Contents

SEARCHING FOR SURVEY PLANS USING THE SEARCH FUNCTION AND THE ARLO PARCEL MAP

 1. Find Survey Plans via Search Land Records

 2. Find Survey Plans via the ARLO Parcel Map

PURCHASING SURVEY PLANS VIA CREDIT CARD AND CHARGE ACCOUNT

 3. Purchase Survey Plans via Credit Card

 4. Purchase Survey Plans using a Charge Account

1. Find Survey Plans via Search Land Records

Introduction

In this section, you will understand how to:

- Perform survey plan searches using available search criteria
- Preview survey plans before purchase
- Clear search results
- Purchase survey plans via credit card and charge account

Instructions

From the ARLO home page, select **Survey plans** from the Search land records landing page.

Search land records

Use the search tool to find land titles, survey plans, and registered documents. Results may include ownership information, registrations, and other property details.

The screenshot shows a web interface for searching land records. It features two main dropdown menus: 'Product' and 'Search type'. The 'Product' menu is currently open, displaying a list of options. The 'Search type' menu is set to 'Document number'. A blue 'Search' button is positioned to the right of the dropdowns.

Product	Search type
Registered documents	Document number
Titles	
Survey plans	
Registered documents	
Township plans	
Alberta Survey Control Markers (ASCM)	
Field notes	

1

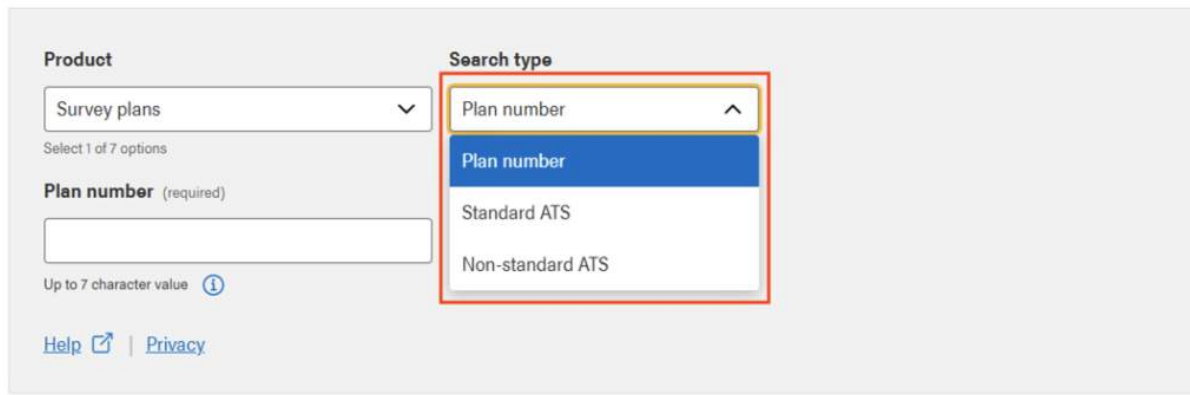

Select your search type

After selecting **Survey plans**, select the search type you wish to use: **Plan number**, **Standard ATS (Alberta Township System)**, or **Non-standard ATS**.

- **Plan Number:** Plan numbers identify a specific survey plan and are commonly used for urban or subdivided land
- **Standard ATS:** Identify land surveyed using Alberta's township grid system. These are common for rural properties.
- **Non-standard ATS:** variations of the ATS format, commonly used for older, historic, or irregular parcels of land

Search land records

Use the search tool to find land titles, survey plans, and registered documents. Results may include ownership information, registrations, and other property details.

The screenshot shows the 'Search land records' form. The 'Product' dropdown is set to 'Survey plans'. The 'Search type' dropdown is open, showing three options: 'Plan number' (highlighted in blue), 'Standard ATS', and 'Non-standard ATS'. The 'Plan number' input field is empty, and the 'Search' button is not yet visible.

Select one of the above search type and enter the appropriate search criteria, then select the search button.

For this section, **Plan number** has been selected as the search type, and the desired plan number was entered in the image below.

Search land records

Use the search tool to find land titles, survey plans, and registered documents. Results may include ownership information, registrations, and other property details.

The screenshot shows the 'Search land records' form with the 'Search type' dropdown set to 'Plan number'. The 'Plan number' input field now contains the value '9820001'. The 'Search' button is highlighted with a red box.

Search

[Help](#) | [Privacy](#)

The survey plan information will appear, with the following details displayed:

- Plan Number: A unique identifier assigned when a survey plan is registered with Alberta Land Titles
- Legal Description: The Legal Description column in the survey plan search results identifies where the plan is located within the ATS system, which is the grid-based survey framework used to describe land in Alberta. This description is for ATS reference only and is not the same legal description that appears on a land title.
- Plan Type: The plan type describes the purpose of the survey plan and how it defines the land. Knowing the plan type helps you confirm whether the plan contains the information you need. For more information on different plan types see [Survey plans overview](#)

From here, you can either add the survey plan to your cart or preview the plan. Please ensure to select the **cart** icon to add the document to your cart for purchase. The purchase process will be outlined in the Purchase Survey Plans sections.

1 survey plan result [View](#)

Plan number	Legal description	Plan type	Add to cart
9820001	6 ; 9 ; 79 ; 26 ; NW	Right of Way Plan	\$2.00

Showing 1 - 1 of 1 items Page 1 of 1 [Previous](#) [Next](#) Rows per page

3

Preview Survey Plans

If you want to preview the survey plan before you purchase, select the **View** button

1 survey plan result [View results on map](#)

Plan number	Legal description	Plan type	Add to cart	Actions
9820001	6 ; 9 ; 79 ; 26 ; NW	Right of Way Plan	\$2.00	View

Showing 1 - 1 of 1 items Page 1 of 1 [Previous](#) [Next](#) Rows per page 10

After selecting the **View** button, you will be able to view the following information associated with the plan:

- **Overview:** Plan Type, Legal Description and Municipality
- **Low-resolution preview:** Provides a low-resolution of the survey plan. A high-resolution version will be available upon purchase

\$2.99 CAD

2. Find Survey Plans via the ARLO Parcel Map

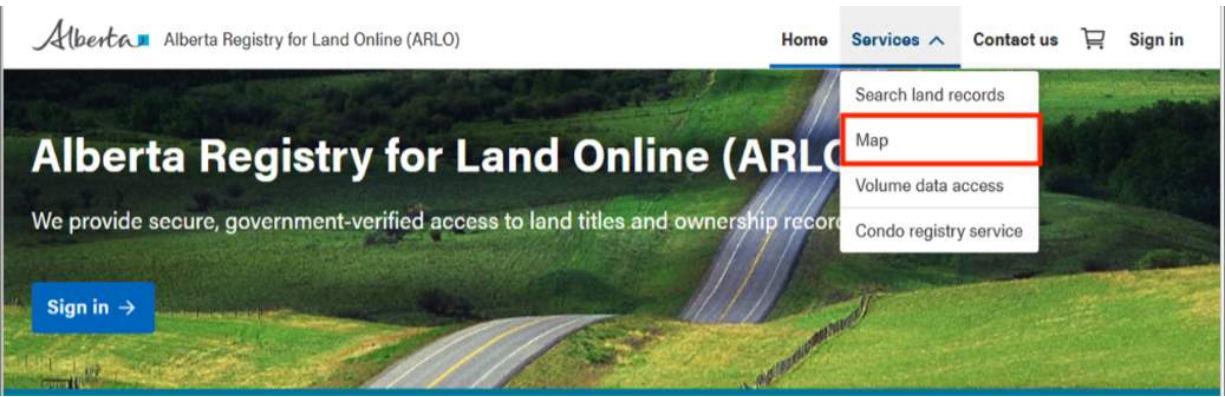

Instructions

This section outlines how to access the ARLO parcel map and use it to search for survey plans, including how to:

- Access and navigate the map
- Search for a survey plan using Product, Location, and Polygon search options
- Understand the search results
- Interact with survey plans on the map
- Clear and edit search results

Additional instructions and examples can be found within the [ARLO help centre](#).

From the ARLO menu, select **Services**, then select **Map**

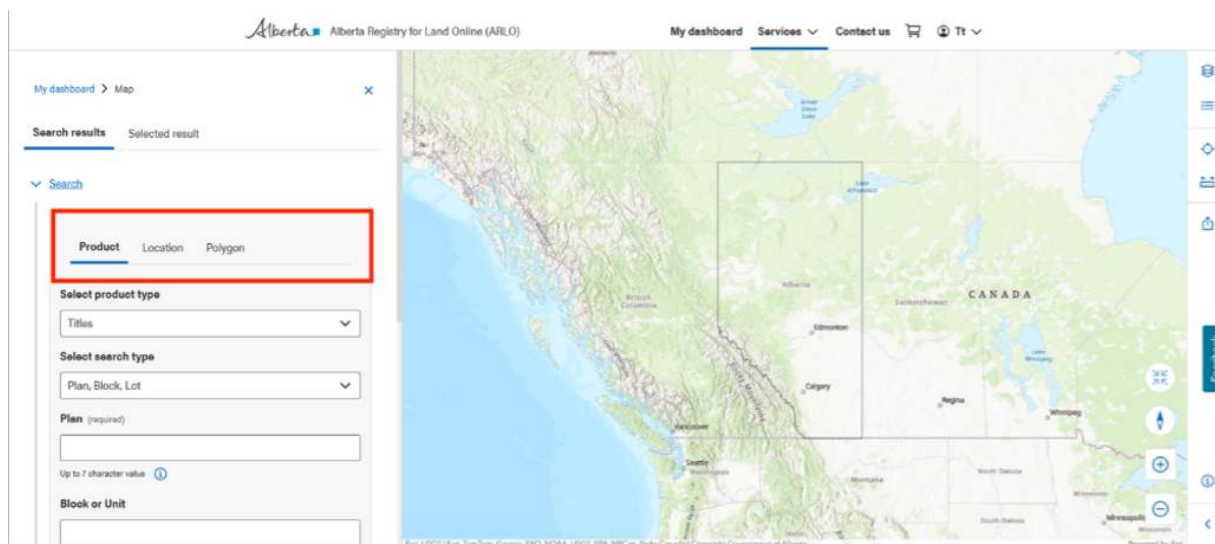

1

Select Search Method

Within the search section on the left side of the map, select one of the following tabs:

- **Product:** Search directly for the product you wish to find, either titles or survey plans
- **Location:** Zoom to an area on the map, then click on parcels or survey plans on the map
- **Polygon:** Draw a shape on the map to return titles or survey plans within that area

Note: The Product tab is selected by default.

2

Search by Product

1. Select **Survey plans** from the **Select product type** drop down menu

2. Choose a selection from the **Select search type** drop down menu.

Available options include:

a. Plan number

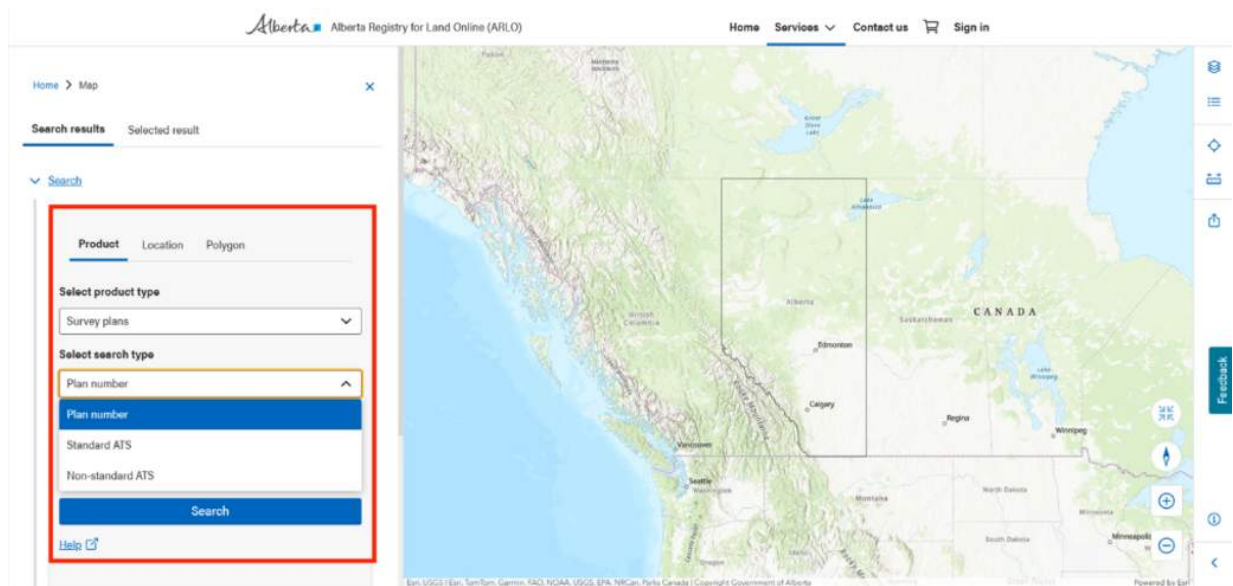

b. Standard ATS (Alberta Township System)

c. Non-standard ATS

3. Enter the required information in the related search fields based on the search type you have selected. E.g. if you have selected the **Plan number** search type, you will be required to enter the plan number.

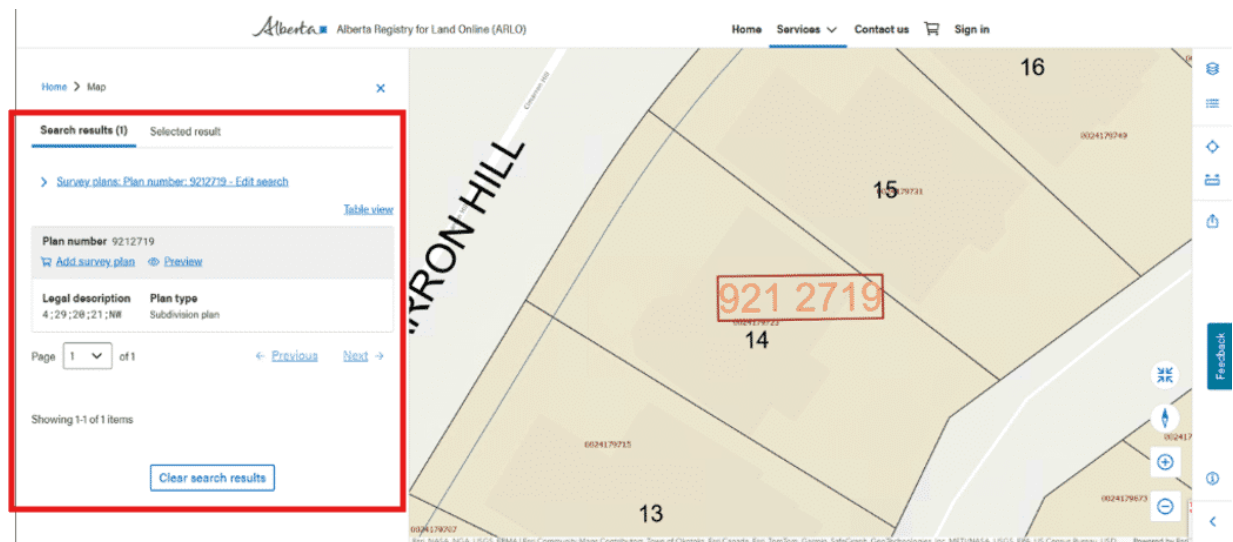

4. Click the **Search** button

Note: When changing the search type, the required search fields will update automatically

The map zooms to the location and highlights the relevant plan number(s).

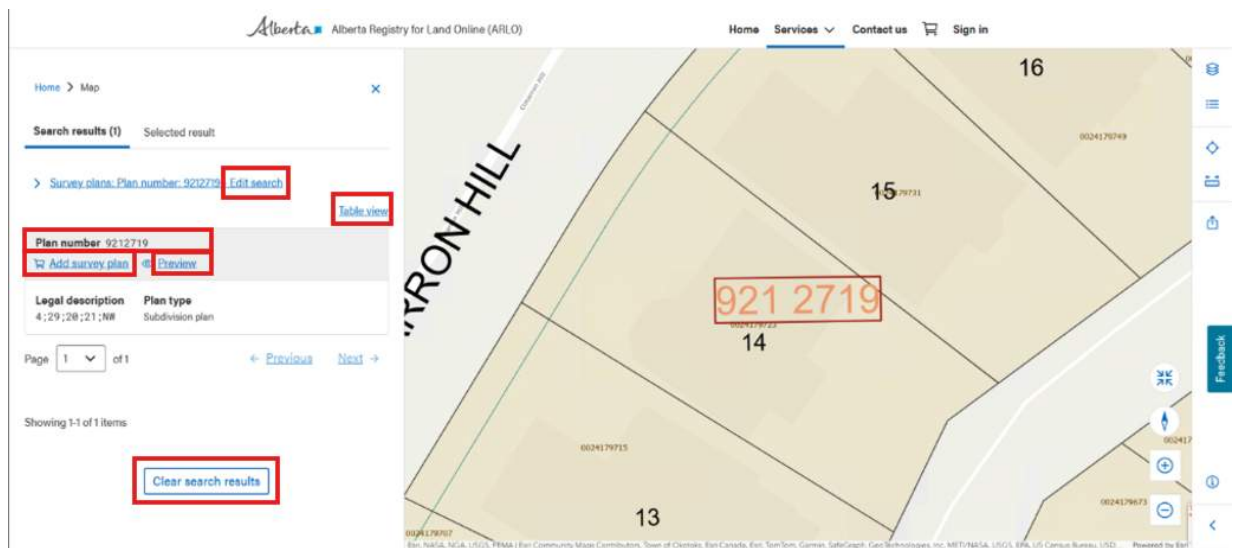

Survey plan information is displayed within the search results section.

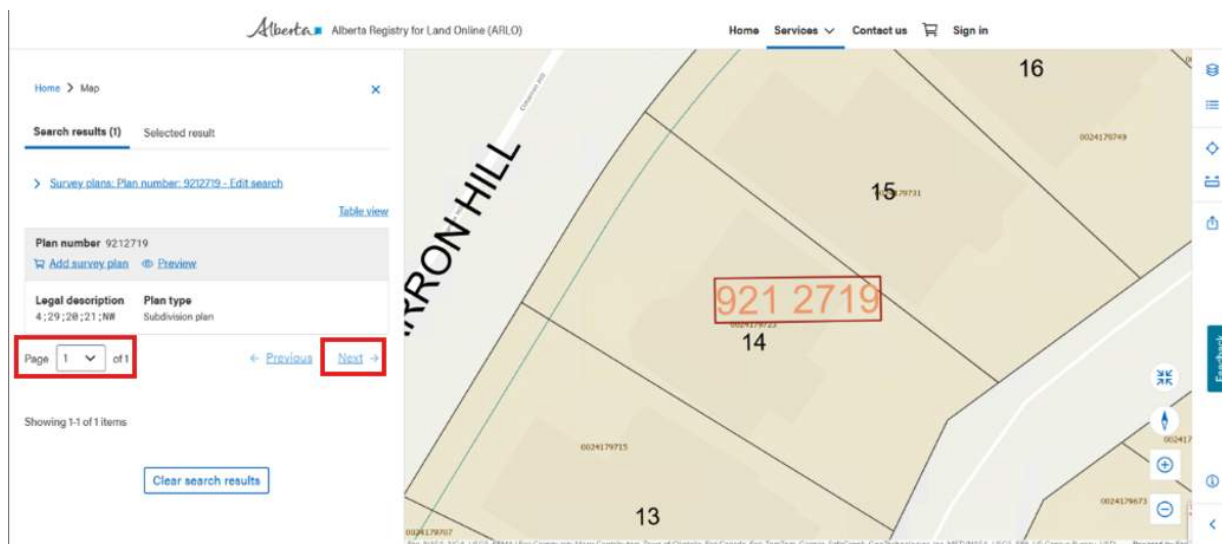

From here, you can:

- Select **Add survey plan** to add the full-resolution survey plan to your cart

- Select **Preview** to view a low-resolution version of the survey plan
- Click a search result from the list of search results on the left side or on the map to further highlight it and zoom in
- Select **Table view** to view the results in a table without the map view
- Select clear search results
- Edit search criteria by clicking the **Edit search** button

Note: The map displays 10 results at a time. Use the **page controls** or **Next** button to view additional results (when available) When advancing to another page, the map will reposition accordingly to load the results.

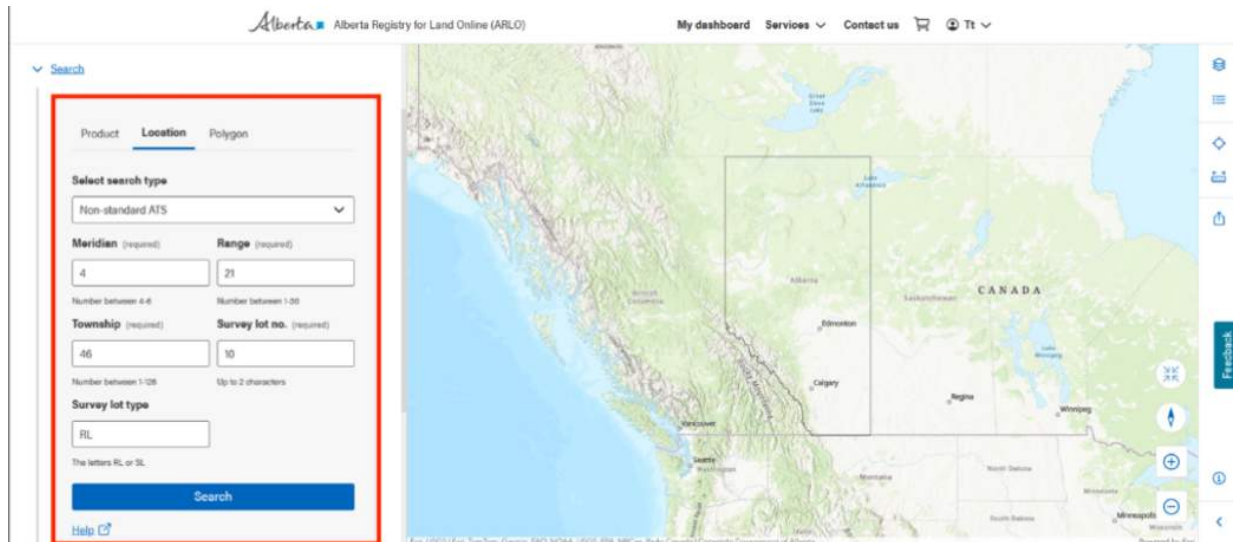

3

Search by Location

Use Location search to zoom the map to a specific area.

1. Select the **Location** tab on the map search page. Please note, you will need to be signed in to use Location search
2. Select a search type. In the images below, Non-standard ATS has been selected but Standard ATS, Municipality, and Settlement are also available search types.
3. Enter the required information in the related search fields based on the search type you have selected. E.g. if you have selected the **Non-standard ATS** search type, you will be required to enter the meridian, range, township, and survey lot number. You will also have the option to include the survey lot type in your search if you wish.
4. Click the **Search** button.

The map zooms to the Non-standard ATS location.

Note: No survey plan information is displayed within the search results section.

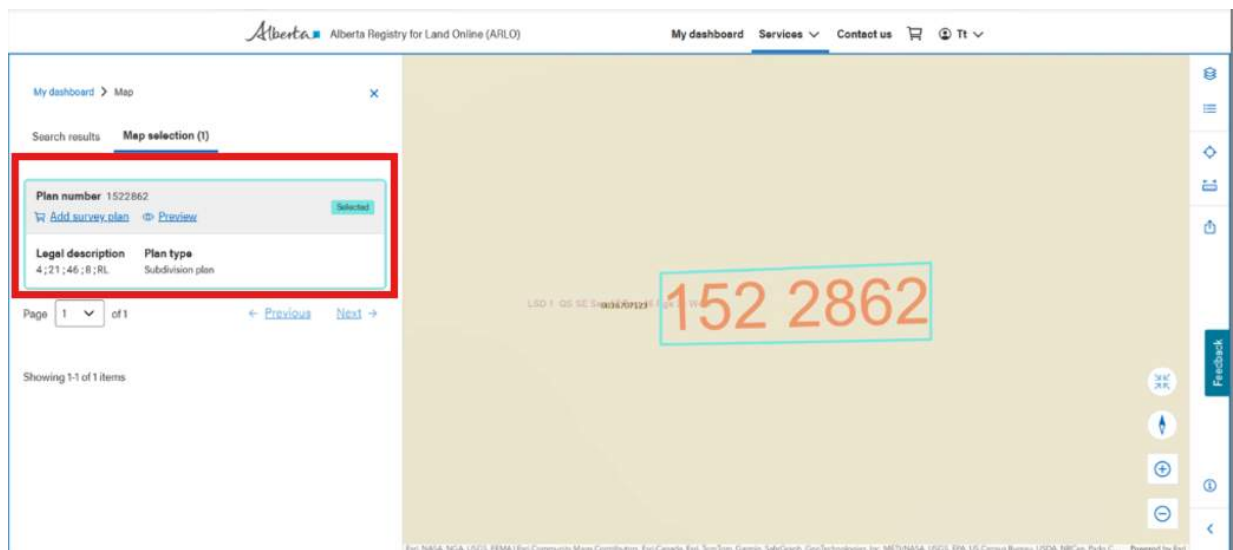

To view ATS boundaries on the map, turn on the ATS layer by selecting the **layers** icon on the right side of the screen, selecting the arrow next to **Survey systems and markers** and selecting the checkbox for **Alberta Township System (ATS)**.

To view a survey plan details, select the plan number you wish to view. **Note:** be sure you are zoomed in enough to see the plan numbers on the map.

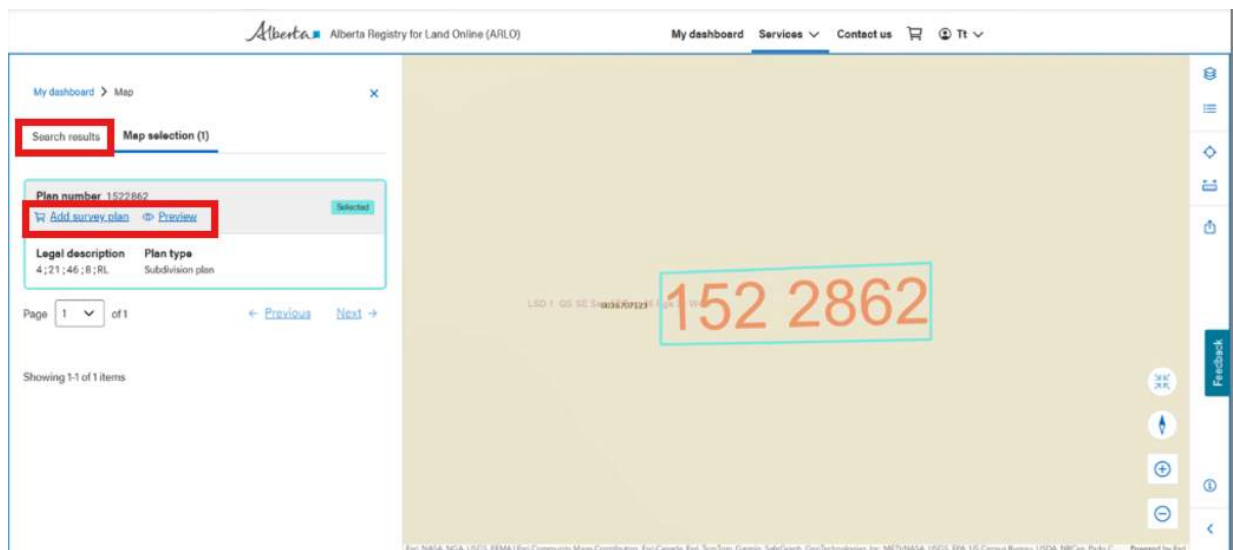

The survey plan details will appear in the map selection window on the left of the screen and the map will zoom in on the selected plan number.

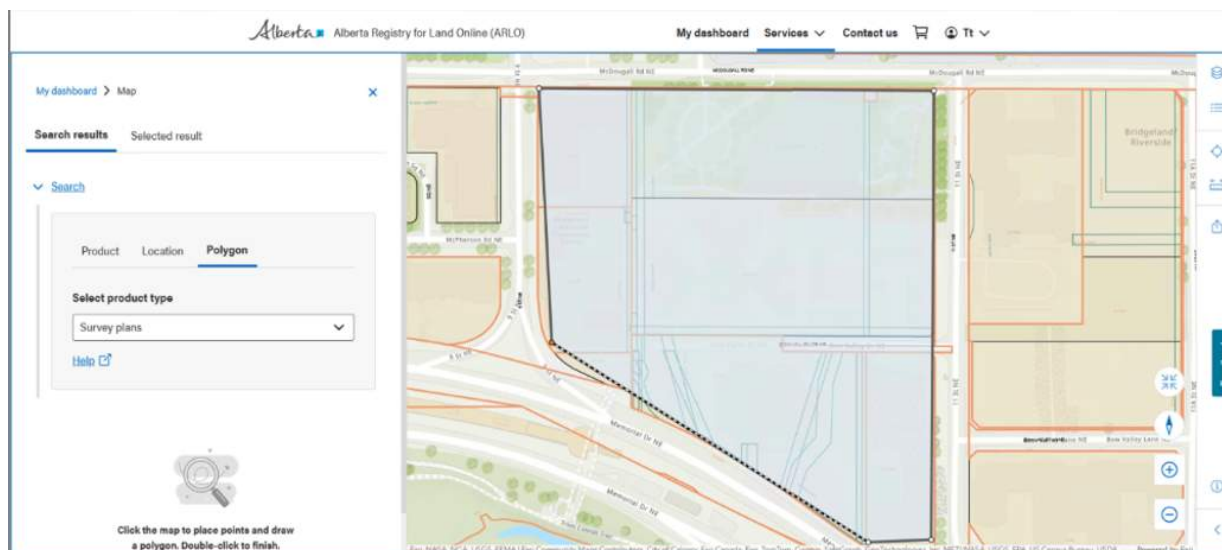

From here, you can:

- Select **Add survey plan** to add the full-resolution survey plan to your cart
- Select **Preview** to view a low-resolution version of the survey plan
- Click the **Search results** tab to clear the map selection or start a new search

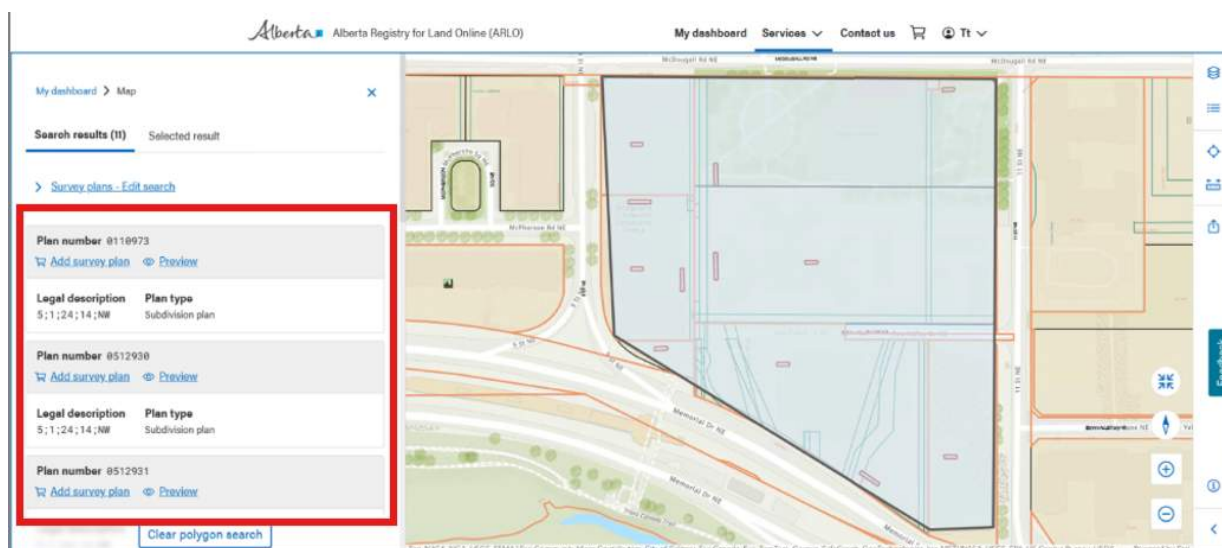

Use Polygon search to draw a shape on the map and return survey plans within that area

1. Select the **Polygon** tab on the map search page. Please note, you will need to be signed in to use Polygon search
2. Choose Survey plans from the **Select product type** drop down menu.
Note: Make sure you're zoomed in far enough on the map to see the plan numbers on the screen.
3. Navigate to your desired area using the zoom and holding the left click on your mouse or trackpad. Left click once on the map to place your first point.
4. Continue clicking to draw the shape. **Note:** If you make a mistake, click the ESC key on your keyboard to start over.
5. Double-click to finish the polygon and view results.

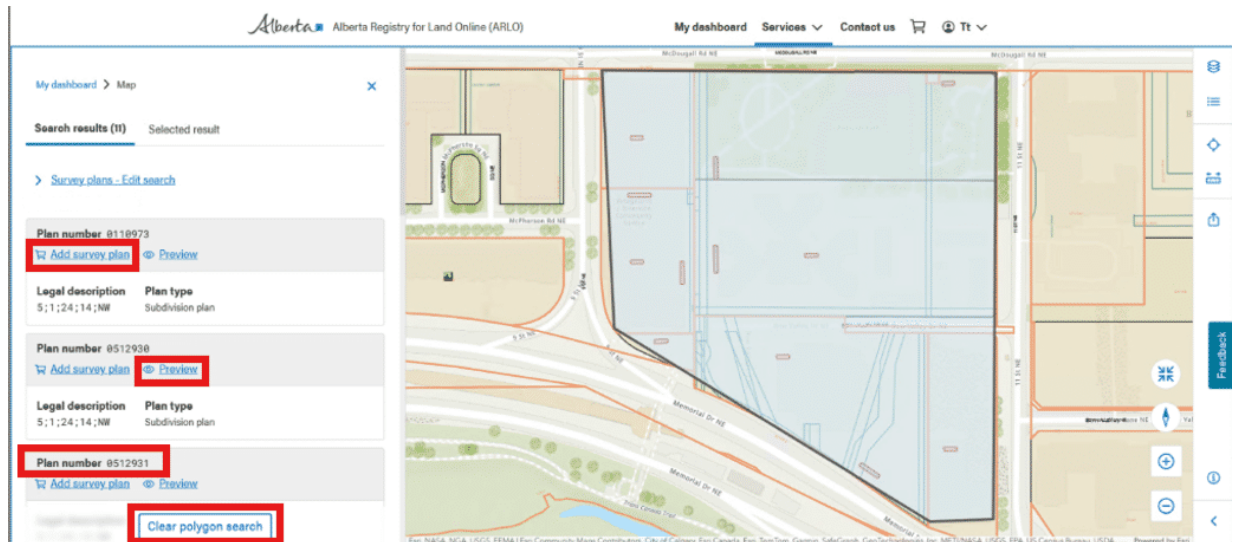

The search results will display in the left-side panel and will be highlighted on the map. **Note:** Results include plan numbers located fully or partially within the polygon.

From here, you can:

- Select **Add survey plan** to add the full-resolution survey plan to your cart
- Select **Preview** to view a low-resolution version of the survey plan

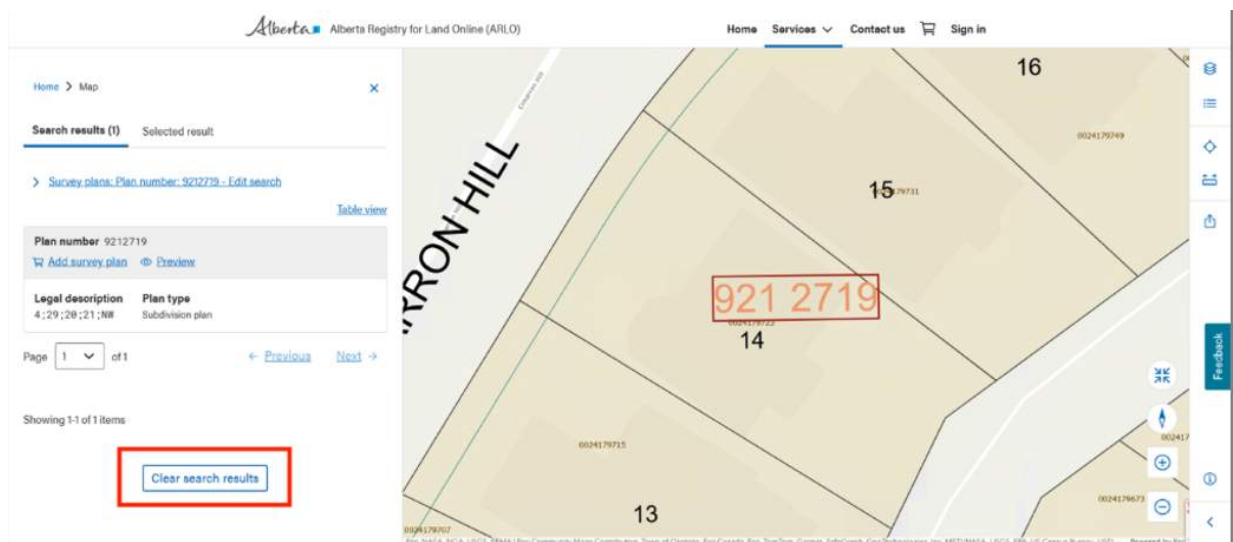

- Select a result to see more details and zoom to its location
- Clear polygon search or edit search criteria (see below section for more details)

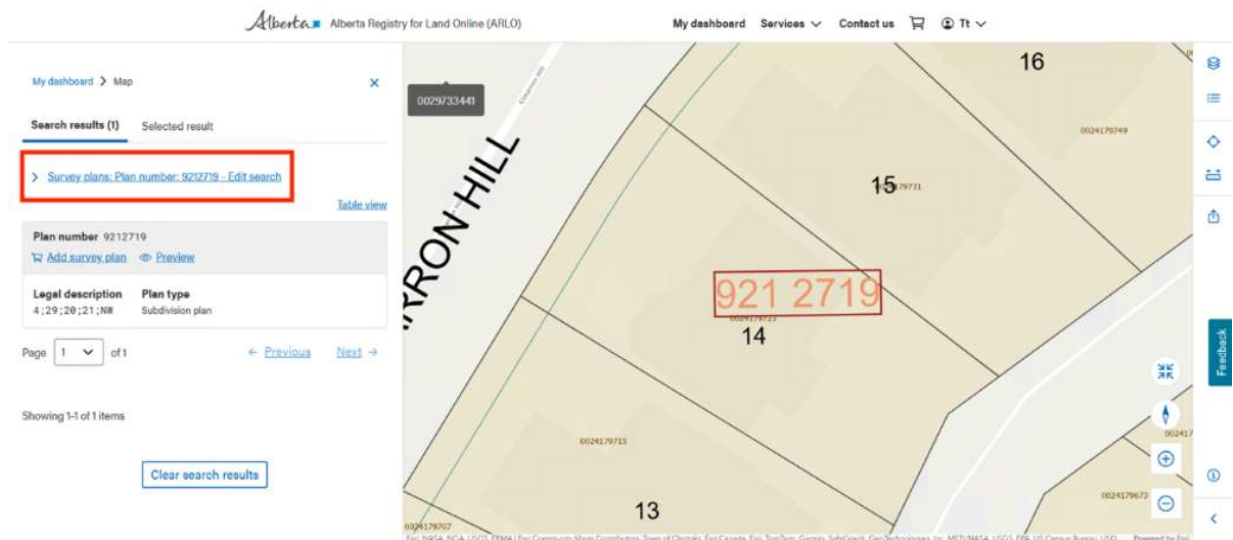

5

Clear Search Results

Select the Clear search results button (or Clear polygon search button) at the bottom of the page to clear search criteria and reset the search form, remove search results in the side panel, or remove highlights from the map.

You can also select **Edit search** to expand the search options, change the search criteria, clear existing search results, and search again.

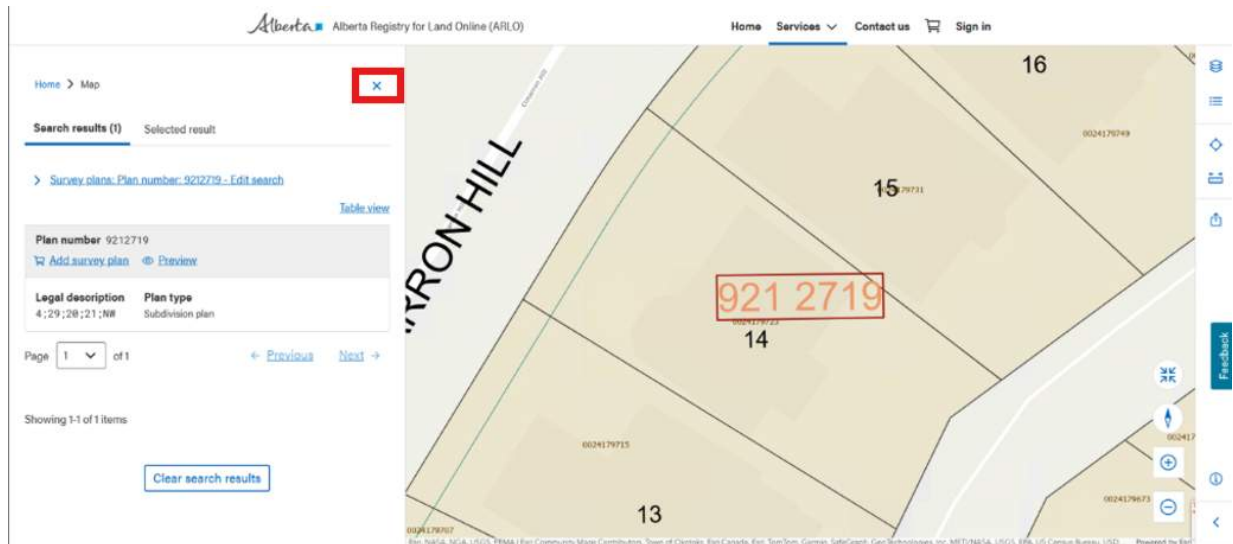

6

Interact with Survey Plans on the Map

To interact with the survey plans on the map, you can:

- Close the search panel by clicking the "x" in the panel's top right corner to view more of the map at one time

- Use your mouse to hove over a an area on the map and see the related LINC number

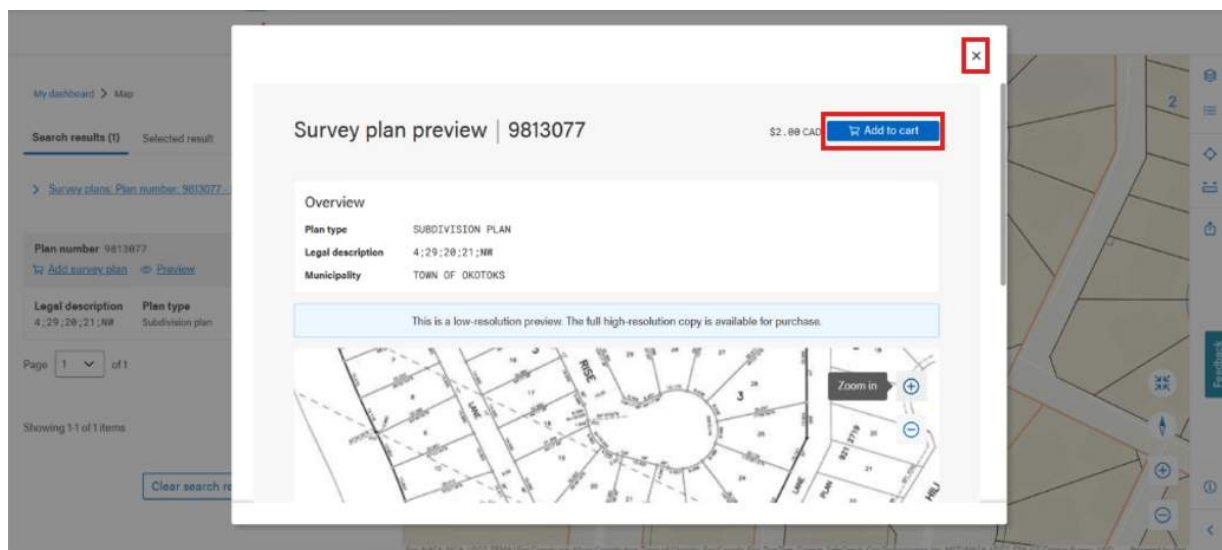

- Select the area of the map that has the desired plan number number to view details and zoom to it
- From here, you can select **Add survey plan** to add the full-resolution survey plan to your cart or select **Preview** to view a low-resolution version of the survey plan. Click the **Search results** tab to clear the map selection or start a new search.

When you select the **Preview** button, a overview and a low-resolution visual of the survey plan will pop up in a new window. When viewing the low-resolution image you can use the built in controls to zoom in and out, hover your mouse over the image and use your scroll wheel to zoom in and out, or hover your mouse over the image and zoom in and out using your track pad.

- Select the **Add to cart** button to add the high-resolution version of the survey plan to your cart
- Click the **X** button in the upper right corner or anywhere outside of the window to close the preview

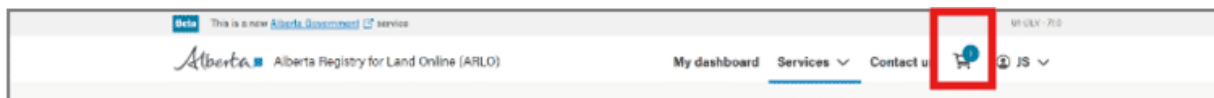

[Click here to return to the Table of Contents](#)

3. Purchase Survey Plans via Credit Card

Instructions

To purchase the survey plan(s) you have added to your cart, select the cart icon on the top right of your screen to go to the Cart.

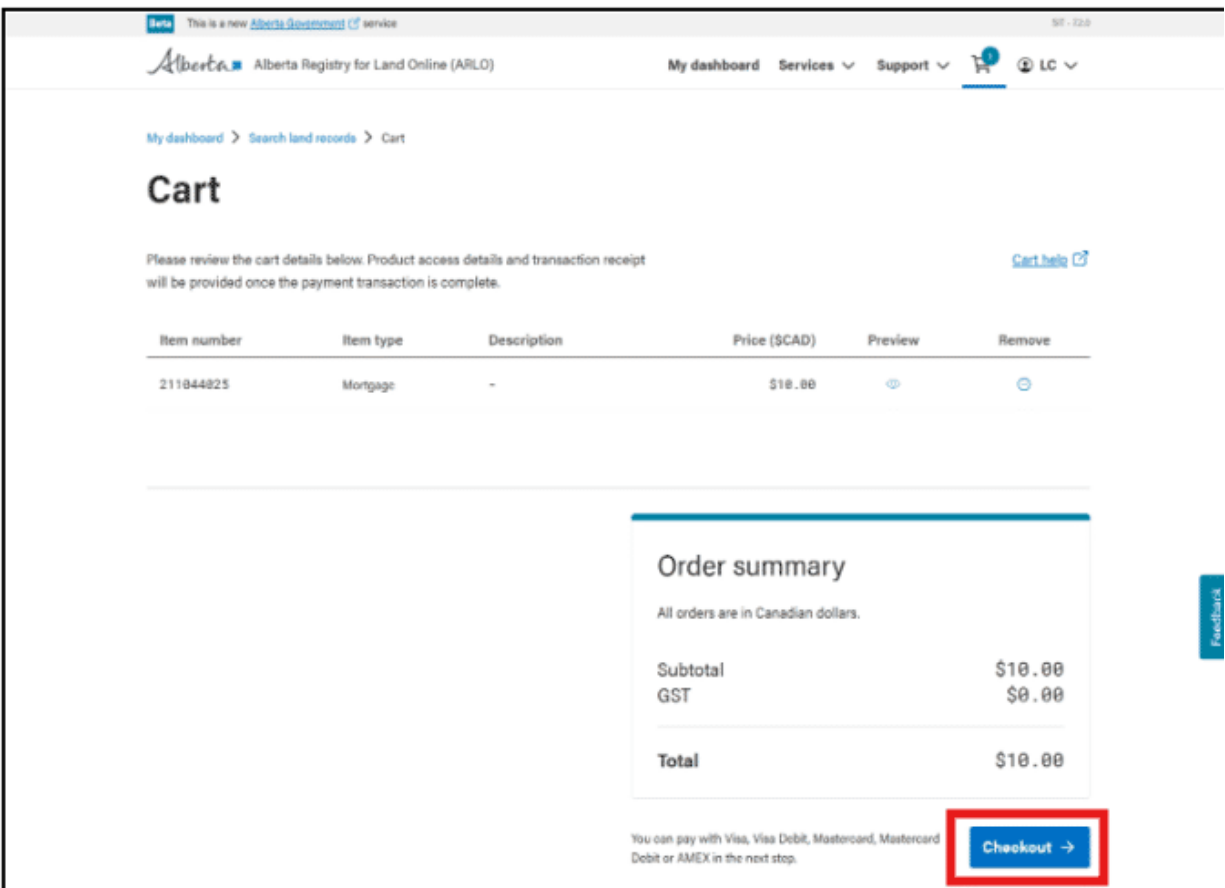

If you are a credit card paying customer, you will follow the below process. If you have a charge account, please see the **Purchase Survey Plans with a Charge Account** section of this Reference Guide for the charge account process.

Process for Purchasing with a Credit Card

1

Select the **Checkout** button.

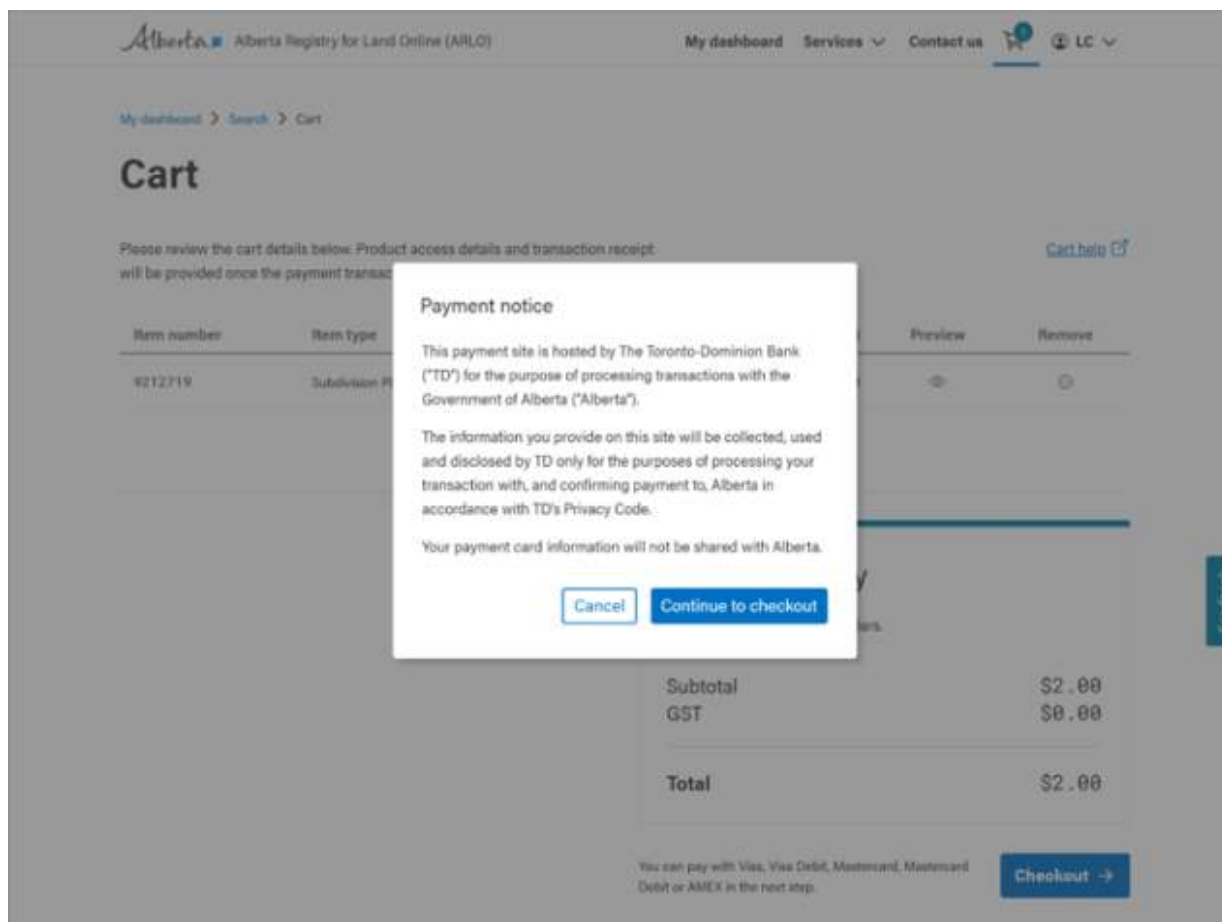

2

You will be shown a 'Payment Notice' pop-up providing you information on Toronto Dominion Bank's data collection process.

3

Select **Continue to Checkout** if you agree to the terms

4

You will then be brought to the payment information screen where you will be able to enter your desired payment details. Once you have entered in your details, select the **Submit Payment** option.
