

**If a permit has been issued pursuant to Section 62 of the *Traffic Safety Act* authorizing the movement of over dimension residual wood trucks, any and all of the following conditions shall apply in addition to any other conditions specified on the permit.**

**General Conditions of Permit**

1. Height cannot exceed 4.80 metres.
2. All other dimensions as regulated under [Commercial Vehicle Dimension and Weight Regulation](#).
3. Load must consist entirely of unsettled wood chips and residual wood products.
4. Any portion of the vehicle above 4.15 meters must be a soft body. This may include but is not limited to a tarp.
5. The driver must inspect the load within 40 km of origin and make any necessary adjustments to the load or tarp, to ensure load continues to be secured as required.
6. The [Commercial Vehicle Safety Regulation](#) and [National Safety Code \(NSC\) Standard 10](#) apply at all times.
7. Weights are limited as regulated under [Commercial Vehicle Dimension and Weight Regulation](#).
