Standard Drawings – Section 3: Foundation Piles

Drawing No.	Drawing Description	Current Revision
S-1850-20	Standard Steel Pile Details	REV -

Standard Specifications for Bridge Construction

Referenced Standard Drawings

Standard Drawings – Section 4: Cast-in-Place Concrete

Drawing No.	Drawing Description	Current Revision
S-1409-20	Standard Concrete Slope Protection	REV -
S-1412-20	Standard Cast-in-Place Concrete Construction Joints	REV 1
S-1838-20	Standard Waterproofing System for Deck and Abutments – Sheet 1	REV -
S-1839-20	Standard Waterproofing System for Deck and Abutments – Sheet 2	REV -
S-1840-20	Standard Waterproofing System for Deck and Abutments – Sheet 3	REV -
S-1851-20	Standard Concrete Sealer Surface Treatment for Major Bridges	REV -
S-1852-20	Standard Concrete Sealer Surface Treatment for Standard Bridges	REV -

Standard Drawings – Section 7: Precast Concrete Units

Drawing No.	Drawing Description	Current Revision
S-1851-20	Standard Concrete Sealer Surface Treatment for Major Bridges	REV -
S-1852-20	Standard Concrete Sealer Surface Treatment for Standard Bridges	REV -

Standard Specifications for Bridge Construction

Referenced Standard Drawings

Standard Drawings – Section 9: Drain Troughs

Drawing No.	Drawing Description	Current Revision
S-1841-20	Standard Drain Trough for Conventional Abutments	REV -
S-1842-20	Standard Drain Trough for Grade Separation with Integral Abutments	REV -
S-1843-20	Standard Drain Trough for Water Crossing Bridges with Integral Abutments	REV -

Standard Drawings – Section 13: Miscellaneous Iron

Drawing No.	Drawing Description	Current Revision
S-1847-20	Standard Identification Plaques and Benchmark Tablets	REV -
S-1848-20	Standard Identification Tags	REV -

Standard Specifications for Bridge Construction

Referenced Standard Drawings

Standard Drawings – Section 16: Waterproofing

Drawing No.	Drawing Description	Current Revision
S-1838-20	Standard Waterproofing System for Deck and Abutments – Sheet 1	REV -
S-1839-20	Standard Waterproofing System for Deck and Abutments – Sheet 2	REV -
S-1840-20	Standard Waterproofing System for Deck and Abutments – Sheet 3	REV -

Standard Drawings – Section 17: Asphalt Concrete Pavement

Drawing No.	Drawing Description	Current Revision
S-1840-20	Standard Waterproofing System for Deck and Abutments – Sheet 3	REV -

Standard Drawings – Section 18: CSP and SPCSP Structures

Drawing No.	Drawing Description	Current Revision
S-1418-20	Installation of CSP and SPCSP Structures	REV -
S-1847-20	Standard Identification Plaques and Benchmark Tablets	REV -
S-1848-20	Standard Identification Tags	REV -

Standard Specifications for Bridge Construction

Referenced Standard Drawings

Standard Drawings – Section 24: Overhead Sign Structures and Panels

Drawing No.	Drawing Description	Current Revision
S-1848-20	Standard Identification Tags	REV -

Standard Drawings – Section 25: Mechanically Stabilized Earth Walls

Drawing No.	Drawing Description	Current Revision
T-1680-20	Typical Barrier and Wingwall Details	REV 1

Standard Drawings – Section 26: RCP and PBC Structures

Drawing No.	Drawing Description	Current Revision
S-1847-20	Standard Identification Plaques and Benchmark Tablets	REV -
